

Under existing statutes and court decisions and assuming compliance with the tax covenants described herein, in the opinion of Hawkins, Delafield & Wood, Bond Counsel, interest on the Senior Series 1999B Bonds is not included in gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). Interest on the Senior Series 1999B Bonds will be treated as a tax preference item in calculating the alternative minimum tax imposed on individuals and corporations pursuant to the Code. Interest on the Senior Series 1999A Bonds is included in gross income for federal income tax purposes pursuant to the Code. Under existing statutes, the 1999 Bonds and the income thereon and the transfer thereof, including any profit made on the sale thereof, shall at all times be exempt from taxation or assessment of any type by the Commonwealth, its agencies and departments and by all political subdivisions within the Commonwealth. See "TAX MATTERS" herein for a description of certain other provisions of the Code that may affect the tax treatment of interest on the 1999 Bonds for certain bondholders.

The 1999 Bonds (as defined herein) are issuable in fully registered form and when issued shall be registered in the name of Cede & Co. as nominee for The Depository Trust Company, New York, New York ("DTC"), which shall act as securities depository for the 1999 Bonds. Purchasers of the 1999 Bonds will not receive certificates representing their beneficial ownership interests in the 1999 Bonds. Purchases and sales by the beneficial owners of the Senior Series 1999A Bonds shall be made in book entry form in the principal amount of \$50,000 or any integral multiple thereof. Purchases and sales of the Senior Series 1999B Bonds shall be made in book entry form in the principal amount of \$50,000 or any integral multiple thereof. See "BOOK-ENTRY SYSTEM" herein.

Payments of principal, redemption price, and interest with respect to the 1999 Bonds are to be made directly to DTC by Bank One, Kentucky, NA (the "Trustee" and "Paying Agent") or its successor Trustee, so long as DTC or Cede & Co. is the registered owner of the 1999 Bonds. Disbursements of such payments to DTC Participants (as defined herein) are the responsibility of DTC and the disbursements of such payments to the Beneficial Owners (as defined herein) are the responsibility of DTC Participants as more fully described herein.

The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are being issued by the Kentucky Higher Education Student Loan Corporation (the "Corporation"), an independent *de jure* municipal corporation and political subdivision of the Commonwealth of Kentucky, pursuant to the provisions of the 1997 General Bond Resolution (the "General Bond Resolution") adopted by the Corporation on May 9, 1997, and, respectively, to a Senior Series 1999A Resolution and a Senior Series 1999B Resolution (each a "Series Resolution") each adopted by the Corporation on June 16, 1999, to provide funds for the origination or purchase of Student Loans (as defined herein).

The Senior Series 1999A Bonds and the Senior Series 1999B Bonds (collectively, the "1999 Bonds") are being issued as Auction Rate Certificates-ARCsSM ("ARCs"). Interest on the Senior Series 1999A Bonds, prior to a change in the Interest Payment Date as described herein, shall be payable on the Business Day following the end of each Interest Period as described herein. Interest on the Senior Series 1999B Bonds, prior to any change in the Interest Payment Date as described herein, is payable on November 1, 1999 and semiannually on each May 1 and November 1 thereafter until maturity or earlier redemption. The 1999 Bonds are equivalent in right of payment under the General Bond Resolution with the Senior Series 1998A Bonds, the Senior Series 1998B Bonds and the Senior Series 1997-A Bonds, and with all other Senior Obligations which may be issued thereunder in the future, and are senior in right of payment under the General Bond Resolution to the Subordinate Series 1997-B Bonds, and to all other Senior Subordinate Obligations and all Subordinate Obligations which may be issued thereunder in the future. The 1999 Bonds are subject to redemption prior to maturity as described herein.

THE 1999 BONDS ARE SPECIAL AND LIMITED OBLIGATIONS OF THE CORPORATION, SECURED BY AND PAYABLE FROM SPECIFIC REVENUES, FUNDS, AND PROPERTIES PLEDGED THEREFOR AS HEREIN DESCRIBED. THE 1999 BONDS DO NOT CONSTITUTE A DEBT OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF. THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE 1999 BONDS IS NOT SECURED BY A PLEDGE OF THE FAITH AND CREDIT OR THE TAXING POWER OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF. KENTUCKY'S NAME IS ON THE 1999 BONDS FOR THE BENEFIT AND CONVENIENCE OF OTHER ENTITIES IN THE COMMONWEALTH. HOWEVER, THE ONLY SECURITY WHICH IS PLEDGED FOR THE 1999 BONDS IS THE INDEPENDENT REVENUES AND ASSETS FROM THE PROJECT. THE GENERAL ASSEMBLY DOES NOT INTEND TO APPROPRIATE ANY COMMONWEALTH FUNDS TO FULFILL THE FINANCED OBLIGATION REPRESENTED BY THE 1999 BONDS. THE CORPORATION HAS NO TAXING POWER.

The 1999 Bonds are offered when, as and if received by the Underwriter, subject to prior sale, to withdrawal or modification of the offer without notice and to the approval of legality by Hawkins, Delafield & Wood, New York, New York, Bond Counsel. Certain legal matters in connection with the 1999 Bonds will be passed upon for the Underwriter by its counsel, Krieg DeVault Alexander & Capehart, LLP, Indianapolis, Indiana. The 1999 Bonds are expected to be available for delivery in New York, New York on or about June 30, 1999.

OFFICIAL STATEMENT
KENTUCKY HIGHER EDUCATION STUDENT LOAN CORPORATION
\$51,350,000 Student Loan Revenue Bonds, Senior Series 1999A
\$23,650,000 Student Loan Revenue Bonds, Senior Series 1999B

INTRODUCTION

This Official Statement sets forth certain information concerning the Kentucky Higher Education Student Loan Corporation (the "Corporation"), an independent *de jure* municipal corporation and political subdivision of the Commonwealth of Kentucky (the "Commonwealth"), and its issue of \$51,350,000 in aggregate principal amount of Student Loan Revenue Bonds, Senior Series 1999A, (the "Senior Series 1999A Bonds"), and \$23,650,000 in aggregate principal amount of its Student Loan Revenue Bonds, Senior Series 1999B (the "Senior Series 1999B Bonds"). The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are referred to collectively herein as the "1999 Bonds". The 1999 Bonds are being issued pursuant to the provisions of Sections 164A.010 to 164A.230, Kentucky Revised Statutes, as amended (the "Act"), Section 57 of House Bill No. 321 as enacted by the 1998 Regular Session of the General Assembly of the Commonwealth of Kentucky, a 1997 General Bond Resolution adopted by the Corporation on May 9, 1997 (as amended and supplemented from time to time, the "General Bond Resolution") and, respectively, a Senior Series 1999A Bond Resolution and a Senior Series 1999B Bond Resolution, each adopted by the Corporation on June 16, 1999 (each a "Series Resolution" and, collectively with, the General Bond Resolution, the "Resolutions"). Capitalized terms used herein shall have the meanings given them in Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS".

The 1999 Bonds constitute Additional Obligations pursuant to the General Bond Resolution. The Corporation has heretofore issued several Series of its Student Loan Revenue Bonds thereunder, of which \$205,450,000 Senior Obligations and \$44,550,000 Subordinate Obligations remain Outstanding. The General Bond Resolution permits the issuance of additional bonds (the "Additional Bonds") or other Obligations through the adoption of additional Series Resolutions. The priority of claim as to payment of such Additional Bonds or other Obligations under the Resolutions may be equal to or inferior to the 1999 Bonds. The General Bond Resolution also permits the Corporation to enter into Obligation Facilities or Swap Facilities the payment of which by the Corporation shall have the same priority of claim as to payment under the General Bond Resolution as does the Series of Bonds or other Obligations to which the Facilities relate.

Subject to the provisions of the General Bond Resolution, a Trust Estate including the following assets is pledged to the payment of the principal of, redemption price, if any, and interest on the 1999 Bonds, any Additional Bonds and any other Obligations: (i) all moneys, including Bond proceeds, held in any of the funds and accounts (other than the Rebate Account) established and held under the Resolutions or received by the Trustee for deposit in such funds and accounts (other than the Rebate Account); (ii) all Loans, the Corporation's right, title and interest in which is funded through the application of assets described in (i) above, along with all documentation thereof and all rights of the Corporation with respect thereto except as expressly provided in the Resolutions; (iii) all guarantee or insurance payments with respect to Loans and interest thereon described in (ii) above; (iv) all other Revenues; and (v) all direct or indirect proceeds of any of the assets described in (i) through (iv) above.

The 1999 Bonds are subject to redemption as more fully described herein under the caption "DESCRIPTION OF THE 1999 BONDS -- Redemption Provisions". The Trustee is the initial Paying Agent and Registrar for the 1999 Bonds. Descriptions of the Corporation, the Guaranty Agencies (as herein defined), the 1999 Bonds, the Corporation's education finance and servicing activities, the Resolutions and related documents are included in this Official Statement. The descriptions of such documents included in this Official Statement do not purport to be comprehensive or definitive and are qualified in their entirety by reference to such documents, which documents are on file with the Trustee.

USE OF PROCEEDS

The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are being issued to provide funding for the acquisition, origination or refinancing by the Corporation of Student Loans in accordance with the Resolutions and the Act. The Corporation currently expects to apply all 1999 Bond proceeds initially available to finance Student Loans by July 31, 2000, to the acquisition, origination or refinancing of Student Loans which are originated pursuant to the Federal Family Education Loan Program ("FFELP Loans") and are guaranteed by KHEAA. See "DESCRIPTION OF THE 1999 BONDS -- Redemption Provisions" and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters -- Recent Developments." Such Student Loans may include Student Loans which currently secure other Corporation obligations. See "THE CORPORATION -- The Corporation's Education Finance and Servicing Activities - *FFELP Loan Financing*". The Corporation reserves the right to apply amounts held under the Resolutions to finance FFELP Loans which are guaranteed by Guaranty Agencies other than KHEAA and to finance Student Loans which are not FFELP Loans, subject to the provisions of the Resolutions. See "DESCRIPTION OF THE 1999 BONDS -- Redemption Provisions -- *Mandatory Redemption of Senior Series 1999A Bonds and Senior Series 1999B Bonds From Unexpended Bond Proceeds*" and "THE CORPORATION -- The Corporation's Education Finance and Servicing Activities". The Corporation expects to apply a portion of the 1999 Bond proceeds to fund the Debt Service Reserve Account in the amount of the Initial Reserve Account Requirement and to pay costs of issuance in connection with the 1999 Bonds. The Corporation may also transfer funds in the Revenue Account to the Loan Account to be used to acquire or originate additional Student Loans until July 1, 2003, which date may be extended if a Rating Affirmation is obtained.

SECURITY AND SOURCES OF PAYMENT FOR THE 1999 BONDS

Limited Liability

The 1999 Bonds are special and limited obligations of the Corporation, secured by and payable solely from the Trust Estate, without recourse to any other assets of the Corporation. The 1999 Bonds do not constitute a debt of the Commonwealth or any political subdivision thereof, and the payment of the principal of and interest on the 1999 Bonds is not secured by a pledge of the faith and credit or the taxing power of the Commonwealth or any political subdivision thereof. Kentucky's name is on the 1999 Bonds for the benefit and convenience of other entities within the state. However, the only security which is pledged for the 1999 Bonds is the independent revenues and assets from the project. The General Assembly does not intend to appropriate any state funds to fulfill the financial obligation represented by the 1999 Bonds. The Corporation has no taxing power.

The Pledge of the General Bond Resolution

The Act provides that any pledge made by the Corporation shall be valid and binding from the time made and further provides that the income, revenue or other property so pledged and thereafter received by the Corporation shall immediately be subject to the lien of such pledge without any physical delivery or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation irrespective of whether such parties have notice thereof.

The General Bond Resolution establishes a pledge of the Trust Estate for the benefit of Owners of all Obligations on a basis of parity and, subject to the provisions of the General Bond Resolution, permitting the application thereof for the purposes of and on the terms and conditions set forth in the General Bond Resolution and provides that such pledge constitutes a perfected first lien thereon. The Trust Estate includes the following: (i) all moneys, including Bond proceeds, held in any of the funds and accounts (other than the Rebate Account) established and held under the Resolutions or received by the Trustee for deposit in such funds and accounts (other than the Rebate Account); (ii) all Loans, the Corporation's right, title and interest in which is funded through the application of assets described in (i) above, along with all documentation thereof and all rights of the Corporation with respect thereto except as expressly provided in the Resolutions; (iii) all guarantee or insurance payments with respect to Loans and interest thereon described in (ii) above; (iv) all other Revenues; and (v) all direct or indirect proceeds of any of the assets described in (i) through (iv) above.

Principal and Interest Payments on FFELP Loans

Payments of the principal of and interest on the Loans, including Interest Subsidy Payments, if any, with respect to FFELP Loans, are expected to be received by the Corporation in amounts sufficient, together with other revenues and amounts held under the Resolutions, to pay the principal of and interest on the 1999 Bonds when due. The Corporation is entitled to receive Interest Subsidy Payments from the Secretary of the federal Department of Education ("Secretary") with respect to each Federal Subsidized Stafford Loan for the entire amount of interest due on such loan during the period the student is in school, during grace periods, and during periods of deferment. During all other periods, interest on Federal Subsidized Stafford Loans is collected from the borrower. On Federal PLUS/SLS, Federal Unsubsidized Stafford Loans, and Federal Consolidation Loans, the Corporation collects interest payments from the borrower from the date of loan disbursement. Repayment of Federal Consolidation Loans commences within 60 days of the discharge of the lenders of the consolidated loans. For additional information on the FFELP Loans, see "THE CORPORATION", "YEAR 2000 DISCLOSURE" and "THE GUARANTY AGENCIES" herein and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters".

Special Allowance Payments on FFELP Loans

The Corporation is also entitled to receive Special Allowance Payments with respect to FFELP Loans which the Secretary is required by the Higher Education Act to pay on a quarterly basis. The rate of the Special Allowance Payments is computed on the basis of the average bond equivalent rates of 91-Day Treasury Bills auctioned during the preceding calendar quarter.

The amount of Special Allowance Payments depends, among other things, upon the interest rate on the FFELP Loan to which it relates, the date on which such FFELP Loan was originated and, under certain circumstances, whether such FFELP Loan is financed on a taxable or tax-exempt basis. For further information on Special Allowance Payments, see "YEAR 2000 DISCLOSURE" herein and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters -- *Certain Recent Developments*" and -- "Special Allowance Payments".

Debt Service Reserve Account

The 1999 Bonds are secured by a Debt Service Reserve Account which is created by the General Bond Resolution and pledged to the security of all Obligations issued under the Resolutions. The Debt Service Reserve Account shall at all times be maintained at a level at least equal to the aggregate requirement therefor established under the Resolutions. The Initial Reserve Account Requirement established in connection with the issuance of the 1999 Bonds is 2% of the aggregate principal amount Outstanding of the 1999 Bonds. There is no assurance that the Reserve Account Requirement will be increased or maintained at such level and funded upon the issuance of any Additional Bonds or other Obligations. Upon the issuance of any Additional Bonds or other Obligations, amounts in the Debt Service Reserve Account shall also secure payment of such Additional Bonds or other Obligations in accordance with the priority of payment established under the Resolutions. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS -- Establishment of Accounts".

Prior to using any moneys in the Debt Service Reserve Account to make payments with respect to any Obligations, the Trustee is required to use amounts credited as cash to the Loan Account, without liquidating Loans credited thereto, and to deposit such amounts in the Revenue Account for the purpose of making such payments on the Obligations. Under the General Bond Resolution, the Trustee is required, on each Interest Payment Date, to transfer from the Revenue Account to the Debt Service Reserve Account, the amount, if any, necessary to cause the Debt Service Reserve Account to be funded at the Reserve Account Requirement, subsequent to paying the amounts due on the 1999 Bonds, the Senior Series 1998 Bonds, the Senior Series 1997-A Bonds or any other Senior Bonds or other Obligations equal in priority with such 1999 Bonds, the Senior Series 1998 Bonds, and the Senior Series 1997-A Bonds which may be issued and certain other applications, but prior to making any payment on any Senior Subordinate Obligations or on the Subordinate Series 1997-B Bonds or other Subordinate Obligations. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS -- Establishment of Accounts".

Withdrawal of Excess Coverage

The General Bond Resolution provides that the Corporation may withdraw amounts from the Revenue Account, under certain circumstances, free and clear of the lien of the General Bond Resolution if, as certified to the Trustee by an Authorized Officer, there exists Excess Coverage after such withdrawal, and if the Corporation delivers a Cash Flow Projection to the Rating Agency, as provided in the General Bond Resolution. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS -- Definitions" and "-- Establishment of Accounts".

Additional Bonds and Other Obligations

The General Bond Resolution permits the issuance of Additional Bonds, or other Obligations, including Variable Rate Demand Bonds or Obligations, subject to certain conditions specified in the General Bond Resolution. Further, the Series Resolutions provide that the 1999 Bonds originally issued as ARCs may be converted to bear interest

at a variable rate, as more fully described in the Series Resolutions. The priority of claim as to payment of such Additional Bonds or other Obligations under the General Bond Resolution may be equal to or inferior to that of the 1999 Bonds, the Senior Series 1998 Bonds, and the Senior Series 1997-A Bonds or may be superior or equal to that of the Subordinate Series 1997-B Bonds.

The General Bond Resolution also permits the Corporation to undertake additional Obligations pursuant to certain types of contracts ("Obligation Facilities" or "Swap Facilities"). The priority of payment of Obligation Facilities or Swap Facilities may be equal to or inferior to that of the 1999 Bonds, the Senior Series 1998 Bonds, the Senior Series 1997-A Bonds and any other Senior Obligations or equal to or superior to that of any Subordinate Obligations, including the Subordinate Series 1997-B Bonds.

Prior to issuing Additional Bonds or entering into Obligation Facilities or Swap Facilities, the Trustee is required to receive a Rating Affirmation from each Rating Agency maintaining a rating on the 1999 Bonds that issuing such Additional Bonds or entering into such Obligation Facilities or Swap Facilities in and of itself will not have an adverse effect on the rating of any Outstanding Bonds.

CERTAIN RISK FACTORS

Investors should consider the factors set forth below in light of the payment priorities of the 1999 Bonds, the Senior Series 1998 Bonds, the Senior Series 1997-A Bonds and any other Senior Obligations over the Series 1997-B Bonds and any other Subordinate Obligations. See "SECURITY AND SOURCES OF PAYMENT FOR THE 1999 BONDS -- Additional Bonds and Other Obligations". This section of this Official Statement does not include all risk factors, but is an attempt to summarize certain of such matters. Investors should read this Official Statement in its entirety.

Certain Considerations Affecting the Receipt of Revenues in the Trust Estate

The availability under the General Bond Resolution of adequate amounts to fund the timely payment of Obligation debt service and other expenses required to be paid thereunder is dependent upon the performance of the Student Loans to be acquired as part of the Trust Estate pledged thereunder. The Corporation currently expects to apply all 1999 Bond proceeds initially available to finance Student Loans by July 31, 2000 to the acquisition, origination or refinancing of a portfolio of FFELP Loans. The Corporation further expects that the majority of Student Loans to be acquired, originated or refinanced will be Student Loans which have been or will be originated subsequent to July 1, 1994. See "USE OF PROCEEDS" and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters -- *Certain Recent Developments*". The Corporation's current expectation that Revenues received with respect to the Student Loan portfolio will be sufficient to fund General Bond Resolution requirements, and the initial ratings assigned to the 1999 Bonds by the Rating Agency, are based upon cash flow projections derived from certain assumptions relative to Student Loan portfolio composition and performance. The Corporation believes such assumptions to be reasonable based upon its historic and current FFELP Loan experience. There can be no assurance, however, that actual Student Loan portfolio results will conform to such projections. See "THE CORPORATION -- The Corporation's Education Finance and Servicing Activities".

Revenues actually received with respect to the Student Loans may vary greatly in both timing and amount as a result of a variety of economic, social and other factors, including both individual factors, such as additional periods of deferral or forbearance prior to or after a borrower's commencement of repayment, loan consolidations or refundings, and general factors, such as a general economic downturn which could increase the amount of defaulted FFELP Loans. Failures by borrowers, guaranty agencies and the federal Department of Education ("Department") to make payments with respect to Student Loans on a timely basis, and the incidence of borrower defaults and prepayments, will affect the amount of Revenues received by the Corporation. See "YEAR 2000 DISCLOSURE" herein and Appendix A --

"SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Federal Insurance and Reinsurance and Reimbursement of Guaranty Agencies".

Noncompliance with Certain Higher Education Act Requirements

The provisions of the Higher Education Act applicable to FFELP Loans, and the implementing regulations thereunder, constitute a comprehensive federal program controlling the terms and conditions of FFELP Loans, including certain fees and other amounts payable by the holders thereof, the administrative requirements applicable thereto and the related duties and permitted activities of FFELP participants. Noncompliance with such requirements with respect to Student Loans by the Corporation or by any other entity might adversely affect payment of principal of and interest on the Bonds when due. The Department has broad powers under the Higher Education Act to assure the compliance of FFELP participants with program requirements and a failure by a participant to so comply may result in substantial penalties, including the withholding by the Department of federal payments otherwise due to such participant under the program. The Department has additional powers under the Higher Education Act with respect to guaranty agencies and their reserves, including the ability, subject to certain requirements, to terminate the activities and to transfer the reserve fund assets of such entities. There can be no assurance that the exercise by the Department of such powers will not adversely affect the interests of Owners of 1999 Bonds. See "THE CORPORATION -- The Corporation's Education Finance and Servicing Activities - *Servicing of FFELP Loans and Other Education Loans*", "GUARANTY AGENCIES" and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM". Such provisions and regulations have been the subject of extensive amendment in recent years. There can be no assurance that further amendments thereto, or that other federal legislation, will not adversely affect the interests of Owners of 1999 Bonds. See Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters -- *Certain Recent Developments*", "--Federal Budgetary Constraints" and "-- Federal Direct Student Loan Program".

The Higher Education Act and the applicable regulations thereunder require the lenders, guarantors and servicers to follow certain due diligence procedures in an effort to ensure that Student Loans are properly made and disbursed to, and timely repaid by, the borrowers. Such procedures are specifically set forth in the Code of Federal Regulation and certain other guidance issued by the Department, and no attempt has been made in this Official Statement to completely describe those procedures. Failure to follow such procedures with respect to Student Loans might result in the refusal by the Department to make reinsurance payments to a Guaranty Agency on such Student Loans or might result in the Guaranty Agency's refusal to honor its guarantee on such Student Loans to the Corporation. Such action by the Department could adversely affect a Guaranty Agency's ability to honor guarantee claims with respect to Student Loans made by the Corporation, and loss or delay in receipt of guarantee payments to the Corporation by a Guaranty Agency with respect to Student Loans could adversely affect the amount or timing of payment of principal of and interest on the 1999 Bonds. See "THE CORPORATION - The Corporation's Education Finance and Servicing Activities - *Servicing of FFELP Loans and Other Education Loans*," "GUARANTY AGENCIES," and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM."

Uncertainty as to Available Remedies

If an Event of Default occurs under the Resolutions which causes Owners of Senior Obligations to fail to receive interest or principal payments when due, the Trustee is authorized, subject to certain conditions, to sell the Student Loans pledged thereunder. There can be no assurance, however, that the Trustee would be able to find a purchaser for such Student Loans in a timely manner or that the proceeds of any such sale, together with amounts then available in the Debt Service Reserve Account, would be sufficient to fund payment of the Outstanding 1999 Bonds and accrued interest thereon. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS".

The remedies available to Owners of the 1999 Bonds upon an Event of Default under the Resolutions or other documents described herein are in many respects dependent upon regulatory and judicial actions which often are subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the United States Code (the federal bankruptcy code), the remedies specified by the Resolutions and such other documents may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the issuance of the 1999 Bonds will be qualified, as to the enforceability of the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

Reliance on Rating Confirmations

The Resolutions provide that the Corporation and the Trustee may undertake various actions based upon receipt by the Trustee of confirmation from the Rating Agency that the outstanding respective ratings assigned by the Rating Agency to the Bonds are not thereby impaired. Such actions include the execution and delivery of Additional Obligations, the inclusion in the Trust Estate of additional Student Loans which are other than as described herein, and the extension of certain dates for the acquisition or origination of Student Loans. To the extent such actions are taken after issuance of the 1999 Bonds, investors in the 1999 Bonds will be relying on the evaluation by the Rating Agency of such actions and their impact on credit quality. Currently, the only Rating Agency rating the Bonds is Moody's Investors Service ("Moody's"). Information on the ratings assigned to the 1999 Bonds can be obtained from Moody's at 99 Church Street, New York, New York 10007.

DESCRIPTION OF THE 1999 BONDS

General

1999 Bonds. The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are being issued as Auction Rate Certificates -- ARCs ("ARCs"). The Applicable ARCs Rate is to be established from time to time pursuant to Auction Procedures described below under "AUCTION RATE CERTIFICATES -- Interest". The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are expected to be delivered, are dated and will mature as set forth on the cover page hereof. The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are issued as fully registered bonds in denominations of \$50,000 or any integral multiple thereof (an "Authorized Denomination"). Initially, the Senior Series 1999A Bonds and the Senior Series 1999B Bonds will only be registered in the name of Cede & Co. as nominee of DTC. See "BOOK-ENTRY SYSTEM". Interest on the Senior Series 1999A Bonds, prior to a change in the Interest Payment Date as described below, is payable on the Business Day following the end of each Interest Period, and at maturity or earlier redemption. Interest on the Senior Series 1999B Bonds, prior to a change in the Interest Payment Date as described below, is payable on November 1, 1999, and on each May 1 and November 1 thereafter until maturity or earlier redemption; provided, that if such date is not a Business Day, such interest will be payable on the next succeeding Business Day (but only for interest accrued through the preceding April 30 or October 31, as the case may be). Interest on the Senior Series 1999A Bonds and the Senior Series 1999B Bonds is payable to the beneficial owners thereof according to the procedures described under "BOOK-ENTRY SYSTEM". Principal of the Senior Series 1999A Bonds and the Senior Series 1999B Bonds is payable upon presentation and surrender of such Bonds at the principal corporate trust office of the Trustee. The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are subject to acceleration and redemption, as described below.

Redemption Provisions

The Resolutions provide for the redemption and acceleration of the 1999 Bonds prior to maturity, as described below. In the event that the 1999 Bonds are to be redeemed in part, the 1999 Bonds are to be redeemed only in the then Authorized Denominations of such Series and in such maturity or maturities thereof as the Corporation shall determine, and the 1999 Bonds of a Series to be redeemed within a maturity are to be selected by lot or such other manner as the Trustee shall determine in accordance with the Resolutions, except as otherwise described below.

Mandatory Redemption of Senior Series 1999A Bonds and Senior Series 1999B Bonds from Unexpended Bond Proceeds. The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are subject to redemption by the Corporation at any time, in whole or in part as described below, at a redemption price equal to 100% of the principal amount of such Bonds or portions thereof to be redeemed, together with accrued interest thereon to the date of redemption, from proceeds of the Senior Series 1999A Bonds or Senior Series 1999B Bonds deposited to the Loan Account upon the issuance thereof which have not been applied to finance Student Loans on or before July 1, 2001, unless such date is extended if a Rating Affirmation is obtained.

Optional Redemption of 1999 Bonds. The 1999 Bonds are subject to redemption prior to maturity, at the option of the Corporation at any time, in whole or in part, as described below at a redemption price equal to 100% of the principal amount of such Bonds or portions thereof to be redeemed, together with accrued interest thereon to the date of redemption.

Selection of 1999 Bonds to be Redeemed. Any 1999 Bonds to be redeemed shall, except as otherwise described below, be selected by the Corporation by any one of the following means: (i) first, all Senior Bonds, second, all Senior Subordinate Bonds and subsequently, all Subordinate Bonds of each successive next most senior Class; or (ii) pro rata among all Classes of Bonds Outstanding; or (iii) if neither clause (i) nor (ii) is followed, then in such order as the Corporation shall determine, provided that either the Corporation receives a Rating Affirmation or the Trustee receives a Certificate of the Corporation to the effect that the value of the Loans (valued at par plus accrued interest and accrued special allowance payments, if any) credited to the Loan Account and all cash and Investment Securities held in the Accounts (valued as set forth in the General Bond Resolution, plus accrued interest, but excluding amounts irrevocably set aside to pay particular Obligations pursuant to the General Bond Resolution and excluding amounts on deposit in the Rebate Account and the Earnings Account), will not be less than each and all of the following sums, after giving effect to such redemption: (a) at least 106% of the sum of the principal of and accrued interest on all Outstanding Senior Obligations plus all accrued but unpaid Program Expenses; (b) at least 103% of the sum of the principal of and accrued interest on all Outstanding Senior and Senior Subordinate Obligations plus all accrued but unpaid Program Expenses, and (c) at least 102% of the sum of the principal of and accrued interest on all Outstanding Obligations plus all accrued but unpaid Program Expenses.

Notice of Redemption of 1999 Bonds. The Trustee will give notice of redemption by mailing a copy of the redemption notice by first class mail, postage prepaid, to the registered owners of any 1999 Bonds to be redeemed at the address of such owner appearing on the registration books of the Trustee. Notice of redemption will be given not more than 30 days nor less than 10 days prior to the redemption date. Such notice shall state whether the Trustee then holds sufficient moneys to fund such redemption and whether such redemption is dependent upon the issuance of refunding obligations or the deposit of funds from other sources by the Corporation. Neither failure to give such notice nor any defect therein will affect the validity of the proceedings for redemption of any 1999 Bond not affected by such failure or defect. While the 1999 Bonds are held by DTC or its nominee notice of redemption shall be given to DTC or its nominee. See "BOOK-ENTRY SYSTEM".

Effect of Redemption. Notice having been given as aforesaid, the 1999 Bonds called for redemption will become due and payable on the Redemption Date at the redemption price, plus accrued interest to the Redemption Date. If, on the Redemption Date, moneys for the redemption of the 1999 Bonds to be redeemed, together with interest to the

Redemption Date, are held by the Trustee or any Paying Agent so as to be available therefor on said date, interest on the 1999 Bonds called for redemption will cease to accrue on the Redemption Date.

Acceleration of the 1999 Bonds. Upon the occurrence of certain Events of Default under the Resolution, the 1999 Bonds may be subject to acceleration as described herein. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS".

The Resolutions provide that nonpayment of the principal of or interest on Senior Subordinate Obligations or Subordinate Obligations occurring while there are any Senior Obligations Outstanding which are not affected by the nonpayment, shall not result in an Event of Default under the Resolutions that would give rise to a right on the part of owners of affected Obligations to accelerate the 1999 Bonds or to exercise any other remedy. The Resolutions provide that only owners of the most senior Class of Outstanding Obligations may exercise any remedy or right of enforcement or consent to any action thereunder in the event of nonpayment of Outstanding Obligations, and requires the consent of all owners of Outstanding Obligations to exercise any right or remedy under the Resolutions for any Event of Default other than nonpayment.

Recycling Provision. The Resolutions permit the Corporation to use revenues received on the Student Loans for the origination or acquisition of Student Loans until July 1, 2003. After such date, no amount may be transferred from the Revenue Account to the Loan Account unless the Corporation receives a Rating Affirmation permitting the Corporation to extend the date.

Registration of Transfer and Exchange

In the event that the Book-Entry System is discontinued, and subject to the procedures for the transfer or exchange of ARCs as described under "AUCTION RATE CERTIFICATES", then upon surrender for transfer or exchange of any 1999 Bond at the corporate trust office of the Trustee, the Corporation will execute and the Trustee will authenticate and deliver in the name of the transferee or transferees, a new 1999 Bond of the same Series and Subseries in exchange for the Senior Series 1999A Bond or the Senior Series 1999B Bond being transferred or exchanged, of Authorized Denominations, of like aggregate principal amount and bearing numbers not previously assigned to such 1999 Bonds.

The Trustee will require the payment by any owner of 1999 Bonds requesting exchange or transfer of a sum sufficient to cover any tax or other governmental charge required to be paid with respect to such exchange or transfer. Every 1999 Bond presented or surrendered for transfer or exchange must be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Trustee, duly executed, by the owner thereof or his attorney duly authorized in writing, with signature guarantees satisfactory to the Trustee.

The Trustee is not required to transfer any 1999 Bond (i) during a period beginning at the opening of business 15 days before any selection of 1999 Bonds of the same Series for redemption and ending at the close of business on the day of such selection, or (ii) selected for redemption in whole or in part.

BOOK-ENTRY SYSTEM

Beneficial ownership interests in the 1999 Bonds will be available in book-entry form only. Purchases and sales by the beneficial owners of Senior Series 1999A Bonds and of Senior Series 1999B Bonds can be made in denominations of \$50,000 or any integral multiple thereof. Purchasers of beneficial ownership interests in the 1999 Bonds will not receive certificates representing their interests in the 1999 Bonds purchased and will not be Holders under the Resolution, except as described below.

The Depository Trust Company ("DTC"), New York, New York, is to act as security depository for the 1999 Bonds. The 1999 Bonds are to be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully registered bond certificate is to be issued for each Series of the 1999 Bonds, each in the aggregate amount and of such maturity as set forth on the cover page hereof, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges in deposited securities, through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations (the "Direct Participants"). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of 1999 Bonds under the DTC system must be made by or through Direct Participants, which are to receive a credit for the 1999 Bonds on DTC's records. The ownership interest of each actual purchaser of a beneficial interest in the 1999 Bonds is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the beneficial owner entered into the transactions. Transfers of ownership interests in the 1999 Bonds are to be accomplished by entries made on the books of Participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in 1999 Bonds, except in the event that use of the book-entry system for the 1999 Bonds of the applicable Series is discontinued.

To facilitate subsequent transfers, all 1999 Bonds deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of the 1999 Bonds with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the 1999 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 1999 Bonds are credited, which may or may not be the beneficial owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners shall be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the 1999 Bonds within a single maturity and Series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the 1999 Bonds. Under its usual procedures, DTC mails an omnibus proxy to the Issuer or Trustee, as appropriate, as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 1999 Bonds are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal, redemption premium, if any, and interest payments on the 1999 Bonds are to be made to DTC. Payments by Participants to beneficial owners are governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Paying Agent, the Trustee or the Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Corporation through the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the beneficial owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the 1999 Bonds of any Series at any time by giving reasonable notice to the Corporation and the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered.

The Corporation may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered.

The preceding information in this section "BOOK-ENTRY SYSTEM" was provided by DTC for inclusion herein, and has not been independently verified by the Corporation or the Underwriter. No representation is made by the Corporation or the Underwriter as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

Neither the Corporation nor the Trustee shall have any responsibility or obligation to any DTC Participant, any beneficial owner or other persons claiming a beneficial ownership interest in the 1999 Bonds under or through DTC or any DTC Participant, with respect to (i) the accuracy of any records maintained by DTC or any DTC Participant with respect to the beneficial ownership interest in the 1999 Bonds; (ii) the payment by DTC or any DTC Participant of any amount in respect of the principal of and premium, if any, or interest on the 1999 Bonds to any beneficial owner or other person for the 1999 Bonds; or (iii) the delivery to any beneficial owner of the 1999 Bonds, or any other person, of any notice which is permitted or required to be given to owners under the Resolution. Neither the Corporation nor the Trustee shall have any responsibility with respect to obtaining consents from anyone other than the registered owners.

No assurance can be given by the Corporation or the Trustee that DTC will distribute to the Participants or the Participants will distribute to the beneficial owners (i) payment of debt service on the 1999 Bonds paid to DTC or its nominee, as the registered owner, or (ii) any redemption or other notices, or that DTC or the DTC Participants will serve or act on a timely basis or in a manner described in this Official Statement.

AUCTION RATE CERTIFICATES

General

The Senior Series 1999A Bonds and the Senior Series 1999B Bonds are issued as Auction Rate Certificates (sometimes hereinafter referred to as ARCs), shall be dated the date of initial delivery thereof and shall mature on the dates shown on the cover of this Official Statement. Upon the delivery by the Corporation to the Trustee of a Favorable Opinion, any Series of the ARCs may be converted to bear interest at a variable rate, as more fully described in the Series Resolutions. Certain capitalized terms used herein with respect to the Senior Series 1999A Bonds and the Senior Series 1999B Bonds are defined herein or in other parts of this Official Statement, including the Appendices hereto.

Interest

Interest Payments. Interest on the ARCs shall accrue for each Interest Period and shall be payable in arrears, on each succeeding Interest Payment Date. An "Interest Period" means with respect to ARCs, (a) if, and for so long as interest is payable on May 1 and November 1 with respect thereto and unless otherwise changed as described below under "-- Changes in Auction Periods or Auction Date -- *Changes in Auction Period or Periods*," the period commencing on the date of issue of the Senior Series 1999B Bonds through and including August 2, 1999, and each successive 35-day period thereafter, commencing on a Tuesday and ending on (and including) a Monday and (b) if, and for so long as, Interest Payment Dates are specified to occur at the end of each Auction Period, as described below under "-- Changes in Auction Periods or Auction Date -- *Changes in Auction Period or Periods*," the period commencing on the date of issue of the Senior Series 1999A Bonds through and including July 19, 1999 and each successive 28-day period thereafter, commencing on an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date. An "Interest Payment Date" for the Senior Series 1999A Bonds Outstanding as ARCs shall mean the day following the end of each Interest Period and at maturity or earlier redemption, or if such day is not a Business Day, the next succeeding Business Day (but only for interest accrued through the last day of each Interest Period). An "Interest Payment Date" for the Senior Series 1999B Bonds Outstanding as ARCs means November 1, 1999 and each May 1 and November 1 thereafter and at maturity or earlier redemption, or if any such date is not a Business Day, the next succeeding Business Day (but only for interest accrued through the preceding April 30 and October 31 as the case may be). Interest Payment Dates may change in the event of a change in the length of one or more Auction Periods or in certain other events. See "-- Changes in Auction Periods or Auction Date -- *Changes in Auction Period or Periods*" below.

While the ARCs are in book-entry only form, the amount of interest distributable to holders of ARCs in respect of each \$50,000 in principal amount thereof for any Interest Period or part thereof shall be calculated by the Trustee by applying the Applicable ARCs Rate (as defined below) for such Interest Period or part thereof to the principal amount of \$50,000, multiplying such product by the actual number of days in the Interest Period or part thereof divided by 365 or 366, as applicable, and truncating the resultant figure to the nearest cent. Interest on the ARCs shall be computed by the Trustee on the basis of a 365-day year for the number of days actually elapsed; except that for any such calculation with respect to an Interest Payment Date occurring after November 1 of any year preceding a leap year through October 31 of the next succeeding year (being the leap year), such interest shall be computed on the basis of a 366-day year period. In the event an Interest Payment Date occurs in any Interest Period on a date other than the first day of such Interest Period, the Trustee, after confirming the calculation required above, shall calculate the portion of the Interest Amount payable on such Interest Payment Date and the portion payable on the next succeeding Interest Payment Date. The Trustee shall make the calculation described above not later than the close of business on each Auction Date.

Interest payments on the ARCs are to be made by the Paying Agent to the persons who are the registered owners of the ARCs, as of the Record Date preceding each Interest Payment Date. The ARCs will be initially registered in the name of Cede & Co., as nominee of DTC, which is acting as the Depository for the ARCs. See "BOOK-ENTRY SYSTEM" for a description of how DTC, as owner, is expected to disburse such payments to the beneficial owners.

Applicable ARCs Rate. The rate of interest on the ARCs for each Interest Period subsequent to the Initial Interest Period shall be equal to the annual rate of interest that results from implementation of the Auction Procedures described in Appendix E (the "Auction Rate") unless, in the case of the Senior Series 1999A Bonds, the Auction Rate exceeds the Maximum Rate, in which case, the rate of interest on the affected ARCs for such Interest Period shall be the Maximum Rate, or unless the Maximum Rate shall actually be lower than the All-Hold Rate, in which case the rate of interest on the affected ARCs for such Interest Period shall be the Maximum Rate; provided that if, on any Auction Date, an Auction is not held for any reason, then the rate of interest for the next succeeding Interest Period shall equal the Maximum Rate on such Auction Date. Notwithstanding the foregoing, (i) if the ownership of the ARCs is no longer maintained in book-entry form by DTC, the rate of interest on the ARCs for any Interest Period commencing after the delivery of certificates representing ARCs as described above shall equal the Maximum Rate on the Business Day

immediately preceding the first day of such Interest Period, or (ii) if a Payment Default occurs, Auctions will be suspended and the Applicable ARCs Rate (as defined below) for the Interest Period commencing on or after such Payment Default and for each Interest Period thereafter to and including the Interest Period, if any, during which, or commencing less than two Business Days after, such Payment Default is cured will equal the Default Rate.

The rate per annum at which interest is payable on the ARCs for any Interest Period is herein referred to as the "Applicable ARCs Rate". Notwithstanding anything herein to the contrary, the Applicable ARCs Rate cannot exceed the Maximum Rate.

Notwithstanding anything herein to the contrary, if any ARCs or portion thereof has been selected for redemption during the next succeeding Interest Period, such ARCs or portion thereof will not be included in the Auction preceding such Redemption Date, and said ARCs or portion thereof will continue to bear interest until the Redemption Date at the rate established for the Interest Period prior to said Auction.

Carry-over Amounts for Senior Series 1999A Bonds. If the Auction Rate for the Senior Series 1999A Bonds is greater than the Maximum Rate, then the interest rate applicable for that Auction Period will be the Maximum Rate. The excess of the amount of interest that would have accrued on the ARCs at the Auction Rate over the amount of interest actually accrued at the Maximum Rate will accrue as the Carry-over Amount. The Carry-over Amount will bear simple interest calculated at a rate equal to One-Month LIBOR (as determined by the Auction Agent, provided the Trustee has received notice of One-Month LIBOR from the Auction Agent, and if the Trustee has not, then as determined by the Trustee) from the Interest Payment Date for the Auction Period with respect to which such Carry-over Amount was calculated, until paid. As used in the Series Resolution, the terms "principal" and "interest" do not include within the meanings of such terms the Carry-over Amount or any interest accrued on any Carry-over Amount. The Carry-over Amount will be calculated for each ARC by the Auction Agent during the Auction Period in sufficient time for the Trustee to give notice to each Owner of an ARC as described in the following sentence. On the Interest Payment Date for an Auction Period during which a Carry-over Amount has accrued, the Trustee will give written notice to each Owner of an affected ARC on which a Carry-over Amount has accrued of such Carry-over Amount, which written notice may accompany the payment of interest by check made to each such Owner on such Interest Payment Date, or otherwise will be mailed on such Interest Payment Date by first class mail, postage prepaid, to each such Owner at such Owner's address as it appears on the books of registry maintained by the Trustee. Such notice will state, in addition to such Carry-over Amount, that unless and until such Senior Series 1999A Bond has been redeemed or has been deemed no longer Outstanding (after which all accrued Carry-over Amount (and all accrued interest thereon) that remains unpaid will be extinguished and no Carry-over Amount (or interest accrued thereon) will be paid with respect to such Senior Series 1999A Bond): (i) the Carry-over Amount (and interest accrued thereon, calculated at a rate equal to One-Month LIBOR) will be paid by the Trustee on such ARC, in whole or in part, on the next occurring Interest Payment Date, and each succeeding Interest Payment Date until paid, for each Auction Period subsequent to the Auction Period in which such Carry-over Amount accrued, if and to the extent that (1) during such subsequent Auction Period, no additional Carry-over Amount is accruing on such Senior Series 1999A Bond and, if paid, such Carry-over Amount is paid solely to the extent that during such Auction Period, the amount of interest that would be payable on such Senior Series 1999A Bond at the Maximum Rate exceeds the amount of interest that is payable for such Auction Period on such Senior Series 1999A Bond at the interest rate in effect for such Auction Period and (2) moneys are available in an amount sufficient to pay all or such portion of Carry-over Amount as described in clause (1) above; and (ii) interest will accrue on the Carry-over Amount at a rate equal to One-Month LIBOR until such Carry-over Amount is paid in full or is canceled.

The Carry-over Amount for a Senior Series 1999A Bond will be paid by the Trustee to the then registered Owner on the next occurring Interest Payment Date, and each succeeding Interest Payment Date to the then registered Owner until paid, for a subsequent Auction Period if and to the extent that: (i) during such subsequent Auction Period, no additional Carry-over Amount is accruing on such Senior Series 1999A Bond; (ii) and if paid, such Carry-over Amount is payable solely to the extent that during such Auction Period, the amount of interest that would be payable on such Auction Rate Certificates at the Maximum Rate exceeds the amount of interest that is payable for such Auction Period at the interest rate in effect for such Auction Period; and (iii) on such Interest Payment Date, there are sufficient

moneys in the Revenue Fund to pay first: all interest due on the Bonds on such Interest Payment Date and second: a portion or all of the Carry-over Amount described in clause (ii) above, after giving effect to the payment of allowable Program Expenses and all other prior required applications under the Resolutions, so long as, subsequent to such payments, the sum of the value of: (i) the Loans (valued at par plus accrued interest and accrued special allowance payments, if any) credited to the Loan Account; and (ii) all cash and Investment Securities held in the Accounts (valued as set forth in the General Bond Resolution, plus accrued interest, but excluding amounts irrevocably set aside to pay particular Obligations pursuant to the General Bond Resolution and excluding amounts on deposit in the Rebate Account and the Earnings Account) shall be at least equal to 101% of the sum of principal of and accrued interest on the Outstanding Obligations. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS -- Establishment of Accounts". If the Carry-over Amount is payable as described in the immediately preceding sentence with respect to any of the Senior Series 1999A Bonds and any other Series of Bonds equal in priority of payment therewith on the same day and there are insufficient funds in the Revenue Account to pay Carry-over Amount for each such Series in the amount described in the immediately preceding sentence, the portion of Carry-over Amount payable with respect to each such Series shall equal the product of the moneys in the Revenue Account available to pay Carry-over Amount multiplied by a fraction, the numerator of which is the excess calculated for each such Series as described in the preceding sentence and the denominator of which is the total Carry-over Amount payable with respect to each such Series.

Any Carry-over Amount (and any interest accrued thereon) on any Senior Series 1999A Bond which is due and payable on an Interest Payment Date, which Senior Series 1999A Bond is to be redeemed or deemed no longer Outstanding on said Interest Payment Date, will be paid to the Owner thereof on said Interest Payment Date to the extent that moneys are available therefor in accordance with the provisions of the Resolutions; provided, however, that any Carry-over Amount (and any interest accrued thereon) which is not yet due and payable on said Interest Payment Date will be canceled with respect to each Senior Series 1999A Bond that is to be redeemed or deemed no longer Outstanding on such Interest Payment Date and will not be paid on any succeeding Interest Payment Date. To the extent that any portion of the Carry-over Amount remains unpaid after payment of a portion thereof, such unpaid portion of the Carry-over Amount will be paid in whole or in part until fully paid by the Trustee on the next occurring Interest Payment Date or Dates, as necessary for a subsequent Auction Period or Periods, if and to the extent that the conditions in the Resolutions are satisfied. On any Interest Payment Date on which the Trustee pays only a portion of the Carry-over Amount on a Senior Series 1999A Bond, the Trustee will give written notice to the Owner of such Senior Series 1999A Bond receiving such partial payment of the Carry-over Amount remaining unpaid on such Bond.

Whether the Carry-over Amount for a Senior Series 1999A Bond will be paid on any particular Interest Payment Date in each subsequent Auction Period will be determined as described above and the Trustee will make payment of the Carry-over Amount in the same manner as and from the same Account from which it pays interest on the Auction Rate Certificates on any Interest Payment Date.

ANY UNPAID CARRY-OVER AMOUNT ON A SENIOR SERIES 1999A BOND NOT DUE AND PAYABLE ON MATURITY OR THE REDEMPTION DATE WITH RESPECT TO SUCH SENIOR SERIES 1999A BOND WILL BE EXTINGUISHED UPON THE MATURITY OR REDEMPTION OF SUCH SENIOR SERIES 1999A BOND. FURTHER, ANY RATING ON THE SENIOR SERIES 1999A BONDS DOES NOT EXTEND TO ANY CARRY-OVER AMOUNT AND DOES NOT RATE THE LIKELIHOOD THAT SUCH CARRY-OVER AMOUNT WOULD BE PAID.

Auction Participants

Existing Holders and Potential Holders. Participants in each Auction will include: (i) "Existing Holders," which shall mean any person who is listed as the owner of record of ARCs in the records of the Auction Agent (described below) at the close of business on the Business Day preceding each Auction; and (ii) "Potential Holders," which shall mean any person (including any Existing Holder that is (a) a Broker-Dealer when dealing with the Auction

Agent and (b) a potential beneficial owner when dealing with a Broker-Dealer), who may be interested in acquiring ARCs (or, in the case of an Existing Holder, an additional principal amount of ARCs).

By purchasing ARCs, whether in an Auction or otherwise, each prospective purchaser of ARCs or its Broker-Dealer must agree and will be deemed to have agreed: (i) to participate in Auctions on the terms set forth in Appendix E hereto; (ii) so long as the beneficial ownership of the ARCs is maintained in book-entry form by DTC, to sell, transfer or otherwise dispose of ARCs only pursuant to a Bid or a Sell Order (each as defined in Appendix E) in an Auction, or to or through a Broker-Dealer, provided that in the case of all transfers other than those pursuant to an Auction, the Existing Holder of ARCs so transferred, its Agent Member or its Broker-Dealer advises the Auction Agent of such transfer; and (iii) to have its beneficial ownership of ARCs maintained at all times in book-entry form by the Securities Depository for the account of its Participant of DTC, which in turn will maintain records of such beneficial ownership, and to authorize such Participant to disclose to the Auction Agent such information with respect to such beneficial ownership as the Auction Agent may request.

Auction Agent. Bankers Trust Company, New York, New York ("Bankers Trust") is appointed as the initial Auction Agent for the ARCs. The Trustee is directed to enter into the initial Auction Agency Agreement with Bankers Trust Company. Any substitute Auction Agent shall be: (i) a bank or trust company duly organized under the laws of the United States of America or any state or territory thereof having its principal place of business in the Borough of Manhattan, the City of New York, and having a combined capital stock, surplus and undivided profits of at least \$15,000,000; or (ii) a member of the National Association of Securities Dealers, Inc., having a capitalization of at least \$15,000,000 and, in either case, authorized by law to perform all the duties imposed upon it under the Resolutions and under the Auction Agency Agreement. The Auction Agent may resign and be discharged of the duties and obligations created by the Resolutions by giving at least 90 days' written notice to the Corporation, the Trustee and the Market Agent (30 days' written notice if the Auction Agent has not been paid its fee for more than 30 days). The Auction Agent may be removed at any time by the Trustee if the Auction Agent is an entity other than the Trustee, acting at the direction of either: (i) the Corporation, or (ii) the holders of 66-2/3% of the aggregate principal amount of the ARCs by an instrument signed by the Trustee and filed with the Auction Agent, the Corporation and the Market Agent upon at least 90 days' notice; provided that, if required by the Market Agent, an agreement in substantially the form of the Auction Agency Agreement shall be entered into with a successor Auction Agent. If the Auction Agent and the Trustee are the same entity, the Auction Agent may be removed as described above, with the Corporation acting in lieu of the Trustee.

If the Auction Agent shall resign or be removed or dissolved, or if the property or affairs of the Auction Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, the Corporation shall use its best efforts to appoint a successor as Auction Agent, and the Trustee shall thereupon enter into an Auction Agency Agreement with such successor.

The Auction Agent is acting as agent for the Corporation in connection with Auctions. In the absence of bad faith or negligence on its part, the Auction Agent shall not be liable for any action taken, suffered or omitted or for any error of judgment made in good faith unless the Auction Agent shall have been negligent in ascertaining (or failing to ascertain) the pertinent facts necessary to make such judgment.

Broker-Dealer. Existing Holders and Potential Holders may participate in Auctions only by submitting orders (in the manner described below) through a "Broker-Dealer", including PaineWebber Incorporated as the sole initial Broker-Dealer, any other broker or dealer (each as defined in the Securities Exchange Act of 1934, as amended), commercial bank or other entity permitted by law to perform the functions required of a Broker-Dealer set forth below which: (i) is a "Participant" (i.e., a member of, or participant in, DTC or any successor securities depository) or an affiliate of a Participant; (ii) has been selected by the Corporation with the approval of the Market Agent (which approval shall not be unreasonably withheld); and (iii) has entered into a Broker-Dealer Agreement with the Auction Agent that remains effective, in which the Broker-Dealer agrees to participate in Auctions as described below, as from time to time amended or supplemented.

Market Agent. The "Market Agent", initially PaineWebber Incorporated, will enter into a Market Agent Agreement with the Corporation to perform such functions as required under the Resolutions. Under the Market Agent Agreement, and in connection with the ARCs, the Market Agent shall act solely as agent of the Corporation and shall not assume any obligation or relationship of agency or trust for or with any of the beneficial owners.

Auctions

Auctions to establish the Applicable ARCs Rate are to be held on each Auction Date, except as described above under "-- Interest -- *Applicable ARCs Rate*," by application of the Auction Procedures described in Appendix E. "Auction Date" shall mean initially July 19, 1999 with respect to the Senior Series 1999A Bonds, and August 2, 1999, with respect to the Senior Series 1999B Bonds, and thereafter, the Business Day immediately preceding the first day of each respective Interest Period, other than: (i) each Interest Period commencing after the ownership of the ARCs is no longer maintained in book-entry form by DTC; (ii) each Interest Period commencing after the occurrence and during the continuance of a Payment Default; or (iii) any Interest Period commencing less than the Applicable Number of Business Days after the cure or waiver of a Payment Default. Notwithstanding the foregoing, the Auction Date for one or more Auction Periods may be changed as described below under "-- Changes in Auction Periods or Auction Date -- *Changes in Auction Period or Periods*".

The Auction Agent shall determine the Maximum Rate, the Maximum Auction Rate, the All-Hold Rate, One-Month LIBOR and the Applicable LIBOR-based Rate with respect to each Series of ARCs on each applicable Auction Date. The determination by the Auction Agent of each of such rates will (in the absence of manifest error) be final and binding upon the Owners and all other parties. If the ownership of the ARCs of any Series is no longer maintained in book-entry form by DTC, the Trustee shall calculate the Maximum Rate on the Business Day immediately preceding the first day of each Interest Period commencing after delivery of certificates representing the ARCs. If a Payment Default shall have occurred, the Trustee shall calculate the Default Rate on the first day of: (i) each Interest Period commencing after the occurrence and during the continuance of such Payment Default; and (ii) any Interest Period commencing less than the Applicable Number of Business Days after the cure of any Payment Default. The Auction Agent shall determine the "AA" Composite Commercial Paper Rate for each Interest Period other than the first Interest Period; provided, that if the ownership of the ARCs is no longer maintained in book-entry form, or if a Payment Default has occurred, then the Trustee shall determine the "AA" Composite Commercial Paper Rate for each such Interest Period. The determination by the Trustee or the Auction Agent, as the case may be of the "AA" Composite Commercial Paper Rate shall (in the absence of manifest error) be final and binding upon the Owners and all other parties. If calculated or determined by the Auction Agent, the Auction Agent shall promptly advise the Trustee of the "AA" Composite Commercial Paper Rate.

So long as the ownership of the ARCs of any Series is maintained in book-entry form by DTC, an Existing Holder may sell, transfer or otherwise dispose of such ARCs only pursuant to a Bid or Sell Order (as defined in Appendix E) placed in an Auction or through a Broker-Dealer, provided that, in the case of all transfers other than pursuant to Auctions, such Existing Holder, its Broker-Dealer or its Participant advises the Auction Agent of such transfer. Auctions shall be conducted on each Auction Date, if there is an Auction Agent on such Auction Date, in the manner described in Appendix E. A description of the Settlement Procedures to be used with respect to Auctions is contained in Appendix F.

Adjustments in Percentages

The Market Agent, with respect to the Senior Series 1999B Bonds Outstanding as ARCs (herein, "Series B ARCs"), shall adjust the percentage used in determining the All-Hold Rate, the Applicable Percentage used in determining the Maximum Rate and the percentage of the Kenny Index used in determining the Default Rate, if any such adjustment is necessary, in the judgment of the Market Agent, to reflect any Change of Preference Law such that the Series B ARCs paying the Maximum Rate, the Series B ARCs paying the All-Hold Rate and the Series B ARCs paying the Default Rate shall have equal market values before and after such Change in Preference Law. Prior to any such adjustment, the Corporation shall give notice thereof to any Rating Agency then rating the ARCs, and no such adjustment shall be made unless the Corporation delivers a Rating Affirmation and a Favorable Opinion as required by

the Resolutions. In making any such adjustment, the Market Agent shall take the following factors, as in existence both before and after such Change in Preference Law, into account: (i) short-term taxable and tax-exempt market rates and indices of such short-term rates; (ii) the market supply and demand for short-term tax-exempt securities; (iii) yield curves for short-term and long-term tax-exempt securities or obligations having a credit rating that is comparable to the Series B ARCs; (iv) general economic conditions; and (v) economic and financial factors present in the securities industry that may affect or that may be relevant to the Series B ARCs.

The Market Agent shall effectuate an adjustment in the percentage used in determining the All-Hold Rate, the Applicable Percentage used in determining the Maximum Rate and the Applicable Percentage of the Kenny Index used to determine the Default Rate by delivering written notice to the Corporation, the Trustee and the Auction Agent at least 10 days prior to the Auction Date on which the Market Agent desires to effect such change. Such notice shall be effective only if it is accompanied by a Favorable Opinion.

Changes in Auction Periods or Auction Date

Changes in Auction Period or Periods. While any ARCs are outstanding, the Market Agent may change, upon meeting certain conditions, the length of one or more Auction Periods applicable to any Series. In connection with any such change or otherwise, the Market Agent may change Interest Payment Dates; any such change shall be considered a "change in the length of one or more Auction Periods" for purposes of the Resolutions. Any change in the length of the Auction Period requires the consent of the Corporation and must be made for the purpose of conforming to current market practice with respect to certain securities.

The change in the length of one or more Auction Periods shall not be allowed unless Sufficient Clearing Bids (as defined in Appendix E) existed at both the Auction before the date on which the notice of the proposed change was given and the Auction immediately preceding the proposed change. Such change shall take effect only if certain requirements are met as described in the Resolutions, including, with respect to the Senior Series 1999B Bonds, delivery by the Corporation of a Favorable Opinion as required by the Resolutions.

Changes in the Auction Date. While any ARCs are outstanding, the Market Agent:

- (i) in order to conform with then current market practice with respect to similar securities, shall; and
- (ii) in order to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne on the ARCs and with the written consent of an Authorized Official of the Corporation, may

specify an earlier Auction Date applicable to any Series (but in no event more than five Business Days earlier) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" with respect to one or more specified Auction Periods. The Authorized Officer of the Corporation shall not consent to such change in the Auction Date, if such consent is required as described in (ii) above, unless he or she shall have received from the Market Agent not less than ten days nor more than 20 days prior to the effective date of such change a written request for consent together with a Certificate demonstrating the need for change in reliance on such factors. The Market Agent shall provide notice of any determination to specify an earlier Auction Date for one or more Auction Periods by means of a written notice delivered at least 10 days prior to the proposed changed Auction Date to the Trustee, the Auction Agent, the Corporation and DTC.

In connection with any change in the Auction terms described above, the Auction Agent shall provide such further notice to such parties as is specified in the Auction Agency Agreement.

No change shall be made to the Auction Period or Auction Date unless the Corporation delivers a Rating Affirmation, and with respect to the Senior Series 1999B Bonds, a Favorable Opinion as required by the Resolutions.

THE CORPORATION

The General Assembly of the Commonwealth established the Kentucky Higher Education Student Loan Corporation (the "Corporation") in 1978 to provide a program of financing, making and purchasing insured student loans in the Commonwealth.

Governance and Functions

The Corporation is an independent *de jure* municipal corporation and political subdivision of the Commonwealth. The Corporation is authorized by the Act: (a) to make, purchase and sell, and to participate in the making, purchasing and selling of insured student loans; (b) to collect and pay reasonable fees and charges in connection with its making, purchasing, selling and servicing of insured student loans; (c) to procure insurance in respect of all insured student loans made or purchased by it; (d) to make, execute, and effectuate agreements with any federal or state agency, person, or entity necessary to accomplish its corporate purposes; (e) to accept and comply with the conditions of any appropriations, loans, grants, and other aid to the Corporation; (f) to invest its funds not required for immediate disbursement; (g) to issue its notes and bonds for the purpose of carrying out its corporate powers and duties; and (h) to service and collect educational loans for other lenders, holders and educational institutions.

The term "insured student loans" is currently defined for purposes of the Act to include loans to students who are qualified under the federal Higher Education Act of 1965, as amended, on which the payment of principal and interest is at least ninety-five percent insured by a guaranty agency and reinsured by the Secretary in accordance with the Higher Education Act or at least ninety-five percent insured as to principal amount by the federal government under the Higher Education Act or the Health Professions Educational Assistance Act of 1976, as amended.

The Corporation is governed by its Board of Directors, which may officially act by a majority of its members. The Board of Directors consists of eleven members, of whom eight are appointed by the Governor from the general public residing in the Commonwealth to serve a term of four years each and three serve *ex officio* by reason of their positions as Chairman of the Council on Postsecondary Education of the Commonwealth, Secretary of the Finance and Administration Cabinet of the Commonwealth, and Chairman of the Board of Directors of KHEAA. The Board of Directors elects from its membership a Chairman and Secretary-Treasurer.

The Corporation's current Chairman, Secretary-Treasurer and other directors are as follows :

The Corporation's bylaws provide that officers of its Board of Directors serve until replaced.

In accordance with the Act, the Executive Director of KHEAA, Paul P. Borden, is also Executive Director of the Corporation.

The Corporation has a staff of approximately 114 full-time employees as of March 31, 1999. Its principal office is located at 10180 Linn Station Road, Post Office Box 24266, Louisville, Kentucky, 40224-0266, telephone number (502) 329-7079.

Principal Management Personnel

Principal management personnel involved in the Corporation's Education Finance and Servicing Activities are as follows:

Paul P. Borden, Executive Director and Chief Executive Officer, has overall management responsibility for the Corporation. He has served in this capacity since 1978 and has also served as Executive Director of KHEAA since 1972. He is a past president and member of the Board of Directors of the National Council on Higher Education Loan Programs (NCHELP), has twice served as President of the Kentucky Association of Student Financial Aid Administrators, and was the first Chairman of the Guaranty Agency CEO Caucus in 1997. Mr. Borden has testified many times before various committees of the U.S. Congress on matters related to the Federal Family Education Loan Program. Before joining KHEAA and the Corporation, he served in administrative positions at Kentucky State University and the University of Louisville. Mr. Borden holds a B.A. degree in Business Administration from the University of Louisville. Mr. Borden has announced his retirement from these positions effective October 1, 1999. No successor has yet been named.

Roger B. Tharp, President and Chief Operating Officer, has overall responsibility for the Corporation's operations. Before this appointment in 1993, he was Director of the Division of Program Administration for KHEAA for nineteen years. He has served as Secretary for the National Council on Higher Education Loan Programs and served on its Servicing Committee. He is also a member of the Student Loan Servicing Alliance and currently serves on its Board of Directors. His previous employment includes six combined years of financial aid management experience at the United Electronics Institute and the University of Louisville, and one year in credit management for Sears, Roebuck and Company. Mr. Tharp holds an M.B.A. from the University of Louisville and a B.S. degree in Business and Economics from the University of Kentucky.

Betty P. Barker, Executive Vice President and Chief Financial Officer, has overall responsibility for the Corporation's financial and administrative affairs. Prior to this appointment in 1993, she was employed by KHEAA for seven years in financial management and accounting positions serving as Assistant Director of the Division of Fiscal Affairs for the last three years. She currently serves on the Education Loan and Finance Committees of the Education Finance Council. Her previous employment includes four years in auditing and accounting in industry and government. Ms. Barker is a Certified Public Accountant and holds an M.B.A. from Bellarmine College, Louisville, and a B.S. degree in Accounting from the University of Kentucky.

Sherry M. Cooper, General Counsel, has overall responsibility for all general legal and compliance activities. Ms. Cooper joined the Corporation in April 1997, after serving as an attorney with the Kentucky Department of Insurance. Her previous employment also includes serving an appointment as a member of the Kentucky Health Policy Board, two years in the private practice of law, and four years with Legal Services. Since 1998, Ms. Cooper has served on the NCHELP Regulation Committee and has participated in the NCHELP Legal Committee. Ms. Cooper holds a J.D. from Chase College of Law, and a B.A. in Elementary Education from the College of the Ozarks, Missouri.

Mary C. Henry, Vice President, Information Services and Planning, is responsible for systems administration and analysis, technical support, and strategic planning. Ms. Henry joined the Corporation in 1994 and previously served as Student Loan Servicing and Customer Service Manager. Her prior employment includes fifteen years with Liberty National Bank & Trust Company, where she served as Vice President of Student and Retirement Services. Ms. Henry is a graduate of Bellarmine College, Louisville, with an M.B.A., and a graduate of the University of Louisville, with a B.S. in Commerce.

Kathleen B. Vogt, Controller, is responsible for accounting systems, financial reporting, budgeting and accounting operations. Before joining the Corporation in 1997, she served five years as Director of Audit for the Kentucky Housing Corporation. Prior to that, Ms. Vogt was employed by Deloitte and Touche. Ms. Vogt is a Certified Public Accountant and holds an M.B.A. from the University of Louisville and a B.A. in Accounting from Bellarmine College, Louisville.

Sally L. Wagner, Student Loan Servicing Manager, is responsible for loan servicing operations, loan acquisitions and origination, and portfolio conversions. Ms. Wagner joined the Corporation in 1994 and previously served as Loan Servicing Administrative Supervisor. Ms. Wagner is presently a member of the NCHELP Program Operations Committee. Her previous employment includes economic development and commercial lending positions with the Chester County Development Council in Pennsylvania. Ms. Wagner holds an M.B.A. from Corpus Christi State University, Texas, and a B.S. degree in Psychology and Economics from Stephen F. Austin State University, Texas.

Lee E. Watkins, Client Relations Manager, is responsible for business development and marketing activities. Prior to his employment with the Corporation in 1995, he served as Associate Director, Education Finance Service, with the College Board in Atlanta for five years, and served a total of twenty-four (24) years at Western Kentucky University, as Director and Assistant Director of Student Financial Aid. Mr. Watkins holds a B.S. degree from Western Kentucky University.

The Corporation's Education Finance and Servicing Activities

General. The Corporation's Education Finance and Servicing Activities currently include: (i) the origination and secondary market acquisition of education loans originated pursuant to the Federal Family Education Loan Program ("FFELP Loans") and the federal Health Education Assistance Loan Program ("HEAL Loans"); (ii) the financing of FFELP Loans; and (iii) the servicing of FFELP Loans and of other education loans. The Corporation reserves the right to expand its Education Finance Activities to include the origination, acquisition and financing of other education loans, subject to compliance with applicable law and contractual requirements. The 1999 Bonds are being issued for the purpose of providing funds for the financing, or refinancing, of FFELP Loans. The General Bond Resolution conditions the expenditure of funds which are credited to the Loan Account to finance education loans other than FFELP Loans upon receipt of a Rating Affirmation.

FFELP Loan Origination and Acquisition. The Corporation is an eligible lender for purposes of the Federal Family Education Loan Program and originates FFELP Loans both for its own account and on behalf of other eligible lenders. Certain origination functions are performed for the Corporation by KHEAA. In addition, the Corporation acquires FFELP Loans from other eligible lenders, both pursuant to ongoing contractual obligations and on a transactional basis. One hundred twelve lending institutions currently refer loan applications to the Corporation for origination and four lending institutions currently participate in the secondary market program.

FFELP Loan Financing. The Corporation has heretofore issued several series of its Insured Student Loan Revenue Bonds, of which \$264,790,000 remained outstanding as of June 15, 1999, (the "Insured Student Loan Revenue Bonds") pursuant to a general bond resolution adopted by the Corporation on June 10, 1983, as amended and supplemented from time to time (the "1983 Resolution"). The Insured Student Loan Revenue Bonds are secured as provided by the 1983 Resolution and are not secured by the General Bond Resolution, or by any interest in the Trust Estate pledged under the General Bond Resolution to the payment of the 1999 Bonds. Prior to 1997, all FFELP Loans acquired by the Corporation were financed through application of proceeds of Insured Student Loan Revenue Bonds. The 1983 Resolution permits the application of funds held thereunder to finance FFELP Loans which are guaranteed by KHEAA or insured directly by the Secretary of Education and HEAL Loans.

The Insured Student Loan Revenue Bonds are not payable from the Loans or other assets included in the Trust Estate established under the General Bond Resolution. No education loan or other asset pledged under the 1983 Resolution to secure Insured Student Loan Revenue Bonds issued thereunder is pledged to secure or expected to be available to fund payment of the 1999 Bonds.

The Corporation reserves the right: (i) to issue additional Insured Student Loan Revenue Bonds to finance and refinance FFELP Loans; (ii) to enter into financing agreements which are secured on a basis separate and apart from the 1999 Bonds and from the Insured Student Loan Revenue Bonds in connection with its Education Finance Program; (iii) to finance education loans which are newly originated or acquired by the Corporation pursuant to any financing arrangement under which funds are available therefor; and (iv) to effect the release of education loans from the lien of any financing arrangement, including the General Bond Resolution, in accordance with the terms thereof through application of amounts available therefor pursuant to any financing arrangement, including the General Bond Resolution.

Outstanding Student Loan Revenue Bonds. The following chart sets forth the Outstanding Student Loan Revenue Bonds under the General Bond Resolution of the Corporation:

Series Designation	Original Amount	Amount Outstanding as of June 15, 1999

* The Corporation has established certain allowances for losses on insured Student Loans which are reflected in its financial statements but not in the preceding summaries.

Availability of Student Loans. The Corporation expects to apply all proceeds of the 1999 Bonds which are to be initially deposited in the Loan Account to refinance or to fund the origination and acquisition of FFELP Loans prior to July 31, 2000. The aggregate amount of projected Corporation purchase commitments pursuant to existing contractual obligations during this period is approximately \$25,000,000. See "USE OF PROCEEDS", "DESCRIPTION OF THE 1999 BONDS -- Redemption Provisions", "YEAR 2000 DISCLOSURE" and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters". The General Bond Resolution permits the periodic transfer from the Revenue Account to the Loan Account of Revenues in excess of required Revenue Account applications. See Appendix B -- "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS -- The General Bond Resolution -- Revenue Account".

The 1993 amendments to the Higher Education Act authorized the implementation of a competing program of direct federal lending. Such implementation may result in an increasing reduction in the volume of FFELP Loans. The federal direct lending program also authorized the Secretary to offer borrowers consolidation loans with income contingent terms if such borrowers are unable to obtain loans with income sensitive repayment terms from any other lender. The number or the dollar volume of FFELP Loans originated, acquired or held by the Corporation or guaranteed by KHEAA may decrease as a result of such implementation and such a decrease may not be proportionate to the percentage by which such implementation reduces the number or the dollar volume of FFELP Loans nationally. Moreover, replacement of FFELP Loans by direct federal lending or some other federal program might affect the availability of FFELP Loans for purchase by the Corporation. While authorization of the Federal Family Education Loan Program and its predecessors has been repeatedly extended, there can be no assurance as to the likelihood of further extension or of any change in present federal policy relative to the financing of post-secondary education. The Corporation does not expect, however, the development of federal policy to have a material adverse effect upon its ability to pay Debt Service on its Bonds in a timely fashion or to discharge its obligations under the Resolutions. The Corporation further expects that the majority of Student Loans to be acquired, originated or refinanced will be Student Loans which have been originated subsequent to January 1, 1997. See "DESCRIPTION OF THE 1999 BONDS -- Redemption Provisions" herein and Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Legislative and Administrative Matters -- *Certain Recent Developments*" and " -- Federal Direct Student Loans".

Servicing of FFELP Loans and Other Education Loans. The Corporation currently expects to service all Student Loans held under the Resolutions. It currently services approximately \$406,761,000 outstanding principal amount of FFELP Loans which are pledged to secure the General Bond Resolution or the 1983 Resolution and approximately \$127 million of FFELP Loans and other education loans on behalf of other eligible lenders pursuant to servicing agreements, including servicing agreements which provide for the acquisition by the Corporation of the FFELP Loans serviced. In addition, the Corporation collects approximately \$62,226,000 of FFELP loans and other education loans under contract on a commission basis. The Corporation's servicing obligations pursuant to such servicing agreements are without recourse to assets pledged to secure any Corporation financings, including the Trust Estate established under the General Bond Resolution to secure the 1999 Bonds. The Corporation currently subcontracts certain FFELP Loan servicing functions. The Corporation deposits all FFELP Loan payments upon receipt into clearing accounts with financial institutions and periodically transfers payments from such clearing accounts to the applicable fiduciary or eligible lender.

The Corporation currently services its FFELP Loans utilizing software purchased from IFA Systems, a division of Idaho Financial Associates, Inc., which has been in the student loan business for over 15 years. The Corporation has entered into an agreement with IFA Systems pursuant to which IFA has agreed to provide, from time-to-time, program changes in order to assure that the Corporation is able to comply with changes in provisions of the Higher Education Act. IFA Systems also makes certain other changes requested by the Corporation in its role as servicer for various types of loans. See "YEAR 2000 DISCLOSURE".

The Higher Education Act requires that the Corporation and its agents and employees exercise "due diligence" in the servicing and collection of FFELP Loans. The Higher Education Act defines "due diligence" to require the holders of a FFELP Loan to utilize collection practices at least as extensive and forceful as those generally practiced by financial institutions for the collection of consumer loans. Federal regulations prescribe a series of actions that must be taken by a lender in the collection of delinquent (past due) FFELP Loans. Additionally, those regulations set forth specific requirements that a lender or holder of FFELP Loans must meet to constitute due diligence in the making, disbursing, and servicing of FFELP Loans. Failure to exercise such reasonable care and diligence may result in the disqualification of an "eligible lender" (which could include the Corporation as a holder of FFELP Loans) from further federal insurance payments on affected loans if the applicable guaranty agency determines that the foregoing standards have not been met. The Corporation or a lender may not relieve itself of its responsibility for meeting these standards by delegation to any servicing agent and, accordingly, if any third party servicer of the Corporation's FFELP Loans fails

to meet such standards, the Corporation's ability to realize the benefits of the guaranty agency's insurance payments may be adversely affected.

The Higher Education Act requires that a guaranty agency ensure that due diligence be exercised by lenders in making, servicing and collecting FFELP Loans guaranteed by the guaranty agency. Each guaranty agency must establish procedures and standards for due diligence which are consistent with federal standards. If the Corporation or any third party servicer of the Corporation's FFELP Loans does not comply with the due diligence standards established by the Higher Education Act and federal regulations, then the Corporation's ability to realize the benefits of guarantee payments and the guaranty agency's ability to realize the benefits of federal reinsurance payments may be adversely affected.

The Corporation retains the right to provide for administration of its Education Finance Program in the most economically efficient manner, subject to its contractual obligations in connection with financings. The Corporation has reserved the right to assist student borrowers by reducing up front fees, implementing interest rate discounts to reward borrowers for a history of timely payments, or other borrower benefits, which may have the effect of reducing loan yield with respect to student loans, provided that the Corporation obtains a Rating Affirmation. The Corporation expects to offer certain of these benefits beginning July 1, 1999.

Prior to an Event of Default, the Trustee has no duties or obligations to service or collect or monitor the servicing and collecting of Student Loans by the Corporation as servicer or any other subservicer. Nor shall the Trustee be responsible for accounting and reporting functions required under the Higher Education Act to preserve the guarantee of the guarantee agency or the insurance of the Secretary on the Student Loans.

Prior to an Event of Default, the Corporation, and not the Trustee, is the custodian of the Student Loan Notes. The Trustee shall have no responsibility for loss of or damage to the Student Loan Notes held by the Corporation as the custodian or by its agents. The Corporation as custodian, and not the Trustee, is responsible for reviewing and servicing, respectively, each Student Loan and safekeeping and preserving it. The Trustee shall have no responsibility or liability for examination, safekeeping, preserving, or servicing of the Student Loans.

The Trustee may have certain duties relating to the foregoing matters specified in the preceding two paragraphs upon the occurrence of an Event of Default, as provided in the General Bond Resolution.

YEAR 2000 DISCLOSURE

General

The "Year 2000 Issue" ("Y2K") arises because most computer software programs allocate two digits to the data field for "year" on the assumption that the first two digits will be "19". Such programs will thus interpret the year 2000 as the year 1900, the year 2001 as 1901, etc., absent reprogramming. Y2K affects both computer hardware (i.e., the embedded logic of computer chips) and computer software, and could impact both the ability to enter data into computer programs and the ability of such programs to correctly process data. Y2K affects the computer applications of the Corporation as well as those of other entities with whom the Corporation interacts, including Guarantors such as KHEAA, the Department, the Trustee, the Auction Agent, the Market Agent and any Broker-Dealer.

The Corporation

The Corporation is assessing the impact of Y2K on its computer applications. Although such assessment is ongoing, the Corporation has determined that certain computer applications are mission-critical, certain are critical, and certain are supportive. Mission-critical computer applications are those for which there are no reliable manual alternatives, and for which failure to be in Y2K compliance would prevent the entity from fulfilling its mission. Critical

computer applications are those for which there are manual alternatives, but the entity would be unlikely to be able to fully or efficiently perform the functions manually, because of the volume of manual activity that would be required. Supportive computer applications are those for which there are manual alternatives and the entity expects to be able to perform such functions manually, if necessary.

The Corporation currently services and expects to continue to service all of its FFELP Loans utilizing student loan servicing system software purchased from IFA Systems. See "The CORPORATION - The Corporation's Education Finance and Servicing Activities - *Servicing of FFELP Loans and Other Education Loans*". IFA Systems has advised the Corporation that IFA Systems has completed Y2K analysis, program correction and testing with respect to its student loan servicing system software and, to the best of IFA System's knowledge, such software is Y2K compliant. In addition, the Corporation has tested its internal computer applications affecting its Student Loan servicing and collection activities and, to the best of the Corporation's knowledge, has remediated such applications. The Corporation considers remediation, in this context, to mean either the successful conversion of an existing computer application or the replacement of an existing application with a new application. The Corporation has scheduled additional follow-up testing of its internal computer applications and expects to complete such testing by June 30, 1999. The Corporation is continuing the testing and remediation of the electronic interfaces between the Corporation's internal computer applications and the computer applications of other entities and currently expects to materially complete such procedures prior to January 1, 2000. The Corporation is not currently aware of any non-compliance by its yet untested computer applications or electronic interfaces or of any costs to achieve Y2K compliance that will have a material negative impact on its operations or financial status except as described under "Other Entities"; however, the Corporation can give no assurance that circumstances will not change.

Other Entities

General. The Corporation has solicited information from other persons whose Y2K compliance could affect the Corporation regarding the status of their assessment, testing and remediation of their computer applications. Of the persons that have responded to date, all expect to achieve compliance in a manner that will not have a materially negative effect on the Corporation's operations. The Corporation does not have full and complete information, however, from these other persons regarding the status of implementing Y2K compliance. Any failure by some or all of these persons to be in Y2K compliance may have a material negative impact on the Corporation's operations or financial status. The following statements regarding Year 2000 compliance have been provided by KHEAA, the Department of Education, DTC, the Trustee, the Auction Agent and the Market Agent. Other than its own statement, the Corporation makes no representation as to the accuracy of such statements. The information provided below has not been independently verified by the Corporation or the Underwriter and should not be construed as a representation by the Corporation or the Underwriter or their respective counsel as to its accuracy, completeness or otherwise.

KHEAA Computer Applications. The Corporation currently expects that substantially all Loans securing the 1999 Bonds as of January 1, 2000 will be guaranteed by KHEAA. See "USE OF PROCEEDS". In addition, the Corporation currently relies upon KHEAA to effect Student Loan origination and to determine the in school status of borrowers. KHEAA has advised the Corporation that KHEAA's existing mission-critical student loan systems are fully Y2K compliant.

The Department of Education. The Department of Education (the "Department") submits its Year 2000 Quarterly Reports (collectively the "Report") to the Office of Management and Budget. The full text of the Report is available on the World Wide Web at <http://www.ed.gov/offices/OCIO/year/y2k37.html> and from the Department's offices located at 600 Independence Avenue, SW, Washington, DC 20202. Prospective purchasers of the 1999 Bonds should consult the full text of the Report and the information, if any, made public by the Department after the date of the Report.

DTC Year 2000 Efforts. DTC management is aware that some computer applications and systems for processing data ("Systems") that are dependent upon calendar dates, including dates before, on and after January 1,

2000, may encounter "Year 2000" problems. DTC has informed its Participants and other members of the financial community (the "Industry") that DTC has developed and is implementing a program so that its Systems, as the same relate to the timely payment of distributions (including principal and interest payments) to security holders, book-entry deliveries and settlement of trades within DTC ("DTC Services"), continue to function appropriately. This program includes a technical assessment and a remediation plan, each of which is complete. Additionally, DTC's plan includes a testing phase, which is expected to be completed within appropriate time frames.

However, DTC's ability to perform DTC Services properly is also dependent upon parties, including but not limited to issuers and their agents, as well as third party vendors on whom DTC relies for information or the provision of services, including telecommunication and electrical utility service providers, among others. DTC has informed the Industry that it is contacting (and will continue to contact) third party vendors from whom DTC acquires services to: (1) impress upon them the importance of such services being Year 2000 compliant; and (2) determine the extent of their efforts for Year 2000 remediation (and, as appropriate, testing) of their services. In addition, DTC is in the process of developing such contingency plans as it deems appropriate.

The foregoing information with respect to DTC has been provided to the Industry for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

The Trustee. The following is a Year 2000 readiness disclosure regarding Bank One's Global Corporate Trust Services Business Unit's (the "Business Unit") Year 2000 program.

Federal regulatory agencies recommended that all financial institutions have their programming changes and internal testing for mission-critical applications substantially complete by December 31, 1998. As of April 30, 1999, 95% of Bank One's affected information technology applications were tested and returned to production. All applications related to the Business Unit's trust system, bond processing and payment system were certified as compliant prior to December 31, 1998. Our corporate-wide data centers, telecommunications systems, security systems, desktop PCS and servers, and office equipment have undergone extensive testing and are largely Year 2000-ready.

By June 30, 1999, the Business Unit is scheduled to complete internal and external interface testing, including testing with The Depository Trust Company. In addition, a risk management strategy is in place to address desktop and physical infrastructure, equipment, vendor and business partner readiness, and contingency planning. The Business Unit anticipates that all systems and processes will be fully prepared for the Year 2000.

The Auction Agent. Bankers Trust is committed to be coming Year 2000 compliant by the first quarter of 1999 to meet the needs of its clients now and into the next century. Banker's Trust's goal and corporate policy is to continue to provide its full range of products and services without interruption.

Like all members of the global financial services community, and as a key financial services provider, Bankers Trust recognizes that the Year 2000 problem presents many risks. To address these risks, Bankers Trust has created the "Bankers Trust Year 2000 Program", a global effort among its businesses working in cooperation with clients, external technology providers, participants and regulators.

Year 2000 Program Management Office. The Year 2000 Program Management Office is coordinating the Bankers Trust Year 2000 Program, supported by substantial resources and a strong commitment from senior management. The Program Management Office staff provides company-wide technical support and oversight for Year 2000 initiatives, working closely with "Year 2000 Managers" within each business line and corporate support function. The Year 2000 Managers serve as liaisons to the business and technology community now actively engaged in Year 2000 compliance testing activities.

Bankers Trust Year 2000 Program Plan. The Bankers Trust Year 2000 Plan has been organized into three broad phases:

(i) **Inventory/Assess:** Bankers Trust technology groups have inventoried the operational business systems they maintain and completed an assessment of each application's Year 2000 readiness. Among the thousands of applications that have been reviewed, some have no Year 2000 problems, others are being replaced with compliant technology or retired, while many require corrective maintenance and testing. The Inventory/Assess phase has been completed.

(ii) **Plan/Remediate:** Noncompliant technology, ranging from large-scale applications to individual network components, will be repaired, replaced or retired, depending on the business plans and priorities of each business line. This phase is substantially complete.

(iii) **Testing:** Testing, the critical phase of most Year 2000 projects, is performed by the technology and business unit teams supporting each application. Regression testing confirms that existing application functionality is preserved after remediation, while compliance testing verifies that applications meet Year 2000 compliance criteria. Compliance testing is conducted at several levels: System, User Acceptance, Intrabusiness, Bankwide and Industrywide. Testing results verifying Year 2000 compliance are approved by both business and technology management and subjected to an internal independent review. The System, User Acceptance and Intrabusiness testing are substantially complete. Bankwide and Industrywide testing will continue through the second quarter of 1999.

Bankers Trust is viewing late 1998 and 1999 as a "production assurance" period, and expects to participate in industry-wide readiness testing now being planned by groups like the Securities Industry Association.

Please visit Bankers Trust's web site at www.bankerstrust.com/y2k or contact a Bankers Trust relationship manager if more information is needed about the Bankers Trust Year 2000 Program.

The Market Agent and Initial Broker-Dealer. The Market Agent and Initial Broker-Dealer has advised the Corporation that the Market Agent and Initial Broker-Dealer has completed the Y2K compliance assessment of its internal computer applications and the remediation and internal testing with respect to all of its internal computer applications.

GUARANTY AGENCIES

General

The Resolutions permit the application of amounts credited to the Loan Account to finance FFELP Loans which are guaranteed or insured: (i) by KHEAA; (ii) by any other guaranty agency under the Higher Education Act, subject to receipt of a Rating Affirmation; and (iii) by any successor to the obligations of any such entity. The Corporation expects to apply all 1999 Bond proceeds to be initially deposited in the Loan Account to finance FFELP Loans which are guaranteed by KHEAA, but reserves the right to apply amounts credited to the Loan Account to finance other education loans in compliance with the Resolutions.

The Kentucky Higher Education Assistance Authority

The Kentucky Higher Education Assistance Authority is a public corporation and governmental agency and instrumentality of the Commonwealth of Kentucky established in 1966 to serve the public purpose of improving opportunities for higher education by insuring student loans for students eligible under the Higher Education Act; providing loans, grants, and scholarship awards to qualified Kentucky students; and offering information relating to KHEAA programs to Kentucky residents.

The powers of KHEAA with respect to insuring student loans include: (i) providing loan insurance within the limitations of Kentucky law and the Higher Education Act, the loan in each case to be subject to agreements providing for interest payments, reimbursements, reinsurance and other benefits to the extent provided by the Higher Education Act; (ii) entering into agreements and undertakings with the Secretary in order to constitute KHEAA as a state agency qualified to insure student loans under the Higher Education Act and to qualify such student loans for interest subsidies, reimbursement, reinsurance, and other benefits available under the Higher Education Act; (iii) entering into contracts with eligible lenders and eligible education institutions to provide for the administration of student financial assistance programs; (iv) collecting from the borrower amounts due under a student loan on which KHEAA has fulfilled its insurance obligations following the inability of the holders to collect such loan; (v) approving, limiting, suspending, or terminating the eligibility of educational institutions or lenders to participate in KHEAA's Loan Guarantee Program, subject to the provisions of the Higher Education Act and applicable Kentucky law; (vi) if any conflict exists between applicable State law and the Higher Education Act that would result in a loss by KHEAA of federal funds, adopting rules, regulations, and policies consistent with the Higher Education Act, but which are not in derogation of the Constitution and general laws of the Commonwealth; (vii) administering federal funds allotted to the Commonwealth in respect of student loans, administrative costs, and other matters; and (viii) receiving funds and acquiring property from any source, public or private, except that KHEAA has no power to make its debts payable out of any funds other than those of KHEAA.

In addition to its student loan guarantee functions, KHEAA offers origination services to lenders, administers two state Grant Programs, one merit scholarship program, one teacher incentive loan program, one osteopathic medicine scholarship program and the state work-study program in order to provide financial assistance to eligible students. Such programs are substantially funded by the Commonwealth of Kentucky supplemented by federal funds. Effective May 10, 1990, responsibilities for the Kentucky Education Savings Plan Trust (Trust) were transferred to KHEAA by Executive Order 90-433 ratified by the Kentucky General Assembly. The Trust offers opportunities for families to save for future college costs. Trust funds are fully segregated from all other funds managed by KHEAA.

KHEAA is governed by its Board of Directors, which may officially act by a majority of its voting members. The Board of Directors of KHEAA consists of seven voting members appointed by the Governor of the Commonwealth for terms of four years each and the Executive Director of the Council on Postsecondary Education of the Commonwealth and the Secretary of the Finance and Administration Cabinet of the Commonwealth, each of whom serve as non-voting, *ex officio* members.

The Executive Director of KHEAA is Paul P. Borden; the Chief Operating Officer is Londa L. Wolanin. KHEAA's office is located at 1050 U.S. 127 South, Frankfort, Kentucky 40601, telephone number (502) 696-7200.

KHEAA's Loan Guarantee Program. In November 1978 KHEAA commenced guaranteeing student loans as the state guarantee agency of the Commonwealth of Kentucky under Section 428(c) of the Higher Education Act and in accordance with Kentucky law and KHEAA's agreements with the Secretary.

Pursuant to KHEAA's Loan Guarantee Program, any eligible holder of a loan guaranteed by KHEAA is entitled to reimbursement from KHEAA to the maximum extent permitted by the Higher Education Act for any proven loss incurred resulting from the default, death, permanent and total disability, or discharge in bankruptcy of the borrower and with respect to certain other claims. At the time KHEAA pays a claim for reimbursement of a defaulted loan, the holder must assign to KHEAA all rights accruing to the holder under the note.

On April 18, 1995, an agreement between the Alabama Commission on Higher Education (ACHE) and KHEAA was approved by the U.S. Department of Education for the transition of the Alabama Guaranteed Student Loan Program to KHEAA. KHEAA began to guarantee FFELP Loans for lenders and students in the state of Alabama on June 2, 1995. KHEAA was designated by the U. S. Department of Education as the guarantor for Alabama effective July 1, 1996.

Loan Insurance Fund. Pursuant to Kentucky Revised Statutes Sections 164.740 through 164.785, KHEAA has established a Loan Insurance Fund used to account for all loan guarantee functions.

Sources of funds for the Loan Insurance Fund are insurance premiums for loans guaranteed, administrative expense allowance from the Secretary, reinsurance from the Secretary for default and other claims paid, default collections, and investment income derived from such funds; uses of funds are default and other claims on loans guaranteed, and operating expenses for loan guarantee functions.

Pursuant to Kentucky Revised Statutes, Sections 164.740 to 164.785, as amended, KHEAA is authorized to issue loan guarantees to eligible lenders on any loans to qualified students, provided that no additional loans may be guaranteed if the total amount of all outstanding student loans guaranteed by KHEAA exceeds seventy-five times the funds available in the Loan Insurance Fund. Funds available in the Loan Insurance Fund are calculated on the basis of the net assets before deducting unearned insurance premiums, which equals the fund balance plus unearned insurance premiums. Funds available in the Loan Insurance Fund are restricted by federal regulations and the Higher Education Act.

Outstanding loan guarantee commitments by ACHE, on which no claims had been filed or paid, were assumed by KHEAA on December 31, 1995. Accounts held by ACHE on which default claims were paid prior to April 15, 1993, that remained in active repayment status and accounts held by ACHE on which default claims were paid after April 15, 1993, were transferred to KHEAA prior to June 30, 1996. Following the transfer of defaulted accounts, remaining Alabama federal reserve funds were transferred to KHEAA and credited to the Loan Insurance Fund.

The Secretary has advised KHEAA that, pursuant to the 1997 Amendments, KHEAA must pay approximately \$14 million (its proportionate share of guarantee agency reserves to be paid for federal deficit reduction) to the Secretary on September 1, 2002, and make annual restricted account deposits toward such payment beginning in federal fiscal year 1998 of approximately \$2.8 million. See Appendix A -- "SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM -- Federal Insurance and Reinsurance and Reimbursement of Guaranty Agencies".

The following table summarizes the student loans guaranteed by KHEAA (and reinsured by the Secretary) annually, the aggregate outstanding guarantee commitment for the periods indicated, and KHEAA's Claims Rate for purposes of reinsurance. The Coverage Ratio set forth below is determined by dividing the funds available in the Loan Insurance Fund by the principal amount of the aggregate outstanding guarantee commitment.

<u>Fiscal Year Ended June 30</u>	<u>Annual Principal Amount of Loans Guaranteed</u>	<u>Aggregate Principal Guarantee Commitment</u>	<u>Coverage Ratio</u>	<u>Claims Rate**</u>
1994	\$187,999,654	\$ 667,407,110	3.76	4.07
1995	251,724,866	847,996,181	3.33	4.28
1996	258,667,310 *	1,584,863,271	2.54	4.79
1997	314,023,470	1,625,863,960	2.60	4.22
1998	330,006,170	1,637,204,817	2.35	3.88

*An additional amount of \$646,928,418 was transferred to KHEAA from ACHE.

**At federal fiscal year ending September 30.

No Pledge of KHEAA's Funds and Assets. The funds and assets of KHEAA are not pledged to or available for payment of the Bonds.

CONTINUING DISCLOSURE

General

In accordance with the requirements of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission (the "SEC"), the Corporation will enter into separate continuing disclosure undertakings (each a "Continuing Disclosure Agreement") with the Trustee for each of the Senior Series 1999A Bonds and the Senior Series 1999B Bonds which shall constitute a written undertaking for the benefit of the respective owners of such Bonds, solely to assist the Underwriter in complying with subsection (b) (5) of the Rule.

The Corporation will agree in each Continuing Disclosure Agreement to provide to the Trustee, which shall provide within 5 Business Days after receipt thereof, to each nationally recognized municipal securities information repository and any public or private repository or entity designated by the State as a state repository for purposes of subsection (b) (5) of the Rule (each, a "Repository"), annual financial information and operating data (the "Annual Financial Information") relating to it and any Additional Obligated Persons (defined below) covering the matters described under "Annual Financial Information" below. The Corporation will also agree to provide to each Repository, in a timely manner, notice of any of the events ("Event Notice") if determined by the Corporation to be material, as described under "Event Notices" below.

The Corporation has never failed to comply in all material respects with any previous undertakings with regard to said Rule to provide Annual Financial Information or notices of material events. The on-going disclosure obligations of the Corporation shall terminate upon the full payment, prior redemption or legal defeasance of the Senior Series 1999A Bonds or the Senior Series 1999B Bonds, as applicable, or with respect to any Additional Obligated Person, at the time that the party no longer meets the definition of Additional Obligated Person.

The Corporation may appoint or engage a dissemination agent to assist in carrying out its obligations under the Continuing Disclosure Agreements.

The Corporation may amend each Continuing Disclosure Agreement, and waive any provision thereof, by written agreement of the parties, without the consent of the respective owners of the Senior Series 1999A Bonds or the Senior Series 1999B Bonds, as applicable (except to the extent required under clause (4)(ii) below) if all of the following conditions are satisfied: (1) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the Corporation or any Additional Obligated Person or the type of business conducted thereby; (2) the applicable Continuing Disclosure Agreement as so amended would have complied with the requirements of the Rule as of the date of such Continuing Disclosure Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; (3) the Corporation shall have delivered to the Trustee an opinion of nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the Corporation and the Trustee, to the same effect as set forth in clause (2) above; (4) either (i) the Corporation shall have delivered to the Trustee an opinion of nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the Corporation and the Trustee, to the effect that the amendment does not materially impair the interests of the holders of the Senior Series 1999A Bonds or the Senior Series 1999B Bonds, as applicable, or (ii) the holders of the Senior Series 1999A Bonds or the Senior Series 1999B Bonds, as applicable, consent to the amendment to the applicable Continuing Disclosure Agreement pursuant to the same procedures as are required for amendments to the Resolutions with consent of holders of the Senior Series 1999A Bonds or the Senior Series 1999B Bonds, as applicable, pursuant to the terms of the Resolutions as in effect on the date of such Continuing Disclosure Agreement; and (5) the Corporation shall have delivered copies of such opinion and amendment to each Repository.

In the event of default by the Corporation of its obligations under any Continuing Disclosure Agreement to provide continuing disclosure, the beneficial owners of the Senior Series 1999A Bonds or the Senior Series 1999B

Bonds, as applicable, and the Trustee on behalf of such owners may take action to compel compliance, provided that any enforcement action by any such person shall be limited to a right to obtain specific enforcement of the Corporation's obligations under the applicable Continuing Disclosure Agreement. No such default under either Continuing Disclosure Agreement shall constitute an Event of Default under the Resolutions.

Annual Financial Information

The Corporation will provide Annual Financial Information for the Corporation and any Additional Obligated Person within 270 days of the end of such party's fiscal year (the "Reporting Date"), beginning with the fiscal year in each case ending on or after January 1, 1999. Such Annual Financial Information shall consist of the following information:

(I) Annual audited financial statements for the Corporation and for any Additional Obligated Person prepared in accordance with generally accepted accounting principles.

(II) An update of the tabular information presented under the heading "THE CORPORATION" or the heading "GUARANTY AGENCIES" in this Official Statement.

If the audited financial statements for the Corporation or the Additional Obligated Person, as the case may be, are not available by the Reporting Date, unaudited financial statements of the Corporation or an Additional Obligated Person, as the case may be, are to be provided as part of the applicable Annual Financial Information and audited financial statements for the Corporation or an Additional Obligated Person, as the case may be, when and if available, will be provided to the Trustee and each Repository. If the fiscal year of the Corporation or an Additional Obligated Person, as the case may be, changes, the Corporation or an Additional Obligated Person, as the case may be, shall give notice of such change in the same manner and time as an Event Notice.

Event Notice

In addition to the Annual Financial Information described above, the Corporation will also agree to provide an Event Notice upon the happening of and with respect to any of the following events, if material, with respect to the applicable Series of 1999 Bonds:

- (1) Principal and interest payment delinquencies;
- (2) Nonpayment related defaults;
- (3) Unscheduled draws on the debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions or events adversely affecting the tax exempt status of the Senior Series 1999B Bonds.
- (7) Modifications to rights of owners of the applicable Series of 1999 Bonds;
- (8) Calls of the applicable Series of 1999 Bonds;
- (9) Defeasances;
- (10) Release, substitution or sale of assets securing repayment of the applicable Series of 1999 Bonds; and
- (11) Rating changes.

Definitions

"Additional Obligated Person" means, prior to receipt by the Trustee of a Negative Opinion or the issuance of a written interpretation by the Staff of the Securities and Exchange Commission, any Guarantor that is guaranteeing student loans having an aggregate principal amount of at least 20% of the aggregate principal amount of all Student Loans.

"Negative Opinion" means an opinion with respect to a person or entity that is issued by a nationally recognized bond counsel firm or counsel expert in federal securities laws, which counsel and opinion are in form and substance acceptable to the Corporation, to the effect that such person or entity does not constitute an "obligated person" with respect to the Senior Series 1999A Bonds or the Senior Series 1999B Bonds, as applicable, within the meaning of the Rule.

TAX MATTERS

Federal Taxation Generally

Certain Federal Tax Information with respect to Senior Series 1999A Bonds. In the opinion of Hawkins, Delafield & Wood, Bond Counsel, under existing statutes and court decisions, interest on the Senior Series 1999A Bonds is included in gross income for federal income tax purposes pursuant to the Internal Revenue Code of 1986, as amended (the "Code").

Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Senior Series 1999A Bonds, as well as any tax consequences arising under the laws of any state or other taxing jurisdiction.

Certain Federal Tax Information with respect to Senior Series 1999B Bonds. On the date of delivery of the Senior Series 1999B Bonds, the Corporation and the Trustee will execute an agreement (the "Tax Regulatory Agreement") wherein the Corporation will covenant that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that interest paid on the Senior Series 1999B Bonds will not be included in gross income under Section 103 of the Code. Assuming the Corporation complies with the provisions and procedures set forth in the Tax Regulatory Agreement, in the opinion of Hawkins, Delafield & Wood, Bond Counsel, interest on the Senior Series 1999B Bonds is not included in gross income for federal income tax purposes pursuant to the Code, under existing statutes and court decisions.

The Code establishes certain requirements that must be met subsequent to the issuance and delivery of the Senior Series 1999B Bonds in order that interest on the Senior Series 1999B Bonds be and remain not includable in gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use, investment and expenditure of bond proceeds and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause interest on such obligations to become subject to federal income taxation retroactive to their date of issue, irrespective of the date on which such compliance is ascertained. The Tax Regulatory Agreement will contain provisions and procedures pursuant to which such requirements can be satisfied.

The Code imposes an alternative minimum tax ("AMT") with respect to individuals and corporations on AMT income. **The interest on the Senior Series 1999B Bonds is a specific preference item for purposes of the AMT for both corporations and individuals.**

The Code also imposes a tax on excess net passive income of certain S Corporations that have accumulated earnings and profits. Passive investment income includes interest on tax-exempt obligations. In addition, such interest is includable in the computation of the foreign branch profits tax that may be imposed on corporations.

The Code further provides that interest on the Senior Series 1999B Bonds is includable in the calculation of modified adjusted gross income in determining whether a portion of Social Security or railroad retirement payments are to be included in taxable income of individuals. Moreover, the Code denies a deduction for interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations such as the Senior Series 1999B Bonds. In addition, taxpayers who are otherwise eligible for the earned income credit may be denied such credit if they earn disqualified income, including interest on the Senior Series 1999B Bonds.

Holders of the Senior Series 1999B bonds should consult their tax advisors with respect to the calculation of AMT, foreign branch profits tax liability, the taxation of net passive income of S Corporations, the deductibility of interest on obligations incurred or continued to purchase or carry the Senior Series 1999B Bonds, the eligibility of a taxpayer for the earned income credit or the inclusion of Social Security or other retirement payments in taxable income.

The following provisions of the Code should also be noted: (a) with respect to property and casualty insurance companies for taxable years beginning after 1986, deductible underwriting losses would be reduced (in certain cases below zero) by a percentage of the interest received on tax-exempt obligations acquired after August 7, 1986; and (b) subject to certain limited exceptions, no deduction would be allowed a financial institution for taxable years ending after 1986 for that portion of the institution's interest expense that is allocable to debt incurred or continued to purchase or carry tax-exempt obligations acquired after August 7, 1986.

Tax and budgetary legislation affecting municipal bonds, such as the Senior Series 1999B Bonds, is frequently being considered by the United States Congress. There can be no assurance that legislation enacted or proposed after the date of issuance of the Senior Series 1999B Bonds will not have an adverse effect on the tax exempt status or market price of the Senior Series 1999B Bonds.

State Taxation

Hawkins, Delafield & Wood, Bond Counsel, is also of the opinion that, under existing statutes, Senior Series 1999A Bonds and the Senior Series 1999B Bonds, the income thereon, and the transfer thereof, including any profit made on the sale thereof, shall at all times be exempt from taxation or assessment of any type by the Commonwealth, its agencies and departments and by all political subdivisions within the Commonwealth.

LEGALITY FOR INVESTMENT

Subject to any applicable federal requirements or limitations, the 1999 Bonds in the Commonwealth, are securities in which all public officers and public bodies of the Commonwealth, political subdivisions thereof, insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital, in their control or belonging to them.

ABSENCE OF MATERIAL LITIGATION

There is no controversy or litigation of any nature pending or threatened to restrain or enjoin issuance, sale, execution or delivery of the 1999 Bonds, or in any way contesting or affecting the validity of the 1999 Bonds, any proceedings of the Corporation taken with respect to the issuance of sale thereof; and as of the date hereof, there is no litigation pending or threatened, which would materially adversely affect the pledge or application of any moneys or security provided for the payment of the 1999 Bonds or the powers of the Corporation.

APPROVAL OF LEGALITY

Certain legal matters in connection with the 1999 Bonds are to be passed upon by Hawkins, Delafield & Wood, New York, New York, Bond Counsel. Certain legal matters are to be passed upon for the Underwriter by its counsel, Krieg DeVault Alexander & Capehart, LLP, Indianapolis, Indiana. The unqualified approving opinion of Bond Counsel to the Corporation shall accompany each of the Senior Series 1999A Bonds and the Senior Series 1999B Bonds substantially in the respective form attached to this Official Statement as Appendix D.

UNDERWRITING

The 1999 Bonds are to be purchased by the Underwriter. The Underwriter is to purchase the Senior Series 1999A Bonds at a purchase price of \$51,130,992.25 and is to purchase the Senior Series 1999B Bonds at a purchase price of \$23,549,132.75.

APPROVAL OF ISSUANCE OF THE 1999 BONDS

Issuance of the 1999 Bonds by the Corporation was approved by the Governor of the Commonwealth. The Corporation expects the issuance of the 1999 Bonds to receive all necessary state approvals.

INDEPENDENT ACCOUNTANTS

The Corporation's financial statements as of June 30, 1998 and 1997 and for the years then ended, included in this official statement, have been audited by PricewaterhouseCoopers LLP, independent accountants, as stated in their report appearing in Appendix C herein.

MISCELLANEOUS

Since the 1999 Bonds are special and limited obligations of the Corporation, payable solely from the Trust Estate pledged under the Resolution, the overall financial status of the Corporation does not indicate and does not necessarily affect whether such revenues and other amounts will be available under the Resolution to pay the principal

of and interest on the 1999 Bonds. The Corporation is not obligated to pay any amounts in respect of principal and/or interest on the 1999 Bonds from any moneys legally available to the Corporation for its general purposes other than those expressly pledged.

The information set forth in this Official Statement relating to the Corporation and KHEAA was obtained from the records of the Corporation and KHEAA and from other sources considered reliable.

All quotations from, and summaries and explanations of, the Higher Education Act, the Act, the State Guarantee Act and the Resolutions contained herein do not purport to be complete and reference is made to such laws and documents for full and complete statements of their provisions. The Appendices attached hereto are part of this Official Statement. Copies of the Act and the Resolutions may be obtained upon written request directed to the Corporation, P.O. Box 24266, Louisville, Kentucky 40224-0266.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact.

This Official Statement is not to be construed as a contract or agreement between the Corporation and the purchasers or owners of any Bonds.

Summary of Certain Provisions of The Federal Family Education Loan Program

[THIS PAGE INTENTIONALLY LEFT BLANK]

SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM

Title IV of the Higher Education Act provides for a program (the "Federal Family Education Loan Program," the "FFEL Program," or the "Program") of loans (collectively, "FFELP Loans") to students and parents of dependent students, which loans are: (i) guaranteed by a state agency or private non-profit corporation and reinsured by the federal government; or (ii) directly insured by the federal government. Several types of FFELP Loans are currently authorized under the Program: (i) fully subsidized loans to students who demonstrate need on the basis of certain tests, presently known as Federal Stafford Loans ("Subsidized Stafford Loans"); (ii) generally similar loans, with respect to the full amount borrowed to students who do not pass such need tests, known as Federal Unsubsidized Stafford Loans ("Unsubsidized Stafford Loans" and, collectively with Subsidized Stafford Loans, "Stafford Loans"); (iii) loans to parents of students who are dependents, presently known as Federal PLUS Loans ("PLUS Loans"); and (iv) loans to consolidate the borrower's obligations under various federally authorized student loan programs into a single loan, presently known as Federal Consolidation Loans ("FFEL Consolidation Loans"). Prior to July 1, 1994, the Program also included a separate type of loan to graduate and professional students and, under certain circumstances, undergraduate students, to supplement their Stafford Loans ("Supplemental Loans to Students" or "SLS Loans"). The principal federal benefits which the Federal Family Education Loan Program provides to holders of loans originated thereunder are: (i) federal insurance by the federal Department of Education (the "Department") or federal reinsurance by the Department of guarantees provided by guaranty agencies; (ii) federal interest subsidy payments to holders of certain loans in lieu of borrower payments during certain periods defined by borrower status ("Interest Subsidy Payments"); and (iii) federal special allowance payments to holders of certain loans during certain periods defined by interest rate levels ("Special Allowance Payments"). See "Federal Budgetary Constraints" below.

This summary of the Federal Family Education Loan Program as established by the Higher Education Act does not purport to be comprehensive or definitive and is qualified in its entirety by reference to the Higher Education Act and the regulations thereunder.

Legislative and Administrative Matters

Title IV of the Higher Education Act is subject to periodic legislative reauthorization, which was most recently accomplished through operation of the Higher Education Amendments of 1998 (the "1998 Amendments"). Both Title IV of the Higher Education Act and the regulations promulgated thereunder have been the subject of frequent and extensive amendments in recent years and there can be no assurance that further amendment will not materially change the provisions described herein or the effect thereof. In addition, the operation of the Program has recently been, and may be, affected by proposed and enacted federal budgetary and tax legislation. Recent legislation substantially affecting the Program includes: the Omnibus Budget Reconciliation Act of 1990 (the "1990 Budget Act"); the Higher Education Amendments of 1992 (the "1992 Amendments"); the Student Loan Reform Act of 1993 (the "1993 Amendments"); the Higher Education Technical Amendments Act of 1993 (the "1993 Technical Amendments"); the Balanced Budget Act of 1997; the Emergency Student Loan Consolidation Act of 1997; and the Intermodal Surface Transportation Efficiency Act of 1998, as well as the 1998 Amendments.

Disbursement of FFELP Loans pursuant to the Program is currently authorized to September 30, 2004 (or, in the case of borrowers who have received loans prior to that date, to September 30, 2008, except that authority to make Consolidation Loans under the Program expires on September 30, 2004). See "Legislative and Administrative Matters -- *Certain Recent Developments*" below.

Certain Recent Developments. The Corporation currently expects that the majority of Student Loans to be added to the Trust Estate through the expenditure of 1999 Bond proceeds, or of other amounts becoming available in the Trust Estate, have been or will be originated subsequent to July 1, 1994. In addition, although the Resolution permits the acquisition of FFELP Loans without regard to date of origination, the Corporation does not currently expect

that a material portion of Student Loans originated prior to October 1, 1992, or to borrowers with outstanding FFELP Loans on such date, will be included in the Trust Estate. The interest rates and formula for determining Special Allowance Payments applicable to FFELP Loans prior to July 1, 1998 are generally described in the following sections of this summary.

The Intermodal Surface Transportation Efficiency Act of 1998 changed the interest rate and Special Allowance Payment formulas for Stafford Loans and PLUS Loans disbursed during the period from July 1, 1998 through September 30, 1998. Stafford Loans originated during this period bear interest, during in-school grace and deferment periods, at the average bond equivalent rate of 91-Day Treasury bills (the "91-Day T-Bill Rate") plus 1.7 percent, with a maximum rate of 8.25 percent, and otherwise bear interest at a rate equivalent to the 91-Day T-Bill Rate plus 2.3 percent, with a maximum rate of 8.25 percent. PLUS Loans disbursed during this period bear interest at a rate equivalent to the 91-Day T-bill Rate plus 3.1 percent, with a maximum rate of 9 percent. In addition, holders of Stafford Loans are entitled to receive Special Allowance Payments, during in-school and grace periods, based upon the 91-Day T-Bill Rate plus 2.2 percent and, otherwise, based upon the 91-Day T-Bill Rate plus 2.8 percent. Holders of PLUS Loans are entitled to receive Special Allowance Payments, when the 9 percent maximum rate applies, based upon the 91-Day T-Bill Rate plus 3.1 percent. See "Special Allowance Payments" below.

Under the 1998 Amendments Stafford Loans disbursed during the period from October 1, 1998 through June 30, 2003 bear interest, during in-school, grace and deferment periods, at a rate equivalent to the 91-Day T-Bill Rate plus 1.7 percent, with a maximum rate of 8.25 percent, and otherwise bear interest at a rate equivalent to the 91-Day T-Bill Rate plus 2.3 percent, with a maximum rate of 8.25 percent. PLUS Loans disbursed during this period bear interest at a rate equivalent to the 91-Day T-Bill Rate plus 3.1 percent, with a maximum rate of 9 percent. FFEL Consolidation Loans disbursed during this period bear interest at a rate equal to the weighted average of the loans consolidated, rounded to the nearest higher one-eighth of 1 percent, with a maximum rate of 8.25 percent. In addition, Stafford Loan holders are entitled to receive Special Allowance Payments, during in-school and grace periods, based upon the 91-Day T-Bill Rate plus 2.2 percent and, otherwise, based upon the 91-Day T-Bill Rate plus 2.8 percent. Holders of PLUS and FFEL Consolidation Loans are entitled to receive Special Allowance Payments, when the applicable maximum rates apply, based upon the 91-Day T-Bill Rate plus 3.1 percent. See "Special Allowance Payments" below.

Eligible Borrowers and Institutions

FFELP Loans may only be made to Qualified Students and parents of dependent Qualified Students or to consolidate obligations under various federally authorized student loan programs. A "Qualified Student" is generally defined as a citizen, national or permanent resident of the United States or otherwise eligible individual under federal regulations who: (i) has been accepted for enrollment or is enrolled and is maintaining satisfactory progress in a program leading to a recognized educational credential at an eligible institution; (ii) is carrying at least one-half of the normal full-time academic workload for the course of study the student is pursuing, as determined by such institution; (iii) has agreed to notify promptly the holder of the FFELP Loan of any address change or certain changes in status; and (iv) meets the "need" requirements, if applicable, for the particular FFELP Loan program. FFELP Loans are unsecured loans, which may be documented, and in which a security interest may be perfected, as provided in the Higher Education Act.

Eligible institutions include institutions of higher education, postsecondary vocational institutions, proprietary institutions of higher education, and institutions outside of the United States which are approved by the Secretary. Eligible institutions of higher education must meet certain standards, which generally provide that the institution: (i) only admits persons who have a high school diploma or its equivalent, or persons who are beyond the age of compulsory school attendance; (ii) is legally authorized to provide a program of postsecondary education within a State; (iii) provides a program for which it awards a bachelor's degree, a program of not less than two years acceptable for full credit toward a bachelor's degree or a program of not less than one year to prepare students for gainful employment in a recognized occupation; (iv) is a public or non-profit institution; and (v) is accredited by a nationally recognized accrediting agency or is determined by the Secretary to be likely to meet the standards of an accredited institution. Eligible postsecondary vocational institutions include educational institutions which provide an eligible program of

training to prepare students for gainful employment in a recognized occupation, which otherwise comply with the standards applicable to institutions of higher education and which have been in existence for at least two years. Eligible proprietary institutions of higher education include schools, other than public or non-profit institutions, which provide an eligible program of training to prepare students for gainful employment in a recognized occupation, which otherwise comply with the standards applicable to institutions of higher education, which have been in existence for at least two years and which receive at least 10 percent of revenues from sources other than specified federal programs, including the Program. With certain exceptions, an institution with a cohort default rate that is higher over a period of time than the specified thresholds in the Higher Education Act is not an eligible institution. An institution's cohort default rate is generally based on the percentage of its current and former students who default on their Stafford Loans or SLS Loans within a specified period of time after entering repayment. The general threshold for such disqualification is currently 25 percent.

With specified exceptions, institutions are excluded from consideration as eligible institutions if the institution: (i) offers more than 50 percent of its courses by correspondence; (ii) enrolls 50 percent or more of its students in correspondence courses; (iii) has a student enrollment in which more than 25 percent of the students are incarcerated; or (iv) has a student enrollment in which more than 50 percent of the students are admitted without a high school diploma or its equivalent on the basis of their ability to benefit from the education provided (as defined by statute and regulation). Further, institutions are specifically excluded from participation if: (i) the institution has filed for bankruptcy; or (ii) the owner, or its chief executive officer, has been convicted or pled *nolo contendere* or guilty to a crime involving the acquisition, use or expenditure of federal student aid funds, or has been judicially determined to have committed fraud involving funds under the student aid program. In order to participate in the program, the eligibility of an institution must be approved by the Department under standards established by regulation.

Financial Need Analysis

FFELP Loans may generally be made in amounts, subject to certain limits and conditions, to cover the student's estimated costs of attendance, including tuition and fees, books, supplies, room and board, transportation and miscellaneous personal expenses (as determined by the institution). Each Stafford Loan borrower must undergo a need analysis, which requires the borrower to submit a need analysis form to a multiple data entry processor, which forwards the information to the federal central processor. The central processor evaluates the parents' and student's financial condition under federal guidelines and calculates the amount that the student and/or the family must contribute towards the student's cost of education (the "Family Contribution"). After receiving information on the family contribution, the institution then subtracts the Family Contribution from its costs of attendance to determine the student's eligibility for grants, loans, and work assistance. The difference between the amount of grants and Subsidized Stafford Loans for which the borrower is eligible and the student's estimated costs of attendance (the "Unmet Need") may be borrowed through Unsubsidized Stafford Loans, subject to certain loan limits. Parents may finance the Family Contribution amount through their own resources or through PLUS Loans. Provisions addressing the implementation of need analysis and the relationship between Unmet Need for financing and the availability of Subsidized Stafford Loan funding have been the subject of frequent and extensive amendments in recent years. There can be no assurance that further amendment to such provisions will not materially affect the availability of Subsidized Stafford Loan funding to borrowers or the availability of Subsidized Stafford Loans for secondary market acquisition.

Stafford Loans Generally

Interest. Stafford Loans bear interest at a rate not in excess of 7 percent per annum if made to a borrower to cover costs of instruction for any period beginning prior to January 1, 1981, or if a subsequent Stafford Loan is made to such a borrower. Stafford Loans made to new borrowers for periods of instruction beginning during the period from January 1, 1981 through September 12, 1983, and subsequent Stafford Loans to such borrowers, bear interest at a rate of 9 percent per annum. Stafford Loans made to new borrowers for periods of enrollment beginning during the period from September 13, 1983 through June 30, 1988 and subsequent Stafford Loans to such borrowers, bear interest at a rate of 8 percent per annum. Stafford Loans made to new borrowers for periods of enrollment beginning during the period from July 1, 1988 through September 30, 1992 pursuant to Section 427A of the Higher Education Act ("427A Loans") initially bore interest at rates of 8 percent per annum from disbursement through four years after repayment

commences and 10 percent per annum thereafter, subject to a provision requiring periodic discharge of principal, or payment to the Secretary, to the extent that quarterly interest so calculated exceeded the amount that would result from application of the 91-Day T-Bill Rate for such quarter, plus 3.25 percent, or, with respect to 427A Loans disbursed to new borrowers during the period from July 24, 1992 through September 30, 1992, plus 3.1 percent. However, all 427A Loans were required, under the 1993 Technical Amendments, to be converted by January 1, 1995 to variable rate loans bearing interest at the 91-Day T-Bill Rate plus 3.25 percent or, with respect to 427A Loans disbursed to new borrowers during the period from July 24, 1992 through September 30, 1992, plus 3.1 percent. Stafford Loans first disbursed to new borrowers during the period from October 1, 1992 through June 30, 1994, and subsequent Stafford Loans to such borrowers, bear interest at the 91-Day T-Bill Rate plus 3.1 percent, not to exceed 9 percent. Stafford Loans first disbursed to new borrowers during the period from July 1, 1994 through June 30, 1998, for periods of enrollment beginning on or after the earlier such date, bear interest, subject to the next succeeding sentence, at the 91-Day T-Bill Rate plus 3.1 percent, not to exceed 8.25 percent. Stafford Loans first disbursed during the period from July 1, 1995 through June 30, 1998, for periods of enrollment beginning on or after the earlier such date, prior to repayment and during any grace period or deferment period, bear interest at the 91-Day T-Bill Rate plus 2.5 percent, not to exceed 8.25 percent. Stafford Loans first disbursed during the period from July 1, 1998 through June 30, 2003 bear interest, during the in-school and grace periods, at the 91-Day T-Bill Rate plus 1.7 percent, and otherwise at the 91-Day T-Bill Rate plus 2.3 percent, not to exceed 8.25 percent. See "Legislative and Administrative Matters – *Certain Recent Developments*" above.

Loan Limits. From January 1, 1987 through September 30, 1993, undergraduates were able to borrow up to \$2,625 annually through the completion of the second year of instruction and, prior to July 1, 1993, \$4,000 annually through the remainder of undergraduate study pursuant to Stafford Loans. Stafford Loans for which the first disbursement was made prior to July 1, 1993 are subject to an aggregate limit of \$17,250 for undergraduate study, while graduate or professional students, who may borrow up to \$7,500 annually, are subject to an aggregate limit of \$54,750, inclusive of loans for undergraduate study. The annual loan limit for undergraduate loans first disbursed on or after July 1, 1993 is dependent on the class year of the borrower and the length of the academic year, and ranges from a minimum annual limit of \$2,625 for first year undergraduate borrowers to a maximum annual limit of \$5,500 for undergraduate borrowers. The annual loan limit for graduate and professional loans for periods of enrollment beginning on or after October 1, 1993 is \$8,500. Loans for which the first disbursement is made on or after July 1, 1993, are subject to an aggregate limit of \$23,000 for undergraduate students and an aggregate limit of \$65,500 for graduate or professional students, excluding PLUS Loans and SLS Loans. Notwithstanding the foregoing limits, however, additional Unsubsidized Stafford Loans are currently available to independent, and to certain dependent, undergraduate students, in annual amounts up to \$5,000, and to graduate and professional students, in annual amounts up to \$10,000, subject to overall limits on any borrower's aggregate outstanding Stafford Loans, Unsubsidized Stafford Loans, analogous loans made under the Federal Direct Student Loan Program and SLS Loans of \$46,000, for undergraduate students, and of \$138,500, for graduate or professional students. Under the 1998 Amendments, additional Unsubsidized Stafford Loan limits were established with respect to non-degree course work in the amounts of \$4,000, in connection with such course work necessary for admission to a degree granting undergraduate program, and \$5,000, in connection with such course work necessary for admission to a degree granting graduate or teaching program or to establish teaching credentials. In addition, the 1998 Amendments provide for the proration of annual Unsubsidized Stafford Loan limits with respect to programs of less than one year. The Secretary has discretion to raise these limits to accommodate highly specialized or exceptionally expensive courses of study.

Repayment. Generally, repayment of principal on a Stafford Loan does not commence while a student remains a Qualified Student, but begins upon expiration of the applicable Grace Period, as described below. Such Grace Periods may be waived by borrowers. The Higher Education Act currently requires minimum annual payments of \$600, including principal and interest, unless the borrower and the lender agree to lesser payments. The Higher Education Act currently requires lenders to offer and to allow the borrower to select among the following repayment plans: (i) a standard repayment plan with fixed payments scheduled over a period of not more than 10 years; (ii) a graduated repayment plan with graduated payments scheduled over a period of not more than 10 years; (iii) an income-sensitive plan with income-sensitive payments that are not less than the amount of interest due scheduled over a period of not more than 10 years; and (iv) with respect to first-time borrowers after October 1, 1998 with loan amounts in excess of \$30,000, an extended repayment plan with fixed or graduated payments scheduled over a period of not to exceed 25

years. The Higher Education Act further requires that lenders notify all borrowers of the availability of income-sensitive repayment through loan consolidation and permits student borrowers to change repayment plans annually.

Grace Periods, Deferment Periods, Forbearance Periods. Repayment of principal on a Stafford Loan must generally commence following a period of (a) not less than 9 months or more than 12 months (with respect to loans for which the applicable interest rate is 7 percent per annum), and (b) not more than 6 months (with respect to loans for which the applicable interest rate is 9 percent per annum or 8 percent per annum and for loans to first time borrowers on or after July 1, 1988), after the borrower ceases to pursue at least a half-time course of study (each a "Grace Period"). The 1998 Amendments provide that such 6-month period shall exclude any period not in excess of 3 years during which a borrower who is a member of a reserve component of the Armed Forces is called or ordered to active duty for a period of more than 30 days, including the period necessary to resume enrollment at the borrower's next available regular enrollment period. However, during certain other periods and subject to certain conditions, no principal repayments need be made, including periods when: (i) the student has returned to an eligible educational institution or is pursuing studies pursuant to an approved graduate fellowship program; (ii) a member of the Armed Forces or a volunteer under the Peace Corps Act or the Domestic Volunteer Service Act of 1973; (iii) the borrower is at least a half-time student; (iv) when the borrower is temporarily totally disabled; (v) during which the borrower is unable to secure employment by reason of the care required by a dependent who is so disabled; (vi) when the borrower is on parental leave to care for a newborn child or newly-adopted child, or is the mother of a pre-school child and is trying to re-enter the work force; or (vii) certain other periods of unemployment, economic hardship and qualified internships (each a "Deferment Period"). For new borrowers to whom loans are first disbursed on or after July 1, 1993, payment of principal may be deferred only while the borrower: (i) is at least a half-time student, is in an approved graduate fellowship program or is enrolled in a rehabilitation program; or (ii) subject in each instance to a maximum deferment of three years, when the borrower is seeking but unable to find full-time employment or when the lender determines, in accordance with regulations promulgated by the Secretary, that payment of principal will cause the borrower economic hardship. Lenders must allow periods of forbearance upon written request, renewable at twelve-month intervals, on terms agreed to in writing by parties to the loan: (i) during the borrower's participation in certain medical or dental internships or residency programs; (ii) during periods not in excess of three years in which the borrower's student loan debt burden equals or exceeds 20 percent of gross income; and (iii) during periods in which the borrower is serving in a national service position for which the borrower receives a national service educational award under the National and Community Service Trust Act of 1993; and may also grant administrative forbearance for periods not exceeding 60 days (each, a "Forbearance Period").

Interest Subsidy Payments on Subsidized Stafford Loans

The Secretary is responsible for making Interest Subsidy Payments to holders of Subsidized Stafford Loans while the borrower is a Qualified Student, during certain Grace Periods or during any Deferment Period. The Secretary makes quarterly Interest Subsidy Payments in the amount of interest accruing on the unpaid balance thereof prior to the commencement of repayment or during any Deferment Period. The Higher Education Act provides that the owner of an eligible Subsidized Stafford Loan shall be deemed to have a contractual right against the United States to receive Interest Subsidy Payments in accordance with its provisions. Receipt of Interest Subsidy Payments is conditioned on the eligibility of the loan for insurance or reinsurance benefits. Such eligibility may be lost if the requirements of the federal government and the guaranty agency relating to the servicing and collection of the loans are not met.

Unsubsidized Stafford Loans

The 1992 Amendments created the Unsubsidized Stafford Loan program designed for students who do not qualify for Subsidized Stafford Loans due to parental and/or student income and assets in excess of permitted amounts, or who need additional loans to supplement their Subsidized Stafford Loans. Annual loan limits are as described under "Stafford Loans Generally -- *Loan Limits*" above. In other respects, the general requirements for Unsubsidized Stafford Loans are essentially the same as those for Subsidized Stafford Loans. The interest rate and the Special Allowance Payment provisions of the Unsubsidized Stafford Loans are the same as those of the Subsidized Stafford Loans. However, the terms of the Unsubsidized Stafford Loans differ materially from Subsidized Stafford Loans in that the federal government will not make Interest Subsidy Payments and the loan limitations are determined without respect

to the expected family contribution. The borrower is required to pay interest from the time such loan is disbursed or capitalize the interest until repayment begins.

The amount of periodic payments and the repayment schedule for an Unsubsidized Stafford Loan are established by assuming an interest rate equal to the applicable rate of interest at the time the repayment of the loan principal commences. At the option of the lender, the note or other written evidence of the loan may require that the amount of the periodic payment be adjusted annually or the period of repayment of principal be lengthened or shortened in order to reflect adjustments in interest rates.

PLUS and SLS Loan Programs

The Higher Education Act authorizes PLUS Loans to be made to parents of eligible dependent students and, prior to July 1, 1994, authorized SLS Loans to be made to certain categories of students. Only parents who do not have an adverse credit history are eligible for PLUS Loans originated after July 1, 1993. Commencing July 1, 1994, the SLS Loan program has been replaced by the Unsubsidized Stafford Loan program, with annual loan limits in the merged program equal to the combined limits of the two programs prior to the merger. The basic provisions applicable to PLUS and SLS Loans are similar to those of Stafford Loans with respect to the federal insurance and reinsurance on the loans. However, PLUS Loans and SLS Loans differ from Subsidized Stafford Loans, particularly because borrowers need not demonstrate Unmet Need to qualify for PLUS or SLS Loans and because Interest Subsidy Payments are not available and Special Allowance Payments are more restricted under the PLUS and SLS Programs.

Loan Limits. SLS Loan limits for loans disbursed during the period from July 1, 1993 through July 1, 1994 depend upon the class year of the student and the length of the academic year. The annual loan limit for SLS Loans first disbursed during such period ranges from \$4,000 for first and second year undergraduate borrowers to \$10,000 for graduate borrowers, with a maximum aggregate amount of \$23,000 for undergraduate borrowers, and \$73,000 for graduate and professional borrowers. The only limit on the annual and aggregate amounts of PLUS Loans first disbursed on or after July 1, 1993 is the cost of the student's education less other financial aid received, including scholarship, grants and other student loans. PLUS Loans and SLS Loans disbursed during the period from October 17, 1986 through July 1, 1993 were limited to \$4,000 per academic year with a maximum aggregate amount of \$20,000. The applicable loan limits with respect to PLUS Loans and SLS Loans disbursed prior to October 17, 1986 were \$3,000 annually and \$15,000 in aggregate.

Interest. Interest rates on PLUS Loans and SLS Loans depend upon the date of issuance of the loan and the period of enrollment. For PLUS Loans issued on or after October 1, 1981, for periods of educational enrollment beginning prior to July 1, 1987, the applicable rate of interest is either 12 percent or 14 percent per annum. A variable interest rate applies to PLUS Loans and SLS Loans made and disbursed on or after July 1, 1987, or made to refinance fixed-rate PLUS Loans. The variable interest rate for PLUS Loans and SLS Loans made and disbursed during the period from July 1, 1987 through September 30, 1992 is reset each July 1 and is effective through June 30 of the following year, at the bond equivalent rate of 52-week Treasury bills auctioned at the final auction held prior to the June 1 preceding the applicable 12-month period, plus 3.25 percent, with a maximum rate of 12 percent per annum. The variable interest rate for PLUS Loans and SLS Loans first disbursed during the period from October 1, 1992 through June 30, 1994 is based on the same bond equivalent rate of 52-week Treasury bills as PLUS Loans and SLS Loans disbursed prior to October 1, 1992, except that 3.10 percent is added to the bond equivalent rate of 52-week Treasury bills auctioned prior to the applicable period, with a maximum rate of 11 percent per annum for SLS Loans, and a maximum rate of 10 percent per annum for PLUS Loans. The maximum rate applicable to PLUS Loans disbursed during the period from July 1, 1994 through June 30, 1998 is 9 percent per annum. PLUS Loans made during the period from July 1, 1998 through June 30, 2003 bear interest at a rate equivalent to the 91-Day T-Bill Rate plus 3.1 percent, with a maximum rate of 9 percent. Special Allowance Payments are available on variable rate PLUS Loans and SLS Loans only if, at the time of computation, the rate determined by the formula above would exceed the applicable allowed maximum described above.

Repayment, Deferments. SLS borrowers have the option to defer commencement of repayment of principal until the commencement of repayment of Subsidized Stafford Loans. Otherwise, repayment of principal of PLUS Loans

and SLS Loans is required to commence no later than 60 days after the date of disbursement of such loan, subject to certain deferral provisions. The deferral provisions that apply to PLUS Loans are more limited than those that apply to Subsidized Stafford Loans. Repayment of principal, however, may be deferred during certain periods specified under the Higher Education Act. Further, although Interest Subsidy Payments are not available for such deferments, interest may be capitalized during such periods upon agreement of the lender and borrower. Maximum loan repayment periods and minimum payment amounts are the same as for Stafford Loans.

A borrower may refinance all outstanding PLUS Loans or SLS Loans under a single repayment schedule for principal and interest, with the new repayment period calculated from the date of repayment of the most recent included loan. The interest rate of such refinanced loan shall be the weighted average of the rates of all loans being refinanced. A second type of refinancing enables an eligible lender to reissue a PLUS Loan or SLS Loan that was initially originated at a fixed rate prior to July 1, 1987 in order to permit the borrower to obtain the variable interest rate available on PLUS Loans or SLS Loans on and after July 1, 1987. If a lender is unwilling to refinance the original PLUS Loan or SLS Loan, the borrower may obtain a loan from another lender for the purpose of discharging the loan and obtaining a variable interest rate.

The Consolidation Loan Program

The Higher Education Act authorizes a program under which certain borrowers may consolidate their various federal education loans into a single FFEL Consolidated Loan insured and reinsured on a basis similar to that for Stafford Loans. FFEL Consolidation Loans may be made in an amount sufficient to pay outstanding principal, unpaid interest and late charges on all federally insured or reinsured FFELP Loans selected by the borrower, as well as loans made pursuant to various other student loan programs, including the Federal Direct Student Loan Program, and which may have been made by different lenders. Under this program, a lender may make a FFEL Consolidation Loan to an eligible borrower at the request of the borrower if the lender holds an outstanding loan of the borrower, if the borrower certifies that he has been unable to obtain a FFEL Consolidation Loan with income-sensitive terms from the holders of the outstanding loans made to the borrower or if the borrower has multiple FFELP Loans with different holders.

FFEL Consolidation Loans are available to borrowers in repayment status or in a Grace Period preceding repayment. For applications received prior to January 1, 1993, the borrower must not be delinquent by more than 90 days on any student loan payment. For applications received on or after January 1, 1993, delinquent or defaulted borrowers are eligible to obtain FFEL Consolidation Loans if they have made arrangements to repay the defaulted loan which are satisfactory to the holder. For applications received on or after January 1, 1993, married couples who agree to be jointly and severally liable will be treated as one borrower for purposes of loan consolidation eligibility.

FFEL Consolidation Loans for which the application was received before November 13, 1997 bear interest at a rate equivalent to the weighted average of the interest rates on the loans consolidated, rounded upward to the nearest whole percentage; for such FFEL Consolidation Loans originated prior to July 1, 1994 a minimum rate of 9 percent applies. FFEL Consolidation Loans for which the application was received during the period from November 13, 1997 through September 30, 1998 bear interest at a rate equivalent to the 91-Day T-Bill Rate plus 3.1 percent, with a maximum rate of 8.25 percent. FFEL Consolidation Loans for which the application is received during the period from October 1, 1998 through June 30, 2003 bear interest at a rate equivalent to the weighted average of the interest rates on the loans consolidated, rounded upwards to the nearest one-eighth of 1 percent, with a maximum rate of 8.25 percent. The repayment schedules for FFEL Consolidation Loans will not exceed: 10 years for loans less than \$7,500; 12 years for loans greater than or equal to \$7,500, but less than \$10,000; 15 years for loans greater than or equal to \$10,000, but less than \$20,000; 20 years for loans greater than or equal to \$20,000, but less than \$40,000; 25 years for loans greater than or equal to \$40,000, but less than \$60,000; and not more than 30 years for loans equal to or in excess of \$60,000. The Secretary makes Interest Subsidy Payments on FFEL Consolidation Loans: (i) for which applications were received during the period from January 1, 1993 through August 9, 1993; (ii) which consolidate only Subsidized Stafford Loans and for which applications were received by lenders during the period from August 10, 1993 through November 12, 1997; and (iii) for which applications are received during the period from November 13, 1997 through September 30, 2004, with respect to that portion of a FFEL Consolidation Loan which repays Subsidized Stafford Loans. For applications received on or after January 1, 1993, the borrower is eligible for certain deferments

of principal and interest payments for periods similar to those for Subsidized Stafford Loans, and, subject to the foregoing, Interest Subsidy Payments are made to the eligible holder during such periods. Deferred interest payments for which Interest Subsidy Payments are not available are capitalized. Borrowers may elect to accelerate principal payments without penalty. Further, no insurance premium may be charged to a borrower and no insurance premium may be charged to a lender in connection with a FFEL Consolidation Loan. However, a fee may be charged to the lender by the guaranty agency to cover the costs of increased or extended liability with respect to a FFEL Consolidation Loan. Holders of FFEL Consolidation Loans which were first disbursed during the periods from October 1, 1993 through September 30, 1998 and from February 1, 1999 through September 30, 2004 are required to make monthly rebate payments to the Secretary calculated on an annual basis equal to 1.05 percent of the principal plus accrued interest on such loans. Holders of FFEL Consolidation Loans which were first disbursed during the period from October 1, 1998 through January 31, 1999 are required to make such rebate payments calculated on an annual basis equal to .62 percent of the principal plus accrued interest on such loans.

Repayment of Consolidation Loans begins 60 days after discharge of all prior loans that are consolidated. Repayment schedule options must include, for applications received on or after January 1, 1993, the establishment of graduated and income sensitive repayment plans, subject to certain limits applicable to the sum of the Consolidation Loan and the amount of the borrower's other eligible student loans outstanding. The lender may, at its option, include such graduated and income sensitive repayment plans for applications received prior to that date. All eligible loans of a borrower selected for consolidation are discharged in the consolidation process and a new loan is issued.

Special Allowance Payments

The Higher Education Act provides for Special Allowance Payments to be made by the Secretary to eligible lenders holding FFELP Loans. The rates for Special Allowance Payments are based on formulas that differ according to the type of loan (Stafford Loan, PLUS Loan, SLS Loan or Consolidation Loan), the date the loan was originally made or insured and the type of funding used by the holder to finance such loan (tax-exempt or taxable). Generally, the sum of the stated interest on the loan and the applicable Special Allowance Payment for a quarter will be a statutorily specified number of percentage points (the "SAP Spread") above the 91-Day T-Bill Rate for that quarter.

The SAP Spread applicable to FFELP Loans originated prior to October 1, 1992 was 3.5 or 3.25 percent. The SAP Spread applicable to 427A Loans is 3.25 percent. The SAP Spread applicable to Stafford Loans originated: (i) during the period from October 1, 1992 through June 30, 1995 is 3.1 percent; (ii) during the period from July 1, 1995 through June 30, 1998, during in-school periods and Grace and Deferment Periods, is 2.5 percent, and, otherwise, is 3.1 percent; and (iii) during the period from July 1, 1998 through June 30, 2003, for in-school periods and Grace and Deferment Periods, is 2.2 percent and, otherwise, is 2.8 percent. The SAP Spread applicable to PLUS and SLS Loans originated during the period from October 1, 1992 through June 30, 2003 is 3.1 percent. The SAP Spread applicable to FFEL Consolidation Loans originated during the period from October 1, 1992 through June 30, 2003 is 3.1 percent.

Special Allowance Payments are generally payable, with respect to variable rate FFELP Loans to which a maximum borrower interest rate applies, only when such maximum rate is in effect. See "Legislative and Administrative Matters -- *Certain Recent Developments*." The rate of Special Allowance Payments is subject to reduction by the amount of certain origination fees charged to borrowers and may be reduced as a result of certain federal budget deficit reduction measures. Notwithstanding the foregoing, Special Allowance Payments applicable to certain loans made or purchased with funds obtained from the issuance of tax-exempt obligations which were originally issued prior to October 1, 1993, are reduced by one-half, subject to certain minimums provided in the Higher Education Act. These minimum Special Allowance Payment rates effectively insure an overall minimum return of 9.5 percent on such loans. No Bonds were initially issued prior to October 1, 1993. The Secretary is required, however, to reduce the total amount of Interest Subsidy Payments and Special Allowance Payments with respect to any loan for which the first disbursement was made on or after October 1, 1993 by an amount equivalent to .50 percent of the principal amount of such loan.

The Higher Education Act provides that a holder of a qualifying loan who is entitled to receive Special Allowance Payments has a contractual right against the United States, during the life of the loan, to receive those

Special Allowance Payments. Receipt of Special Allowance Payments, however, is conditioned on the eligibility of the loan for federal insurance or reinsurance benefits. Such eligibility may be lost due to violations of the federal or guaranty agency regulations specifying servicing and collection of the loan in the event of delinquency.

Federal Insurance and Reinsurance and Reimbursement of Guaranty Agencies

A loan made under the Federal Family Education Loan Program is considered to be in default for purposes of the Higher Education Act when the borrower fails to make an installment payment when due, or to comply with other terms of the loan, and if the failure persists for 270 days beyond the payment due date, in the case of a loan repayable in monthly installments, or for 330 days beyond the payment due date, in the case of a loan repayable in less frequent installments. FFELP Loans which became delinquent prior to October 1, 1998 were considered in default if after 180 days, in the case of a loan repayable in monthly installments, or after 240 days, in the case of a loan repayable in less frequent installments.

If the loan in default is covered by federal loan insurance in accordance with the provisions of the Higher Education Act, the Secretary is to pay the insurance beneficiary the amount of the loss sustained thereby, upon notice and determination of such amount, within 90 days of such notification, subject to reduction as described below.

The Higher Education Act provides that, subject to compliance with the Higher Education Act, the full faith and credit of the United States is pledged to the payment of insurance claims. It further provides that guaranty agencies shall be deemed to have a contractual right against the United States to receive reinsurance in accordance with its provisions. Federal reinsurance and insurance payments for defaulted loans are paid from the Student Loan Insurance Fund established under the Higher Education Act. The Secretary is authorized, to the extent provided in advance by appropriations acts, to issue obligations to the Secretary of the Treasury to provide funds to make such federal payments. In addition, the Higher Education Act provides that if the Secretary determines that a guaranty agency is unable to meet its insurance obligations, holders of loans may submit insurance claims directly to the Secretary until such time as the obligations are transferred to a new guaranty agency capable of meeting such obligations or until a successor guaranty agency assumes such obligations and further provide that the Secretary will pay to holders the full insurance obligations of such guaranty agency, in accordance with requirements which are no more stringent than those of such guaranty agency. There can be no assurance, however, that the Secretary will ever make such a determination or will do so in a timely manner. The Higher Education Act also provides that the Secretary is authorized, on terms and conditions satisfactory to the Secretary, to make advances to a guaranty agency in order to assist the guaranty agency in meeting its immediate cash needs and to ensure uninterrupted payment of default claims by lenders.

If the loan is guaranteed by a guaranty agency, the eligible lender is reimbursed by the guaranty agency pursuant to agreements for guarantee. Such agreements typically provide for reimbursement of the unpaid principal balance of the loan plus accrued unpaid interest on any loan defaulted so long as the eligible lender has properly serviced such loan. Pursuant to most agreements for guarantee between a guaranty agency and the originator of the loan, any eligible holder of a loan insured by such guaranty agency is entitled, subject to the preceding sentence, to reimbursement from such guaranty agency for 98 percent of any proven loss incurred with respect to defaulted claims and 100 percent of any proven loss incurred with respect to claims relative to certain lender-of-last-resort-loans or claims resulting from bankruptcy, death, disability, false certification or school closure.

A holder of a loan is required to exercise due care and diligence in the servicing of the loan and to utilize practices that are at least as extensive and forceful as those utilized by financial institutions in the collection of other consumer loans. If a guaranty agency has probable cause to believe that the holder has made misrepresentations or failed to comply with the terms of its agreement for guarantee, the guaranty agency may take reasonable action including withholding of payments or requiring reimbursement of funds. The guaranty agency may also terminate the agreement for cause upon notice and hearing. Holders are required to request preclaims assistance from the guaranty agency in order to attempt to cure the delinquency. Holders may submit claims to the guaranty agency with respect to loans which default. At the time of payment of insurance benefits, the holder must assign to the guaranty agency all rights accruing to the holder under the note evidencing the loan.

Under the Higher Education Act, the Secretary enters into a guaranty agreement and an annually renewable supplemental guaranty agreement with each guaranty agency which provides for federal reinsurance for amounts paid to eligible lenders by the guaranty agency with respect to defaulted loans. Pursuant to such agreements, the Secretary is to reimburse a guaranty agency for a percentage of default losses and for 100 percent of the amounts expended in connection with a claim with respect to loans made under a qualifying lender-of-last-resort program or a claim resulting from the death, discharge in bankruptcy, or total and permanent disability of a borrower, the death of a student whose parent is the borrower of a PLUS Loan, or claims by borrowers who are unable to complete the programs in which they are enrolled due to school closure or whose borrowing eligibility was falsely certified by the eligible institution. Such claims are not included in calculating a guaranty agency's claims rate experience for purposes of reducing federal reinsurance payments received by guaranty agencies as described in the following paragraphs.

Guaranty agencies are required to satisfy due diligence requirements prescribed by regulations with respect to defaulted loans. The Secretary may require repayment of reinsurance payments, and may require other remedial action, including the withholding of payments, imposition of fines and suspension or termination of agreements, in response to a guaranty agency's failure to comply with applicable regulations.

Under the Higher Education Act, reimbursement by the Secretary of a guaranty agency for any amounts paid to satisfy claims with respect to loans which are not made under a qualified lender-of-last-resort program and which do not result from death, bankruptcy, disability, school closure or false certification is subject to reduction as described in the following paragraphs.

The original principal amount of loans guaranteed by a guaranty agency that are in repayment for purposes of computing reimbursement payments to a guaranty agency means the original principal amount of all loans guaranteed by a guaranty agency less: (i) guarantee payments on such loans; (ii) the original principal amount of such loans which have been fully repaid; and (iii) the original amount of such loans for which the first principal installment payment has not become due.

The amount of such insurance or reinsurance payments is subject to reduction based upon the annual claims rate of the guaranty agency, calculated to equal the amount of federal reinsurance as a percentage of the original principal amount of guaranteed loans in repayment on the last day of the prior fiscal year. The formula generally applicable under the 1998 Amendments is as follows:

<u>Claims Rate</u>	<u>Federal Payment</u>
0 percent up to 5 percent	95 percent of claim amounts
5 percent up to 9 percent	95 percent of claims up to 5 percent, 85 percent of claims of 5 percent and over
9 percent and over	95 percent of claims up to 5 percent, 85 percent of claims of 5 percent to 9 percent, and 75 percent of claims of 9 percent and over

The claims experience is not accumulated from year to year, but is determined solely on the basis of claims in any one federal fiscal year compared with the original principal amount of loans in repayment at the end of the prior federal fiscal year.

Notwithstanding the foregoing the Secretary will reimburse a guaranty agency: (i) with respect to loans which are transferred from an insolvent guaranty agency pursuant to a plan approved by the Secretary at rates which are equivalent to those set forth above plus 5 percent; and (ii) with respect to loans made pursuant to a qualifying lender-of-last-resort program at a rate of 100 percent of claim amounts.

The 1998 Amendments authorized the retention by guaranty agencies for general operating purposes of default aversion fees equivalent to 1 percent of the total unpaid principal and accrued interest on FFELP Loans on which a claim for default has not been paid as a result of the loan being brought into current repayment status by the guaranty

agency on or before the 300th day after the loan becomes 60 days delinquent. The 1998 Amendments further authorized the payment to guaranty agencies of loan processing and issuance fees of .65 percent, with respect to FFELP Loans originated during the period from October 1, 1998 through September 30, 2003, and of .40 percent, thereafter.

Guaranty agencies are required to maintain specific reserve fund levels. If the agency fails to achieve the minimum reserve level in any of two consecutive years, if the agency's federal reimbursements are reduced to 85 percent or if the Secretary determines the agency's administrative or financial condition jeopardizes its continued ability to perform its responsibilities, the Secretary may require the agency to submit and implement a management plan to address the deficiencies. The Secretary may terminate the agency's agreements with the Secretary if the agency fails to submit the required plan, or fails to improve its administrative or financial condition substantially, or if the Secretary determines the agency is in danger of financial collapse. In such event, the Secretary is authorized to undertake specified actions to assure the continued payment of claims, including the transfer of guarantees to another agency, or transfer of guarantees to the Department itself.

The Higher Education Act contains provisions to the effect that, notwithstanding any other provision of law, a substantial portion of the reserve funds of the guaranty agencies, and any assets purchased with such portion of such reserve funds, regardless of who holds or controls the reserves or assets, are the property of the United States, to be used in the operation of the FFEL Program or as otherwise provided by federal legislation. Such portion of such reserves will be required to be maintained by each guaranty agency to pay lender claims, to fund default aversion fees and, subject to certain restrictions, to fund guaranty agency operating costs on a no-interest loan basis. The Higher Education Act grants the Secretary broad powers over the administration and application of such portion of such reserves and, under certain conditions, of all guaranty agency reserves.

The Higher Education Act allows the Secretary to terminate a guaranty agency's agreement if the Secretary determines that termination is necessary to protect the federal financial interest, to ensure the continued availability of loans to student or parent borrowers, or to ensure an orderly transition from the FFEL Program to the Federal Direct Student Loan Program. The Secretary is authorized to provide the guaranty agency with additional advance funds with such restrictions on the use of such funds as are determined appropriate by the Secretary in order to meet the immediate cash needs of the guaranty agency, ensure the uninterrupted payment of claims, or ensure that the guaranty agency will make loans as the lender-of-last-resort.

The Higher Education Act provides that if the Secretary has terminated or is seeking to terminate a guaranty agency's agreement, or has assumed a guaranty agency's functions, notwithstanding any other provision of law: (i) no state court may issue an order affecting the Secretary's action with respect to that guaranty agency; (ii) any contract entered into by the guaranty agency with respect to the administration of the agency's reserve funds or assets acquired with reserve funds shall provide that the contract is terminable by the Secretary upon 30 days' notice to the contracting parties if the Secretary determines that such contract includes an impermissible transfer of funds or assets or is inconsistent with the terms or purposes of this law; and (iii) no provision of state law shall apply to the actions of the Secretary in terminating the operations of the guaranty agency. Finally, notwithstanding any other provision of law, the 1993 Amendments provide that the Secretary's liability for any outstanding liabilities of a guaranty agency (other than outstanding student loan guarantees under Part D of Title IV of the Higher Education Act) the functions of which the Secretary has assumed, shall not exceed the fair market value of the reserves of the guaranty agency, minus any necessary liquidation or other administrative costs.

The Balanced Budget Act of 1997 (Pub. L. 105-33) (the "Balanced Budget Act") required the Secretary to recall \$1 billion in reserve funds from guaranty agencies on September 1, 2002. The 1998 Amendments required the Secretary to recall an additional \$250 million in reserve funds from guaranty agencies by federal fiscal year 2007. Each of the Balanced Budget Act and the 1998 Amendments contained detailed provisions as to the allocation of amounts to be so recalled among guaranty agencies. In addition, the 1998 Amendments required the Secretary to transfer all funds in the Student Loan Insurance Fund as of October 7, 1998 to the Treasury. There can be no assurance that future legislation will not require the recall and transfer of substantially all federal funds, including the federal portion of guaranty agency reserve funds, which are immediately available to fund guaranty agency and federal payment obligations arising in connection with the FFEL Program.

Education Loans Generally Not Subject to Discharge in Bankruptcy

Under the United States Bankruptcy Code, education loans are not generally dischargeable. Title 11 of the United States Code at Section 523(a)(8) provides, with respect to cases initiated on or after October 7, 1998, as follows:

(a) A discharge under Section 727, 1141, 1228(a), 1228(b), or 1328(b) of this title does not discharge an individual debtor from any debt -

(8) for an educational benefit overpayment or loan made, insured or guaranteed by a governmental unit, or made under any program funded in whole or in part by a governmental unit or nonprofit institution, or for an obligation to repay funds received as an educational benefit, scholarship or stipend, unless excepting such debt from discharge under this paragraph will impose an undue hardship on the debtor and the debtor's dependents.

Servicer Provisions and Third-Party Servicer Requirements

On April 29, 1994, the Department published regulations amending the Student Assistance General Provisions and FFEL Program regulations which, among other things, establish requirements governing contracts between holders of FFELP Loans and third-party servicers, establish standards of administrative and financial responsibility for third-party servicers that administer any aspect of a guaranty agency's or lender's participation in the FFEL Program, and establish sanctions for third-party servicers.

Under these regulations, a third-party servicer is jointly and severally liable with its client lenders, guaranty agencies and educational institutions, as applicable, for liability to the Department arising from the servicer's violation of applicable requirements. In addition, if a servicer fails to meet standards of financial responsibility or administrative capability included in the new regulations, or violates other FFEL Program requirements, the new regulations authorize the Department to fine the servicer or limit, suspend, or terminate the servicer's eligibility to contract to service Student Loans. The effect of such a limitation, suspension, or termination on a servicer's eligibility to service loans already on its system, or to accept new loans for servicing under existing contracts, is unclear. No assurance exists that the Corporation will not be held liable by the Department for liabilities arising out of its FFEL Program activities for the Corporation or other client lenders, or that its eligibility will not be limited, suspended, or terminated in the future. If the Corporation were so held liable or its eligibility limited, suspended, or terminated, its ability to properly service Student Loans and to satisfy its obligations with respect thereto may be adversely affected.

The 1998 Amendments provide that an eligible lender or guaranty agency that contracts with another entity to perform any of its functions with respect to the FFEL Program or otherwise delegates the performance of such functions shall not be relieved of its duty to comply with the requirements of the Higher Education Act and shall monitor the activities of such other entity for compliance with such requirements.

Loan Origination and Servicing Procedures Applicable to Student Loans

The Higher Education Act, including the implementing regulations thereunder, imposes specified requirements, guidelines and procedures with respect to originating and servicing FFELP Loans. Generally, those procedures require that completed loan applications be processed, a determination of whether an applicant is an eligible borrower under applicable standards be made, the borrower's responsibilities under the loan be explained to him or her, the promissory note evidencing the loan be executed by the borrower and then that the loan proceeds be disbursed in a specified manner by the lender. After the loan is made, the lender must establish repayment terms with the borrower, properly administer deferrals and forbearance and credit the borrower for payments made thereon. If a borrower becomes delinquent in repaying a loan, a lender or a servicing agent must perform certain collection procedures (primarily telephone calls and demand letters) which vary depending upon the length of time a loan is delinquent. Numerous federal and state consumer protection laws and related regulations impose substantial requirements upon lenders and servicers involved

in consumer finance. Also, some state laws impose finance charge ceilings and other restrictions on certain consumer transactions and require contract disclosures in addition to those required under federal law. These requirements impose specific statutory liabilities upon lenders who fail to comply with their provisions. In certain circumstances, the Corporation may be liable for certain violations of consumer protection laws that apply to the Financed Student Loans, either as assignee or as the party directly responsible for obligations arising after the transfer.

Federal Direct Student Loan Program

Under the Federal Direct Student Loan Program (the "FDSL Program") established by the 1993 Amendments, a variety of direct federal loans with terms and conditions generally similar to those available under the FFEL Program may be obtained by students, or parents of students, attending participating Institutions of Higher Education ("IHE") through the applicable IHE or through an alternative originator designated by the Secretary, without application to an outside lender. The FDSL Program is to be funded and administered by the Secretary. The FDSL Program provides for a variety of repayment plans from which borrowers may choose, including repayment plans based on income. In addition, if a borrower is unable to obtain a Consolidation Loan with income sensitive repayment terms acceptable to the borrower from the holders of the borrower's outstanding FFELP Loans (that are selected for consolidation), or from any other lender, including the Student Loan Marketing Association, the 1993 Amendments authorize the Secretary to offer the borrower a consolidation loan with income sensitive terms under the FDSL Program.

Summary of Certain Provisions of the Resolutions

[THIS PAGE INTENTIONALLY LEFT BLANK]

SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS

The Resolutions contain various covenants and security provisions, certain of which are summarized below and not otherwise deemed or discussed in this Official Statement. Reference should be made to the Resolutions for a full and complete statement of their provisions. The Resolutions may be modified by the provisions of Series Resolutions.

Definitions. In the Resolutions, the following words and terms (unless the context otherwise requires) are defined as follows:

"Account" means any of the special trust accounts created and established by, or pursuant to, the Resolutions.

"Accountant" or "Auditor" means any independent certified public accountant, or a firm of those accountants, duly licensed to practice and practicing as such under the laws of the Commonwealth, selected by the Corporation, who is independent and not under the domination or control of the Corporation and who does not have any substantial interest, direct or indirect, in the Corporation, but who may be regularly retained to make annual or similar audits of the books or records of the Corporation.

"Act" means Sections 164A.010 to 164A.230, inclusive, of the Kentucky Revised Statutes, as heretofore or hereafter amended.

"Additional Obligations" means any Obligations other than the initial two Series of Obligations which shall be authenticated and delivered on original issuance pursuant to the Resolutions or thereafter authenticated or delivered in lieu of or in substitution for any such Obligation pursuant to the Resolutions.

"Agent Member" means a member of, or participant in, the Securities Depository.

"Applicable Law" means: (i) with respect to Student Loans originated pursuant to the Federal Family Education Loan Program, the Act and the Higher Education Act; and (ii) with respect to any other Student Loans, the Act, any other state or federal law applicable thereto or any regulation promulgated thereunder.

"ARCs" means Auction Rate Certificates.

"Authorized Officer" means the Chairman, Secretary-Treasurer, Executive Director, Chief Executive Officer or Chief Financial Officer of the Corporation, and any other of its directors, officers, agents or employees duly authorized by the by-laws or by a resolution of the Corporation to perform the act or sign the document in question.

"Bonds" means debt obligations of the Corporation, whether or not so designated, other than Notes or Other Obligations, issued to finance or refinance the making or purchase of Student Loans by the Corporation pursuant to the Resolutions, which mature no later than thirty years from the date of original issuance of such Bonds.

"Business Day" means, with respect to each Series of Obligations, any day on which banks located in none of: (i) the Commonwealth of Kentucky; (ii) the city in which the principal corporate trust office of each Fiduciary applicable to such Series of Obligations; (iii) the City in which the principal offices of the Corporation and (iv) the city in which the principal offices of each applicable Obligation Facility Provider applicable to such Series are located are required or authorized by law to remain closed and on which the New York Stock Exchange is not closed, except as otherwise provided with respect to any Series by the Series Resolution authorizing such Series.

"Carry-over Amount" means, with respect to any Series of Bonds or Notes, the amount, if any, so described in the applicable Series Resolution authorizing such Series, and with respect to any Subseries of the Series 1999A Bonds, means the excess, if any, of (a) the amount of interest on any Subseries of a Series 1999A Bond that would have accrued with respect to the related Auction Period at the Auction Rate over (b) the amount of interest on any Subseries of such Series 1999A Bond actually accrued with respect to any Subseries of such Series 1999A Bond, with respect to such Auction Period based on the Maximum Rate, together with the unpaid portion of any such excess from prior Auction Periods; provided that any reference to "principal" or "interest" in the Resolutions or in any Subseries of the Series 1999A Bonds shall not include within the meanings of such words any Carry-over Amount or any interest accrued on any Carry-over Amount.

"Cash Flow Projection" means a schedule prepared on behalf of the Corporation by a nationally recognized investment banking firm or other entity selected by the Corporation and approved in writing by the Rating Agencies receiving such Cash Flow Projection which: (i) sets forth, through the last final maturity of any Series of Outstanding Obligations (or such shorter period as shall be acceptable to the Rating Agencies), (A) all anticipated Revenues, (B) the application of all such Revenues in accordance with the Resolutions and (C) the resulting balances for each period for which prepared and on a cumulative basis; and (ii) evidences that Revenues and other monies available under the Resolutions will be sufficient to pay all debt service on the Obligations when due and to make all other payments required by the terms of the Resolutions. Each Cash Flow Projection shall be based on the assumptions used in the cash flow projections delivered to the Rating Agencies at the time of issuance of the most recently issued Series of Obligations (or such other assumptions as may be proposed by the Corporation and acceptable to the Rating Agencies).

"Certificate" means: (i) a signed document either attesting to or acknowledging the circumstances, representations or other matters therein stated or set forth or setting forth matters to be determined pursuant to this Resolution; or (ii) the report of an accountant as to audit or other procedures called for by the Resolutions.

"Class" means all Obligations having the same priority of claim as to payment under the Resolutions.

"Code" means the Internal Revenue Code of 1986, as amended from time to time. Each reference to a section of the Code herein shall be deemed to include the United States Treasury Regulations, including temporary and proposed regulations, relating to such section which are applicable to the Obligations or the use of the proceeds thereof. A reference to any specific section of the Code shall be deemed also to be a reference to the comparable provisions of any enactment which supersedes or replaces the Code thereunder from time to time.

"Commonwealth" means the Commonwealth of Kentucky.

"Corporation" means the Kentucky Higher Education Student Loan Corporation, an independent de jure municipal corporation and political subdivision of the Commonwealth, created and existing under and pursuant to the Act, or any body, agency, authority or instrumentality of the Commonwealth that shall hereafter succeed to the powers, duties and functions of the Corporation.

"Costs of Issuance" means all items of expense, directly or indirectly payable or reimbursable by or to the Corporation and related to the authorization, sale and issuance of Obligations, including, but not limited to, printing costs, costs of preparation and reproduction of documents, filing and recording fees, initial fees and charges of any Fiduciary or of its counsel, legal fees and charges, fees and expenses of underwriters, fees and disbursements of consultants and professionals, costs of credit ratings, fees and charges for preparation, execution, transportation and safekeeping of Obligations, costs and expenses of refunding, premiums, fees, expenses or other similar charges payable to any Obligation Facility Provider (other than Reimbursement Obligations or Other Obligations) or a Swap Provider (other than Swap Payments or Other Obligations), financing charges, accrued interest with respect to the initial investment of proceeds of Obligations, and any other cost, charge or fee in connection with the original issuance of the Obligations.

"Counsel's Opinion" means a written opinion signed by Hawkins, Delafield & Wood or by another attorney or firm of attorneys of recognized standing in the field of law relating to municipal, state and public agency financing, selected by the Corporation and reasonably satisfactory to the Trustee and any applicable Obligation Facility Provider.

"Debt Service Reserve Account" means the special trust account so denominated established pursuant to the Resolutions.

"Defeasance Securities" means obligations described in paragraph (1) of the definition of Investment Securities included hereunder.

"Earnings Account" means the special trust account so denominated established pursuant to the Resolutions.

"Eligible Lender" means the Kentucky Higher Education Assistance Authority, a de jure political subdivision of the Commonwealth of Kentucky and the Corporation and all other entities described as eligible lenders in the Higher Education Act which have in force a contract with a Guarantee Agency providing for loan guarantees to be issued by a Guarantee Agency to the subject lender under the Higher Education Act and the Act.

"Event of Default" means any of the events specified in the Resolutions.

"Excess Coverage" means, as of any date of calculation, the condition under which the sum of the value of (a) the Loans (valued as provided in the Resolutions) credited to the Loan Account and (b) all cash and Investment Securities held in the Accounts (valued as set forth in the Resolutions, plus accrued interest, but excluding amounts irrevocably set aside to pay particular Obligations pursuant to the Resolutions and excluding amounts on deposit in the Rebate Account) shall be at least equal to each of the following three sums: (x) 106 % of the sum of the principal of and accrued interest on all Outstanding Senior Obligations plus all accrued but unpaid Program Expenses; (y) 103 % of the sum of the principal of and accrued interest on all Outstanding Senior Obligations and Senior Subordinate Obligations plus all accrued but unpaid Program Expenses; and (z) 102 % of the sum of the principal of and accrued interest on all Outstanding Obligations plus all accrued but unpaid Program Expenses.

"Federal Family Education Loan Program" or "FFELP" means the program currently authorized by Title IV Part B of the Higher Education Act, as heretofore or hereafter amended.

"Fiduciary" means the Trustee, any Paying Agent and any such additional fiduciary as may be authorized under the Resolutions, or any or all of them as may be appropriate.

"Fiscal Year" means the fiscal year of the Corporation for general financial reporting purposes as modified from time to time. As of the date of the Resolutions the Corporation's Fiscal Year is July 1 to June 30.

"Guaranty Agency" or "Guarantee Agency" means: (i) the Kentucky Higher Education Assistance Authority duly organized and existing pursuant to the statutory laws of the Commonwealth of Kentucky; (ii) any other guaranty agency under the Higher Education Act, subject to receipt of a Rating Affirmation; and (iii) any successor to the obligations of any such Guaranty Agency under the Higher Education Act.

"Higher Education Act" means the Higher Education Act of 1965, as amended from time to time, and the regulations promulgated thereunder.

"Holder" or "Owner", or words of similar import, when used with reference to an Obligation means the registered owner of such Obligation.

"Investment Securities" means, with respect to any Series, except as otherwise provided by a Series Resolution authorizing such Series, any of the following, if and to the extent the same are at the time legal for investment of the Corporation's funds:

1. (a) Direct obligations (other than an obligation subject to variation in principal repayment) of the United States of America, (b) obligations fully and unconditionally guaranteed as to timely payment of principal and interest by the United States of America, (c) obligations fully and unconditionally guaranteed as to timely payment of principal and interest by any agency or instrumentality of the United States of America when such obligations are backed by the full faith and credit of the United States of America, or (d) evidences of ownership of proportionate interests in future interest and principal payments on obligations described above held by a bank or trust company as custodian, under which the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor and the underlying government obligations are not available to any person claiming through the custodian or to whom the custodian may be obligated (collectively "United States Obligations"). "Subordinate Obligations" means any Class of Obligations issued pursuant to the Resolutions in accordance with the requirements hereof and having a claim as to payment from the Trust Estate that is equal to that of all other Subordinate Obligations of the same Class and subordinate to that of all Senior Obligations. Multiple Classes of Subordinate Obligations may be issued in accordance with the requirements of the Resolutions having different priorities of claim as to payment from the Trust Estate.

"Subseries" means: (i) such portion of the Obligations authenticated and delivered on original issuance as part of a single Series as may be so designated in the Series Resolution authorizing such Series regardless of variations in maturity, interest rate or other provisions; and (ii) any Obligations thereafter authenticated and delivered in lieu of or in substitution for (but not to refund) Obligations of such Subseries as provided in the Resolutions.

"Swap" means any financial arrangement: (i) that is entered into by the Corporation with an entity that is a Swap Provider at the time the arrangement is entered into; (ii) (a) which provides that the Corporation shall pay to such entity an amount based on the interest accruing at a fixed rate on the Notional Amount equal to all or part of the outstanding principal amount of a Series of Obligations issued under the Resolutions, and that such entity shall pay to the order of the Corporation an amount based on the interest accruing on the Notional Amount at a variable rate of interest computed according to a formula set forth in such arrangement (which need not be the same as the actual rate of interest borne by such Series of Obligations) or that one (after adjustment for any cap, floor, collar or other financial arrangement referred to in (ii) (c) hereof, with respect thereto) shall pay to the other the net amount (Swap Payment or Swap Receipt) due under such arrangement; (b) which provides that the Corporation shall pay to such entity an amount based on the interest accruing on the Notional Amount equal to all or part of the outstanding principal amount of a Series of Obligations issued under the Resolutions, at a variable rate of interest computed according to a formula set forth in such arrangement and that such entity shall pay to the order of the Corporation an amount based on the interest accruing at a fixed rate on the Notional Amount (which need not be the same as the actual rate of interest borne by such Series of Obligations) or that one (after adjustment for any cap, floor, collar or other financial arrangement referred to in (ii) (c) hereof, with respect thereto) shall pay to the other the net amount (Swap Payment or Swap Receipt) due under such arrangement; or (c) which is included as part of or covered by the financial transaction described in (ii) (a) or (ii) (b) above or is separately executed and which is a cap, floor or collar, forward rate, future rate, asset, swap or index, price or market linked transaction or agreement, other exchange or rate protection transaction agreement, other similar transaction (however designated) or any combination thereof or any option with respect thereto executed by the Corporation for the purpose of moderating interest rate fluctuations or otherwise pursuant to the Act; and (iii) which has been designated by a Certificate of an Authorized Officer to the Trustee and authenticated or otherwise registered by the Trustee under the Resolutions as a Swap with respect to a Series of Obligations. "Swap" shall also include any such financial arrangement described in clauses (ii) and (iii) above entered into by the Corporation with a Swap Provider as a replacement of a Swap that has been terminated and which has been so designated by a Certificate of an Authorized Officer to the Trustee with respect to a Series of Obligations.

"Swap Facility" means an insurance policy, surety bond, letter of credit or other credit enhancement with respect to a Swap or any similar facility entered into for the same or similar purposes and may include Investment Securities properly pledged to the Corporation under the Resolutions pursuant to the Swap Facility or by the Swap Provider, in each case satisfying or meeting the rating standards for investments of the Debt Service Reserve Account, which is delivered to the Trustee along with a Certificate of an Authorized Officer to which a Rating Affirmation is attached. Payments by the Corporation under a Swap Facility related to a Swap shall be deemed Swap Payments under the Resolutions and shall not be deemed Reimbursement Obligations and payments to the Corporation under a Swap Facility related to a Swap shall be deemed Swap Receipts. Payment by the Corporation under a Swap Facility applicable to any fees, expenses or similar other charges or obligations thereunder shall be a Cost of Issuance or a Program Expense.

"Swap Payment" means the net amount required to be paid in respect of interest by the Corporation under a Swap that is applicable to the interest rate exchange effected thereunder, but not (a) any fees, expenses or similar other charges or obligations thereunder (which shall be either Program Expenses or Costs of Issuance) or (b) any Termination Payment or other payments by the Corporation on account of termination of the Swap (which shall be Other Obligations).

"Swap Provider" means a financial institution: (i) whose long term debt obligations are rated at least as high by at least two nationally recognized rating agencies as the greater of (a) the rating on the related Class of Bonds or Notes authorized by the applicable Series Resolution authorizing such Swap and (b) "Aa"; (ii) whose obligations under the Swap are fully covered by a Swap Facility and achieve the ratings described in (i); or (iii) whose obligations under

the Swap are secured by a pledge of Defeasance Securities in amounts sufficient to achieve the ratings described in (i) hereof.

"Swap Receipt" means that net amount required to be paid to the Corporation under a Swap, but shall not include any Termination Receipt.

"Tax-Exempt" means, with respect to any Series or Subseries of Obligations, that interest received by Bondholders is not included in gross income for federal income tax purposes pursuant to Section 103 of the Code, as evidenced by a Counsel's Opinion addressed to the Corporation.

"Termination Payment" means with respect to a Swap an amount required to be paid by the Corporation to the Swap Provider or related Swap Facility as a result of the termination of the Swap or pursuant to a Swap Facility; provided that any payments by the Corporation on account of termination of a Swap shall be deemed Other Obligations under the Resolutions.

"Termination Receipt" means with respect to a Swap an amount required to be paid to the Corporation by the Swap Provider or related Swap Facility as a result of the termination of the Swap.

"Trust Estate" means all property pledged under the Resolutions in trust for the benefit of the Owners of the Obligations pursuant to the granting clauses of the Resolutions or pursuant to any Series Resolution.

Contract with Holder. The provisions of the Resolutions constitute a contract between the Corporation and the Owners of the Obligations, and the pledges and assignments made in the Resolutions and the provisions, covenants and agreements set forth therein are for the equal benefit, protection and security of the Owners of any and all of such Obligations, each of which, regardless of the time or times of its issue or maturity, shall be of equal rank without preference, priority or distinction over any other thereof, except as expressly provided in the Resolutions.

Pledge Effected by the Resolutions. To secure the payment of principal of and interest on the Obligations, there is pledged, subject to the provisions of the Resolutions permitting the application thereof, for or to the purposes and on the terms and conditions set forth in the Resolutions, the Trust Estate, including the following: (i) all moneys, including Obligation proceeds, held in any of the funds and accounts (other than the Rebate Account) established and held under the Resolutions or received by the Trustee for deposit in such funds and accounts (other than the Rebate Account); (ii) all Loans, the Corporation's right, title and interest in which is funded through the application of assets described in (i) above, along with all documentation thereof and all rights of the Corporation with respect thereto except as expressly provided in the Resolutions; (iii) all guarantee or insurance payments with respect to Loans and interest thereon described in (ii) above; (iv) any grant or contributions which may be received by the Corporation from any department, agency or instrumentality of the United States, or from any person; (v) all other Revenues; (vi) all rights of the Corporation with respect to any Origination Agreement or Servicing Agreement; all rights of the Corporation under any Swap or Swap Facility and all direct and indirect proceeds, of any of the assets described in (i) through (vii) above. The pledge shall be valid and binding from and after the date of the Resolutions. In accordance with the statutory lien provisions of the Act, the Trust Estate so pledged shall immediately be subject to the lien of such pledge without any physical delivery or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation, irrespective of whether such parties have notice thereof.

Nature of Security for Obligations. (A) The Resolutions create an issue of Obligations of the Corporation and creates a continuing pledge and lien to secure the full and final payment of the principal of and interest on such Obligations. The Bonds, Notes, Reimbursement Obligations, Swap Payments and any other obligation of the Corporation arising under any Bond, Note, Obligation Facility or Swap shall be special and limited obligations of the Corporation, payable solely from the Trust Estate without recourse against other assets of the Corporation. The Bonds, Notes, Reimbursement Obligations, Swap Payments and any other obligation of the Corporation arising under any Bond, Note, Obligation Facility or Swap shall not be deemed to constitute a debt or liability of the

Commonwealth or of any political subdivision thereof or a pledge of the faith and credit of the Commonwealth or of any such political subdivision other than the Corporation.

(B) The pledges and assignments made and the provisions, covenants and agreements set forth in the Resolutions to be performed by or on behalf of the Corporation shall be for the equal benefit, protection and security of the Owners of any and all of such Obligations, each of which, regardless of the time or times of its issue or maturity, shall be of equal rank without preference, priority or distinction over any other thereof, except as expressly provided in the Resolutions.

(C) (i) Subject to the preceding paragraphs (A) and (B), all Bonds and Notes identified as Senior Obligations by the applicable Series Resolution authorizing their issuance shall have the same priority of claim as to payment under the Resolutions, which priority shall be senior to that of all Subordinate Obligations;

(ii) Subject to the preceding paragraphs (A) and (B), all Bonds and Notes identified as Senior Subordinate Obligations by the applicable Series Resolution authorizing their issuance shall have the same priority of claim as to payment under the Resolutions, which priority shall be subordinate to all Senior Obligations and senior to that of all Subordinate Obligations other than Senior Subordinate Obligations;

(iii) Subject to the preceding paragraphs (A) and (B), all Bonds and Notes identified as Subordinate Obligations, other than Senior Subordinate Obligations, having the same priority by the applicable Series Resolution authorizing their issuance shall have the same priority of claim as to payment under the Resolutions, which priority: (a) shall be subordinate: (I) to all Senior Obligations; (II) to all Senior Subordinate Obligations; (III) to all Subordinate Obligations expressly identified in such Series Resolution or, if not addressed in such Series Resolution, in a subsequent Series Resolution as senior to such Class; and (IV) to all Obligations having the same priority of claim as to payment as do Subordinate Obligations so expressly identified; and (b) shall be senior: (I) to all Subordinate Obligations expressly identified in such Series Resolution or, if not addressed in such Series Resolution, in a subsequent Series Resolution as subordinate to such Class; and (II) to all Obligations having the same priority of claim as to payment as do Subordinate Obligations so expressly identified;

(iv) Subject to the preceding paragraphs (A) and (B), Reimbursement Obligations and Swap Payments arising in connection with any Class of Bonds or Notes shall have the same priority of claim as to payment under the Resolutions as does the applicable Class of Bonds or Notes;

(v) Subject to the preceding paragraphs (A) and (B), Other Obligations shall have a priority of claim as to payment, under the Resolutions which shall be either the same as or subordinate to the Reimbursement Obligations or Swap Payments in connection with which such Other Obligations arise as specified in the Series Resolution authorizing the applicable Class of Bonds or Notes; and

(vi) No Owner of Obligations shall have any claim to any amounts properly distributed from the Trust Estate from time to time pursuant to the Resolutions and the recipients of any amount so distributed shall in no event be required to refund such amount.

Establishment of Accounts. (A) The Resolutions create the following special trust accounts to be held by the Trustee:

- (1) Loan Account;
- (2) Debt Service Reserve Account;
- (3) Revenue Account;

- (4) Operating Account;
- (5) Earnings Account; and
- (6) Rebate Account.

(B) The Trustee shall establish and create such separate funds within any of the Accounts established in subsection (A) of this Section as the Corporation may from time to time direct by delivery of a Certificate of an Authorized Officer or, subject to the written direction of the Corporation as the Trustee may deem advisable to facilitate the administration of the Trust Estate. Each such fund established within any Account shall be treated separately for record keeping and reporting purposes but all such funds established within any Account, other than the Rebate Account, shall constitute one undivided Account for all other purposes of the Resolutions except as the Corporation may direct by delivery of a Certificate of an Authorized Officer. Each such fund established within the Rebate Account with respect to any Series or Subseries of Obligations shall be treated as the sole fund available in the Rebate Account with respect to such Series or Subseries while: (i) any amount remains credited to such fund; and (ii) any obligation of the Corporation with respect to amounts in the Earnings Account and the Rebate Account remain unpaid or unperformed with respect to such Series or Subseries; provided, that the Corporation may from time to time direct the Trustee to effect transfers between funds established in the Rebate Account by delivery of a Certificate of an Authorized Officer accompanied by a Counsel's Opinion to the effect that such transfer would not violate the provisions of the Resolutions relating to Tax-Exempt Obligations. The Trustee may establish and create such separate special trust accounts in addition to the Accounts established in subsection (A) of this Section as the Trustee may deem advisable to facilitate the transfer of cash, Investment Securities or Loans into or out of the Trust Estate or between Accounts established in subsection (A) of this Section. Each special trust account so established shall constitute a part of the Trust Estate and any asset deposited to any special trust account so established shall constitute an asset of the Trust Estate and, with respect to assets transferred from an Account established in subsection (A) of this Section to a special trust account so established, an asset of the Account from which such asset was so transferred for all purposes of the Resolutions.

(C) All moneys and securities deposited in the Accounts and held by the Trustee pursuant to the Resolutions shall be held in trust and applied only in accordance with the provisions of the Resolutions.

Loan Account. There shall be deposited to the credit of the Loan Account a portion of the proceeds of each Series other than any Series of Refunding Obligations. Amounts so credited which represent original proceeds of a Series of Obligations and which are deposited thereto for application to the financing and refinancing of Student Loans described in clause (A) of the definition thereof or pursuant to any program described in clause (B) of such definition shall be so applied prior to the application of amounts deposited to the credit of the Loan Account for such application from the proceeds of any subsequently issued Series of Obligations or from any other source.

Amounts in the Loan Account shall be expended only: (a) to finance and refinance Student Loans, including the payment of any origination fees, origination discounts, transfer fees and acquisition premiums and to pay Costs of Issuance; (b) to apply to the redemption of Obligations in accordance with the Resolutions; (c) to provide amounts for transfer to the Revenue Account in accordance with the Resolutions; and (d) to provide amounts for transfer to the Operating Account in accordance with the Resolutions. All Loans financed or refinanced by application of amounts in the Loan Account shall be credited to the Loan Account, notwithstanding that the notes or other evidence of such Loans shall be held by the Servicer.

The Resolutions provide that the Corporation may at any time direct the Trustee in writing to apply amounts in the Loan Account to the redemption, purchase or retirement of any Obligations in accordance with their terms and the provisions thereof, but only if there is delivered to the Trustee, along with such written direction, a Certificate of an Authorized Officer stating that, in the judgment of the Corporation, such transfer or application would not materially and adversely affect the security pledged to the payment of any Obligations remaining Outstanding. The Resolutions further provide, with respect to the Series 1999A Bonds and the Series 1999B Bonds, that all amounts

credited to the Loan Account upon issuance of the Series 1999A Bonds and the Series 1999B Bonds, respectively, as original proceeds of the Series 1999A Bonds and the Series 1999B Bonds which have not been applied to finance Student Loans on or before July 1, 2001, or such later date as may be established by a Certificate of an Authorized Officer accompanied by a Rating Affirmation, shall be applied to the redemption of the Series 1999A Bonds and the Series 1999B Bonds, respectively.

The Resolutions provide that, in the event that amounts available in the Revenue Account, along with all other amounts available for transfer to the Revenue Account from sources other than the Debt Service Reserve Account and the Loan Account, shall at any time be insufficient to fund payments therefrom in accordance with Paragraphs FIRST, SECOND, THIRD or FOURTH included under "— SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS — Revenue Account" in this APPENDIX B, the Trustee shall transfer the amount necessary to fund such payment to the Revenue Account, but only to the extent of cash then credited to the Loan Account without liquidating Loans credited thereto.

The Resolutions provide that, in the event that amounts available in the Revenue Account, along with all other amounts available for transfer to the Revenue Account from sources other than the Loan Account, shall at any time be insufficient to fund payments therefrom in accordance with Paragraphs FIRST, SECOND, THIRD or FOURTH included under "— SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS — Revenue Account" in this APPENDIX B, the Trustee shall transfer the amount necessary to fund such payment to the Revenue Account and shall liquidate Loans to the extent necessary to effect such transfer.

The Resolutions provide that, subject to any provision contained in a Series Resolution limiting the payment of Program Expenses, in the event that the amounts available in the Operating Account, along with all other amounts available for transfer to the Operating Account from sources other than the Loan Account, shall at any time be insufficient to pay estimated Program Expenses then unpaid or becoming payable during the applicable period beginning on the next preceding Interest Payment Date or during the applicable period beginning on the date of issuance, as estimated by the Corporation and as set forth in the Certificate of an Authorized Officer of the Corporation, the Corporation shall direct the Trustee to and the Trustee, upon receipt of such Certificate, shall transfer the amount set forth in such Certificate to the Operating Account.

The Series 1999A Bond Resolution and the Series 1999B Bond Resolution limit the annual amount expended from the Trust Estate to pay certain Program Expenses to 1.65% of the principal balance of Loans credited to the Loan Account or such other percentage as may be established by a Certificate of an Authorized Officer of the Corporation accompanied by a Rating Affirmation.

Debt Service Reserve Account. Except as may be set forth in any Series Resolution, in the event that amounts available in the Revenue Account are insufficient, subsequent to any transfer thereto from the Loan Account as set forth in the Resolutions, to fund certain payments therefrom, including the principal of, or the interest on, the Senior Obligations or the Subordinate Obligations, the Trustee shall transfer the amount necessary to fund such payment from the Debt Service Reserve Account to the Revenue Account.

In the event that amounts in the Debt Service Reserve Account shall at any time exceed the aggregate requirement therefor established by each applicable Series Resolution, taking into account all transfers and payments of principal to be effected on the date of calculation, such excess shall be transferred, upon the written direction of the Corporation, to the Revenue Account or the Loan Account or, in the absence of such direction, to the Revenue Account.

Revenue Account. Except as otherwise provided by a Series Resolution, all Revenues are to be deposited promptly with the Trustee in the Revenue Account. The Trustee is to apply, at the direction of the Corporation, all moneys then deposited therein as follows and in the following order of priority:

- FIRST:** On any Business Day, to apply to the payment to a borrower or to the federal government of amounts required pursuant to the Applicable Law with respect to rebates of amounts paid by borrowers, to origination fees and to insurance or to guarantee fees, as established by delivery of a Certificate of an Authorized Officer;
- SECOND:** With respect to any Tax-Exempt Series or Subseries of Obligations, on any Business Day, to transfer to the credit of the Rebate Account, to the extent of funds available, an amount sufficient, along with the other amounts: (i) credited thereto, subsequent to all transfers or credits thereto on the preceding Business Day; (ii) credited thereto on such Business Day as earnings upon the Rebate Account; or (iii) transferred thereto on such Business Day from the Earnings Account, to fund required payments from the Rebate Account on such date;
- THIRD:** With respect to any Tax-Exempt Series or Subseries of Obligations, on any Business Day, to apply in accordance with the requirements of the Arbitrage Certificate to assure compliance with the Resolutions;
- FOURTH:** On any Interest Payment Date, other date upon which principal of Obligations is payable or other date upon which a Reimbursement Obligation or Swap Payment is payable, and subsequent to the foregoing applications, to transfer to the Paying Agent an amount sufficient to fund payments in the following order of priority: (i) all interest, Reimbursement Obligations in respect of interest and Swap Payments on Senior Obligations due on such date, and all principal and Reimbursement Obligations in respect of Senior Obligations due on such date (other than pursuant to optional redemption), on a pro rata basis within such Class; (ii) to the credit of the Debt Service Reserve Account, the amount necessary to cause the balance therein to equal the aggregate requirement therefor established in each Series Resolution; and (iii) with respect to each successive Class of Subordinate Obligations having the next most senior priority as to payment hereunder, all interest, Reimbursement Obligations in respect of interest and Swap Payments due on such date and all principal and Reimbursement Obligations in respect of principal due on such date (other than pursuant to optional redemption), on a pro rata basis within such respective Class;
- FIFTH:** On the last Business Day of each calendar quarter and subsequent to the foregoing applications, to transfer to the credit of the Operating Account, to the extent of amounts available, an amount sufficient, along with all other amounts available therefor, to pay Program Expenses then unpaid and payable or becoming payable during the next quarterly period;
- SIXTH:** On any Interest Payment Date and subsequent to the foregoing applications, to transfer to the Paying Agent an amount sufficient to fund payment of any Carry-over Amount payable pursuant to any Series Resolution, with respect to each successive Class of Senior and Subordinate Obligations, in descending order of priority as to payment hereunder, on a pro rata basis within such respective Class;
- SEVENTH:** On any date upon which Obligations are payable pursuant to redemption, and subsequent to the foregoing applications, to transfer to the Paying Agent an amount sufficient to fund payments in the following order of priority: (i) all principal and Reimbursement Obligations in respect of principal and of Senior Obligations due on such date pursuant to optional redemption along with any associated premium, on a pro rata basis within such Class; and (ii) all principal and Reimbursement Obligations in respect of principal of each successive Class of Subordinate Obligations having the next most senior priority as to payment hereunder due on such date pursuant to optional redemption, along with any associated premium, on a pro rata basis within such respective Class;

- EIGHTH:** On any Interest Payment Date and subsequent to the foregoing applications, if so directed by a Certificate of an Authorized Officer, to transfer to the Paying Agent the amount so certified for application to the redemption of Obligations as directed in such Certificate in accordance with their terms and the provisions of the Resolutions;
- NINTH:** On any Interest Payment Date and subsequent to the foregoing applications, if: (i) so directed by a Certificate of an Authorized Officer stating the amount of Excess Coverage which would otherwise exist, after giving effect to all other transfers made or to be made pursuant hereto on such date; and (ii) a Cash Flow Projection shall have been delivered to each Rating Agency, with a copy to the Trustee, which Cash Flow Projection shall be prepared assuming such transfer, to transfer in accordance with a Certificate of an Authorized Officer, an amount not in excess of the amount of Excess Coverage so certified free and clear of the lien of the Resolutions; and
- TENTH:** On any Interest Payment Date which occurs prior to the end of any applicable Recycling Period and subsequent to the foregoing applications, to transfer to the credit of the Loan Account an amount established by delivery of a Certificate of an Authorized Officer evidencing that the aggregate amount of funds which the Corporation then projects that it might apply, if credited to the Loan Account, to finance Student Loans during the then current Fiscal Year exceeds the amount credited to the Loan Account and available for such purpose by at least such amount.

Operating Account. Amounts on deposit in the Operating Account shall be used only to pay Program Expenses as due and may be released to the Corporation for such purpose on the last Business Day of any calendar month, or on such other monthly dates as may be requested by the Corporation from time to time in writing with respect to any Series of Obligations in an amount not exceeding the estimated amount of Program Expenses then unpaid or becoming payable during the next succeeding calendar month, as established by delivery of a Certificate of an Authorized Officer setting forth such amount; provided, that the portion of such amounts attributable to any Series to which an Obligation Facility applies shall be paid to the applicable Obligation Facility Provider upon the written direction of such applicable Obligation Facility Provider received by the Trustee during such period subsequent to an Event of Default and prior to an Obligation Facility Provider Default; and, further provided, that the aggregate amount so released or paid within any calendar quarter shall not exceed the assumption therefor reflected in the then current Cash Flow Projection.

Earnings Account. With respect to the Series 1999B Bonds and any other Tax-Exempt Series or Subseries of Obligations, there shall be credited to the Earnings Account all amounts received in any Account, other than the Rebate Account, as interest earnings or net gain on disposition of investments, other than Loans, in excess of the Obligation Yield, but only if such deposit is required by the applicable Arbitrage Certificate.

With respect to the Series 1999B Bonds and any other Tax-Exempt Series or Subseries of Obligations, but only if such deposit is required by the applicable Arbitrage Certificate, on the first Business Day following each computation period, amounts in the Earnings Account shall be deposited into the Rebate Account such that the amount held in the Rebate Account after such deposit is equal to the rebate amount calculated as of the last day of the computation period pursuant to written instructions from the Corporation. Following such transfers, any amounts on deposit in the Earnings Account shall be deposited to the Revenue Account.

Rebate Account. Upon receipt of written instructions from an Authorized Officer, amounts with respect to rebate liability which are transferred from the Earnings Account if applicable, or from the Revenue Account, to the Rebate Account shall be rebated to the United States at the times and in the amounts set forth in the Resolutions.

Investment of Certain Funds. Subject to the right of the Corporation to direct in writing the investment or deposit of funds in accordance with the Resolutions, moneys in any Account except as provided in the Resolutions

shall be continuously invested and reinvested or deposited and redeposited by the Trustee in the highest yield Investment Securities, with a view toward maximizing yield (with proper preservation of principal) and minimizing the instances of uninvested funds.

Investment Securities purchased as an investment of moneys in any Account held by the Trustee under the Resolutions shall be deemed at all times to be a part of such Account, but with respect to any Tax-Exempt Series or Subseries of Obligations, the income or interest earned and gains realized in excess of losses suffered by an Account other than the Rebate Account due to the investment thereof shall be deposited in the Earnings Account, but only if such deposit is required by the applicable Arbitrage Certificate or, subject to compliance with certain requirements, shall be deposited in the Revenue Account or credited as Revenues to the Revenue Account from time to time and reinvested, in accordance with the Resolutions.

Valuation of Investments. (A) In computing the amount in any Account, obligations other than Loans purchased as an investment of moneys therein shall be valued at amortized value, unless otherwise provided in the applicable Series Resolution provided, however, that Investment Securities credited to the Debt Service Reserve Account shall be valued at the then current market value as determined by the Trustee as of the last day of each month. Amortized value means par, if the obligation was purchased at par, or, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of interest payments remaining on such obligation after such purchase and deducting the amount thus calculated for each interest payment date after such purchase from the purchase price in the case of an obligation purchased at a premium or adding the amount thus calculated for each interest payment date after such purchase to the purchase price in the case of an obligation purchased at a discount. Loans shall be valued at par plus: (i) accrued interest; and (ii) with respect to Loans described in clause (A) of the definition thereof in Section 1.1, accrued but unpaid federal obligations, if any, other than interest, applicable to such Loans, in each case as evidenced by the Certificate of an Authorized Officer.

Loan Program. The Corporation shall, from time to time, with all practical dispatch and in a sound and economical manner consistent in all respects with the Resolutions and sound banking practices and principles: (i) do all such acts and things necessary to receive and collect Revenues sufficient to pay the expenses of the Loan Program; and (ii) diligently enforce and take all steps, actions and proceedings reasonably necessary in the judgment of the Corporation to protect its rights with respect to, to maintain any insurance on and to enforce all terms, covenants and conditions of Loans.

For so long as any Obligations are Outstanding, the Corporation shall administer the Loan Program in such manner as to ensure that the Loan Program and the Loans will benefit, to the optimum extent, from its contractual rights relative to all Loans.

The Corporation shall, either directly, or through its Servicers, diligently collect all principal and interest payments on all Loans held under the Resolutions, and all applicable interest subsidy payments, surety, insurance or guarantee claims and special allowance payments; subject, however, to the reserved rights of the Corporation: (i) to implement programs which have the effect of reducing Student Loan revenue received for purposes of reducing overall costs of administering such Student Loans or of benefitting the borrowers; and (ii) subsequent to delivery to the Trustee of a Certificate of an Authorized Officer to which is attached a Rating Affirmation and, if any Tax-Exempt Series or Subseries of Obligations is then Outstanding, a Counsel's Opinion to the effect that the capacity of the Corporation to comply with the Tax Covenants set forth in the Resolutions with respect to such Series or Subseries would not be materially reduced solely as a result thereof, to finance and refinance Student Loans which are affected by such programs by application of amounts in the Loan Account. The Corporation shall, or through its Servicers shall, cause the filing and assignment of such claims within the time prescribed by Applicable Law. The Corporation will remain, with respect to such Loans, in material compliance with all Applicable Law which applies to the Loan Program and to such Loans and will take no action to jeopardize the right to receive any federal payments with respect to the Loans described in clause (A) of the definition of Student Loans to which such payments may be applicable.

Except as otherwise provided in the Resolutions, the Corporation may at any time sell, assign, transfer or otherwise dispose of a Loan credited to the Loan Account at a price:

- (i) in excess of the principal amount thereof (plus accrued borrower interest) or equal to or in excess of the purchase price paid by the Corporation for such Loan (less principal amounts received with respect to such Loan);
- (ii) equal to the principal amount thereof (plus accrued borrower interest), when necessary to fund a transfer pursuant to the Resolutions; or
- (iii) lower than the principal amount thereof (plus accrued borrower interest) when the Corporation delivers to the Trustee and each Obligation Facility Provider, as required, a Certificate of an Authorized Officer stating that:
 - (a) the Corporation reasonably believes that the Revenues expected to be received (after giving effect to such sale, assignment, transfer or other disposition) would be at least equal to the Revenues expected to be received assuming no such sale, assignment, transfer or other disposition occurred, or
 - (b) the Corporation shall remain able to pay debt service on the Obligations on a timely basis (after giving effect to such sale, assignment, transfer or other disposition) whereas it would not have been able to pay on a timely basis if it had not sold, assigned, transferred or disposed of the Loans at such discounted amount, or
 - (c) the amount on deposit in the Accounts (excluding the Earnings Account, the Rebate Account and the Operating Account), including the Loans therein (valued at par plus accrued interest and accrued special allowance payments, if any), and the then current value of the cash and Investment Securities in such Accounts (after giving effect to such sale, assignment, transfer or other disposition) will be at least equal to the principal amount of the Outstanding Obligations plus accrued interest, or
 - (d) the amount for which the Loan is being sold, assigned, transferred or disposed of is equal to the purchase price paid by the Corporation for such Loan (less principal amounts received with respect to such Loan).

Under all circumstances, the Corporation shall sell Loans if necessary to prevent the occurrence of an Event of Default.

Power to Issue Obligations and Pledge Revenues, Funds and Other Property. The Corporation is duly authorized under all applicable laws to authorize and issue the Obligations and to enter into, execute and deliver the Resolutions and to pledge the assets and revenues purported to be pledged thereby in the manner and to the extent therein provided. The assets and revenues so pledged are and will be free and clear of any pledge, lien, charge or encumbrance thereon, or with respect thereto prior to, or of equal rank with, the pledge created thereby, and all corporate or other action on the part of the Corporation to that end has been and will be duly and validly taken. The Obligations are and will be the valid and legally enforceable obligations of the Corporation in accordance with their respective terms and the terms of the Resolutions. The provisions of the Resolutions are and will be a valid and legally enforceable obligation of the Corporation in accordance with its terms. The Corporation shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Revenues and other assets and revenues, including rights therein pledged under the Resolutions, and all the rights of the Holders under the Resolutions against all claims and demands of all persons whomsoever.

Further Assurance. At any and all times the Corporation shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable for the better assuring, conveying, granting, pledging, assigning and confirming all and singular the rights, Revenues and assets hereby pledged or assigned, or intended so to be, or which the Corporation may become bound to pledge or assign.

Tax Covenants. With respect to the Series 1999B Bonds and any other Tax-Exempt Series or Subseries of Obligations, the Corporation shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the Obligations shall, for the purposes of federal income taxation, be excludable from the gross income of the recipients thereof and exempt from such taxation. The Corporation shall not permit at any time or times any of the proceeds of the Series 1999B Bonds and any other Tax-Exempt Series or Subseries of Obligations or any other funds of the Corporation to be used directly or indirectly to acquire any securities or obligations, the acquisition of which would cause any of the Series 1999B Bonds or any of such other Tax-Exempt Series or Subseries of Obligations to be an "arbitrage bond" as defined in the Code.

Series Resolutions Effective Upon Filing with the Trustee. For any one or more of the following purposes and at any time or from time to time, a Series Resolution of the Corporation may be adopted, which, upon the filing with the Trustee and each Obligation Facility Provider applicable to an affected Series of a copy thereof so identified by a Certificate of an Authorized Officer, shall be fully effective in accordance with its terms upon the fifteenth day subsequent to such filing, or with respect to any Series Resolution exclusively for the purpose described in Paragraph (5) of this Section shall be fully effective as provided in such Series Resolution; provided, that the written consent of any affected Obligation Facility Provider to any such Series Resolution, other than a Series Resolution described in Paragraph (5), (6) or (7) (which shall require no consent except such consent as may be required by a Series Resolution authorizing any Series of Obligations) has been received by the Trustee on or prior to such date, or else upon receipt of such consent:

- (1) to add to the Resolutions other covenants and agreements to be observed by the Corporation which are not contrary to or inconsistent with the Resolutions as theretofore in effect; or
- (2) to add to the Resolutions other limitations and restrictions to be observed by the Corporation which are not contrary to or inconsistent with the Resolutions as theretofore in effect; or
- (3) to surrender any right, power or privilege reserved to or conferred upon the Corporation by the terms of the Resolutions, but only if the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Corporation contained in the Resolutions; or
- (4) to confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Resolutions, of the Revenues or of any other revenues or assets; or
- (5) to authorize the issuance of one or more Series of Obligations and to prescribe the terms and conditions upon which such Obligations may be issued; or
- (6) to modify any provision of the Resolutions if such modification is applicable only to Obligations to be issued subsequent to the effective date of such Series Resolution and if, in Counsel's Opinion, such modification does not materially affect any Outstanding Series; or
- (7) to implement any change in the corporate structure of the Corporation subsequent to the date hereof which results in the assignment of the duties of the Corporation hereunder to one or more successor, subsidiary or affiliated entities.

Series Resolutions Effective Upon Consent of Trustee. (A) For any one or more of the following purposes, a Series Resolution may be adopted, which, upon (i) the filing with the Trustee and each Obligation Facility Provider

applicable to an affected Series of a copy thereof certified by a Authorized Officer, and (ii) the filing with the Trustee, each applicable Obligation Facility Provider and the Corporation of an instrument in writing made by the Trustee consenting thereto, shall be fully effective in accordance with its terms upon the fifteenth day subsequent to such filing; provided, that the written consent of each applicable Obligation Facility Provider to any such Series Resolution is received by the Trustee on or prior to such date, or else upon receipt of such consent:

- (1) to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Resolutions; or
- (2) to insert such provisions clarifying matters or questions arising under the Resolutions as are necessary or desirable and are not contrary to or inconsistent with the Resolutions as theretofore in effect; or
- (3) to provide for additional duties of the Trustee in connection with the Loans; or
- (4) to provide for the orderly sale or remarketing of Obligations.

(B) Any such Series Resolution may also contain one or more of the purposes specified in the section entitled "Series Resolutions Effective Upon Filing With the Trustee" above, and in that event, the consent of the Trustee shall be required only to those provisions of such Series Resolution as shall contain one or more of the purposes set forth in subsection (A) above.

Series Resolutions Effective Upon Consent of Holders. A Series Resolution may be adopted subject to consent by Holders in accordance with and subject to the Resolutions and each Obligation Facility Provider. Any such Series Resolution shall become fully effective upon the filing with the Trustee of a copy thereof certified by an Authorized Officer and upon compliance with the Resolutions.

Powers of Amendment. Any modification of or amendment to the Resolutions may be made by a Series Resolution, but only, in the event such Series Resolution shall be pursuant to the Section entitled "Series Resolution Effective upon Consent of Holders", with the written consent given as provided in the Resolutions (i) of the Owners of at least fifty-one percent (51 %) in principal amount of the Most Senior Outstanding Obligations which are Outstanding at the time such consent is given or (ii) in case less than all of the Most Senior Outstanding Obligations then Outstanding are affected by the modification or amendment, of the Owners of at least fifty-one percent (51 %) in principal amount of the Most Senior Outstanding Obligations so affected and Outstanding at the time such consent is given; provided, that consent of the applicable Obligation Facility Provider shall be deemed to establish consent of at least fifty-one percent (51 %) of the Owners of a Series. If any such modification or amendment will not take effect so long as any Most Senior Outstanding Obligations of a specified maturity remain Outstanding, however, the consent of the Owners of such Most Senior Outstanding Obligations shall not be required and such Most Senior Outstanding Obligations shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Most Senior Outstanding Obligations under the Resolutions. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Obligation or of any installment of interest thereon or a reduction in the principal amount or redemption price thereof or in the rate of interest thereon without the consent of the Owner of such Obligation or shall reduce the percentages or otherwise affect the Classes of Obligations, the consent of the Owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of any Fiduciary without its written assent thereto. The Trustee may in its sole discretion determine whether or not in accordance with the foregoing powers of amendment Obligations of any particular maturity would be affected by any modification or amendment of the Resolutions and any such determination shall be binding and conclusive on the Corporation and all Owners of Obligations. No such modification or amendment shall change or modify any of the rights or obligations of any Fiduciary without the filing with the Trustee of the written assent thereto of such Fiduciary in addition to the consent of the Holders.

Consent of Holders. (A) A copy of any Series Resolution making a modification or amendment which is not permitted by the Resolutions (or brief summary thereof or reference thereto in form approved by the Trustee), together with a request for their consent thereto, shall be mailed by the Corporation to each applicable Obligation Facility Provider, prior to an Obligation Facility Provider Default, or to the Owner of each Most Senior Outstanding Obligation after an Obligation Facility Provider Default. Such Series Resolution shall not be effective unless (i) there shall have been filed with the Trustee (a) the written consents specified above in "Powers of Amendment" and (b) a Counsel's Opinion stating that such Series Resolution has been duly and lawfully adopted by the Corporation in accordance with the provisions of the Resolutions, is authorized or permitted by the Resolutions and is valid and binding upon the Corporation, (ii) published notice shall have been given as hereinafter provided in the Resolutions and (iii) the written consent of each applicable Obligation Facility Provider has been received by the Trustee.

(B) Notice stating in substance that the Series Resolution has been consented to by the Owners of the required percentages of Most Senior Outstanding Obligations and will, subject to receipt of consent by each applicable Obligation Facility Provider, be effective as provided in the Resolutions, shall be given to Holders by the Corporation: (i) either by publication in not less than two newspapers or financial journals printed in the English language and customarily published (except in the case of legal holidays) at least once a day for at least five days in each calendar week, one of which is of general circulation in the City of Louisville, Kentucky and one of which is of general circulation in the Borough of Manhattan, City and State of New York or by distribution by electronic medium devoted to matters affecting the public market for obligations of Commonwealth and local governments and their instrumentalities and deposit with a municipal bond secondary market disclosure repository approved for such purpose by the federal Securities and Exchange Commission or the Municipal Securities Rulemaking Board; and (ii) by mailing such notice to the Holders (but failure to mail such notice shall not prevent such Series Resolution from becoming effective and binding as provided in this Section). Such Series Resolution making such amendment or modification shall be deemed conclusively binding upon the Corporation, the Fiduciaries, the Owners of all Obligations and each applicable Obligation Facility Provider upon its execution and delivery in accordance with the provisions of the Resolutions.

Modifications by Unanimous Consent. The terms and provisions of the Resolutions and the rights and obligations of the Corporation and of the Owners of the Obligations may be modified or amended in any respect upon the adoption and filing by the Corporation of a Series Resolution and the consent of each applicable Obligation Facility Provider and of Owners of all the Obligations then Outstanding, but no such modification or amendment shall change or modify any of the rights or obligations of any Fiduciary without the filing with the Trustee of the written assent thereto of such Fiduciary in addition to the consent of the Holders. No notice of any such modification or amendment to Holders shall be required.

Events of Default. Each of the following events is an "Event of Default" under the Resolutions:

- (1) payment of the principal of or Redemption Price, if any, on any Most Senior Outstanding Obligation shall not be made when and as the same shall become due, whether at maturity or upon call for redemption or otherwise; or
- (2) payment of any installment of interest on any Most Senior Outstanding Obligation shall not be made when and as the same shall become due; or
- (3) the Corporation shall fail or refuse to comply with the other provisions of the Resolutions, or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained in the Resolutions or in the Obligations, and such failure, refusal or default shall continue for a period of thirty days after written notice thereof by the Trustee, each applicable Obligation Facility Provider or the Owners of not less than fifty-one percent (51%) in principal amount of the Most Senior Outstanding Obligations Outstanding, except that if the Corporation is taking steps to cure the event and the event is curable within a reasonable period of time, such event shall not be an Event of Default; or

(4) the Corporation shall:

- (a) admit in writing its inability to pay its debts generally as they become due; or
- (b) consent to the appointment of a custodian (as that term is defined in the federal Bankruptcy Code) for, or assignment to a custodian of, the whole or any substantial part of the Corporation's property, or fail to cause to be stayed, set aside or vacated within one hundred and twenty (120) days from the date of entry thereof any order or decree entered by a court of competent jurisdiction ordering such appointment or assignment; or
- (c) commence any proceeding or file a petition under the provisions of the federal Bankruptcy Code for liquidation, reorganization or adjustment of debts, or under any insolvency law or other statute or law providing for the modification or adjustment of the rights of creditors or fail to cause to be stayed, set aside or vacated within one hundred and twenty (120) days from the date of entry thereof any order or decree entered by a court of competent jurisdiction pursuant to an involuntary proceeding, whether under federal or state law, providing for liquidation or reorganization of the Corporation or modification or adjustment of the rights of creditors.

Acceleration. If any Event of Default specified in paragraphs (1) or (2) of the definition of "Event of Default" above shall have happened and be continuing, the Trustee may, and upon the written request of the Owners of not less than fifty-one percent (51%) in aggregate principal amount of Most Senior Outstanding Obligations Outstanding shall by notice in writing delivered to the Corporation, declare the principal of and interest accrued on all Obligations then Outstanding immediately due and payable. At any time before such declaration, the Owners of twenty-five percent (25%) in principal amount of the Most Senior Outstanding Obligations Outstanding with, subject to the provisions of the Resolutions, the prior consent of each applicable Obligation Facility Provider, by written notice to the Corporation and the Trustee, may rescind and annul such direction and its consequences if:

(1) there has been paid to or deposited with the Trustee by or for the account of the Corporation, or provision satisfactory to the Trustee has been made for the payment of, a sum sufficient to pay:

- (A) all overdue installments of interest on all Obligations;
- (B) the principal of any Obligations which have become due otherwise than by such declaration of acceleration and interest thereon at the rate or rates borne by the Obligations;
- (C) to the extent that payment of such interest is lawful, interest upon overdue installments of interest at the rate or rates borne by the Obligations; and
- (D) all sums paid or advanced by the Trustee under the Resolutions, and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and other Fiduciaries; and

(2) all Events of Default, other than the non-payment of the principal of and interest on Obligations which have become due solely by such declaration of acceleration, have been cured or waived as provided in the Resolutions.

No such rescission and annulment shall affect any subsequent default or impair any right consequent thereon.

Other Remedies. (A) Upon the happening and continuance of any Event of Default described in paragraphs (1) or (2) of the definition of "Event of Default" above, the Trustee shall immediately notify the Corporation, each applicable Obligation Facility Provider and each other Fiduciary of the existence of such Event of Default and shall

proceed, or upon the happening and continuance of any Event of Default specified in paragraphs (3) or (4) of the definition of "Event of Default" above, the Corporation shall immediately notify the Trustee and each other Fiduciary and the Trustee may proceed and, upon the written request of the Owners of not less than fifty-one percent (51 %) in principal amount of the Most Senior Outstanding Obligations Outstanding or, prior to an Obligation Facility Provider Default of each applicable Obligation Facility Provider, shall proceed, in its own name, to protect and enforce the rights of the Holders and each applicable Obligation Facility Provider by such of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights:

(1) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the Holders and each applicable Obligation Facility Provider, including the right to require the Corporation to receive and collect Revenues adequate to carry out the covenants and agreements as to, and the assignment of, the Loans and to require the Corporation to carry out any other covenants or agreements with Holders and to perform its duties as prescribed by law;

(2) by bringing suit upon the Obligations;

(3) by action or suit in equity, to require the Corporation to account as if it were the trustee of an express trust for the Owners of the Obligations and each applicable Obligation Facility Provider;

(4) by action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the Owners of the Obligations and each applicable Obligation Facility Provider;

(5) by declaring all Obligations due and payable, (but only with the written consent of all Owners of Most Senior Outstanding Obligations, if such Event of Default is the result of nonpayment of the principal of or interest on Subordinate Obligations, and only with the written consent of all Owners of Obligations, if such Event of Default is not the result of nonpayment of the principal of or interest on Obligations) and if all defaults shall be cured, then, with the written consent of the Owners of not less than fifty-one percent (51 %) in principal amount of the Most Senior Outstanding Obligations Outstanding and each applicable Obligation Facility Provider, by annulling such declaration and its consequences; or

(6) with, prior to an Obligation Facility Provider Default, the prior written consent of each applicable Obligation Facility Provider in the event that all Obligations are declared due and payable, by selling Loans credited to the Loan Account and Investment Securities.

(B) Except upon the occurrence and during the continuance of an Event of Default, the Corporation expressly reserves and retains the privilege to receive and, subject to the terms and provisions of the Resolutions, to keep or dispose of, claim, bring suit upon or to otherwise exercise, enforce or realize upon its rights and interest in and to the Loans and the proceeds and collections therefrom, and neither the Trustee, nor any applicable Obligation Facility Provider, nor any Holder shall in any manner be or be deemed to be an indispensable party to the exercise of any such privilege, claim or suit.

Priority of Payments After Default. (A) In the event that upon the happening and continuance of any Event of Default the funds held by the Trustee and Paying Agents shall be insufficient for the payment of principal of or Redemption Price and interest then due on the Obligations, such funds (other than funds held for the payment of principal or premium of or interest on particular Obligations which have theretofore become due at maturity or redemption allocable to each Series affected), and any other amounts received or collected by the Trustee acting pursuant to the Resolutions after making provision for the payment of any expenses necessary in the opinion of the Trustee to protect the interest of the Owners of the Obligations and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee or any Paying Agents in the performance of their respective duties under the Resolutions, shall be applied to the extent allocable to each affected Series of Obligations as follows:

(1) Unless the principal of all of the Obligations shall have become or have been declared due and payable:

FIRST: To the payment to the persons entitled thereto of all installments of interest, Reimbursement Obligations in respect of interest and Swap Payments on Most Senior Outstanding Obligations then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference;

SECOND: To the payment to the persons entitled thereto of the unpaid principal and Reimbursement Obligations in respect of principal of Most Senior Outstanding Obligations, along with any associated premium, which shall have become due and if the amounts available shall not be sufficient to pay in full all the Most Senior Outstanding Obligations due, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference;

THIRD: With respect to each successive Class of Subordinated Obligations having the next most senior priority as to payment: (A) to the payment to the persons entitled thereto of all installments of interest, Reimbursement Obligations in respect of interest and Swap Payments on Obligations of such Class then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installments, to the persons entitled thereto, without any discrimination or preference; and (B) to the payment to the persons entitled thereto of the unpaid principal and Reimbursement Obligations in respect of principal of any Obligations of such Class which shall have become due, along with any associated premium, and, if the amounts available shall not be sufficient to pay in full all the Obligations of such Class due, then to the payment thereof ratably, according to the amounts of principal, along with any associated premium, due on such date, to the persons entitled thereto, without any discrimination or preference; and

FOURTH: To be held for the payment to the persons entitled thereto as the same shall become due, of the principal or Redemption Price of and interest on the Obligations which may thereafter become due and if the amounts available shall not be sufficient to pay in full all the Obligations due on any date, together with such interest, payment shall be made ratably according to the amount of principal and interest due on such date to the persons entitled thereto, without any discrimination or preference.

(2) If the principal of all of the Obligations shall have become or have been declared due and payable:

FIRST: to the payment of the principal and interest then due and unpaid upon the Most Senior Outstanding Obligations without preference of priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Most Senior Outstanding Obligation over any other Most Senior Outstanding Obligation, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference; and

SECOND: With respect to each successive Class of Subordinated Obligations having the next most senior priority as to payment, to the payment of the principal and interest then due and unpaid upon the Obligations of such Class without preference of priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, of or any Obligation of such Class over any other Obligation of such Class, ratably, according to

the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference.

Termination of Proceedings. In case any proceedings taken by the Trustee on account of any Event of Default shall have been discontinued or abandoned for any reason, then in every such case the Corporation, each applicable Obligation Facility Provider, the Trustee and the Holders shall be restored to their former positions and rights, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceedings had been taken.

Direction of Proceedings by Holders or each applicable Obligation Facility Provider. The Owners of a majority in aggregate principal amount of Most Senior Outstanding Obligations Outstanding then Outstanding or, prior to an Obligation Facility Provider Default, each applicable Obligation Facility Provider, shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Resolutions, provided that: (a) such direction shall not be otherwise than in accordance with the provisions of law and of the Resolutions; (b) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Owners of Obligations not taking part in such direction; (c) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction; and (d) the Trustee may initiate proceedings in Kentucky State court or in federal court located in Kentucky.

Limitation on Rights of Holders. (A) No Owner of any Obligation other than a Most Senior Outstanding Obligation shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law hereunder, or for the protection or enforcement of any right under the Resolutions and no Owner of a Most Senior Outstanding Obligation shall have any such right unless such Owner shall have given to the Trustee written notice of the Event of Default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Owners of not less than fifty-one percent (51%) in principal amount of the Most Senior Outstanding Obligations then Outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification request and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under the Resolutions or for any other remedy hereunder or by law. It is understood and intended that no one or more Owners of the Obligations secured shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of the Resolutions, or to enforce any right under the Resolutions or under law with respect to the Obligations or the Resolutions, except in the manner provided by the Resolutions, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided under the Resolutions and for the benefit of all Owners of the Outstanding Obligations. Nothing contained in the Article of the Resolutions entitled "Defaults and Remedies" shall affect or impair the right of any Holder to enforce the payment of the principal or purchase price of and interest on his Obligations, or the obligation of the Corporation to pay the principal or purchase price of and interest on each Obligation issued under the Resolutions to the Owner thereof at the time and place in said Obligation, if any, expressed.

(B) Anything to the contrary notwithstanding contained in this Section, or any other provision of the Resolutions, each Owner of any Obligation by his acceptance thereof shall be deemed to have agreed that any court in its discretion may require, in any suit for the enforcement of any right or remedy under the Resolutions or any Series Resolution, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the reasonable costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable pre-trial, trial and appellate attorneys' fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this paragraph shall not apply to any suit instituted by the Trustee, to any suit instituted

by any Holder, or group of Holders, holding at least fifty-one percent (51%) in principal amount of the Most Senior Outstanding Obligations Outstanding, or to any suit instituted by any Holder of Most Senior Outstanding Obligations for the enforcement of the payment of any Most Senior Outstanding Obligation on or after the respective due date thereof expressed in such Obligation.

Appointment of Successor Trustee. (A) In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, the Corporation covenants and agrees that it will thereupon appoint a successor Trustee.

(B) If in a proper case no appointment of a successor Trustee shall be made within forty-five (45) days after the Trustee shall have given to the Corporation written notice of its resignation as Trustee, or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, each applicable Obligation Facility Provider may appoint a successor Trustee or any of the Trustee, the Owner of any Obligation or each applicable Obligation Facility Provider may apply to any court of competent jurisdiction to appoint a successor Trustee.

(C) Any Trustee appointed under the provisions of the Resolutions shall be a corporation organized under the laws of the United States or of any state which is authorized to exercise trust powers and is subject to supervision or examination by federal or state authorities, having a capital, surplus and undivided profits aggregating at least \$75,000,000 if there be such a trust company or bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolutions and shall be an Eligible Lender.

Defeasance. (A) If the Corporation shall pay or cause to be paid to the Owners of the Obligations, or of the Obligations of any Series or any Subseries, or of any maturity within a Series or Subseries, the principal and interest to become due thereon, at the times and in the manner stipulated therein and in the Resolutions, and all obligations of the Corporation thereunder with respect to the Obligations or to the Obligations of such Series or Subseries, or to any maturity within a Series or Subseries, as applicable, with respect to the fees and expenses of or reimbursement of each applicable Obligation Facility Provider, with respect to the fees and expenses of each Fiduciary and with respect to certain requirements applicable to the Series 1999B Bonds and any other Tax-Exempt Obligations, have been paid or otherwise performed or the payment or performance thereof has otherwise been provided for to the satisfaction of the Trustee and each applicable Obligation Facility Provider, then the pledge of any Revenues and other moneys, securities, funds and property constituting a part of the Trust Estate and all other rights granted hereby shall be discharged and satisfied with respect to the Obligations or to the Obligations of such Series or Subseries, or to any such maturity, as applicable. In such event, the Trustee shall, upon the written request of the Corporation, execute and deliver to the Corporation all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the Corporation all moneys or securities held by them pursuant to the Resolutions which are not required for the payment of Obligations not theretofore surrendered for such payment. If the Corporation shall pay or cause to be paid, or there shall otherwise be paid, to the Owners of all Outstanding Obligations, or of the Obligations of any Series or Subseries, or of any maturity within a Series or Subseries, the principal and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Resolutions, such Obligations shall cease to be entitled to any lien, benefit or security hereunder and all covenants, agreements and obligations of the Corporation to the Owners of such Obligations shall thereupon cease, terminate and become void and be discharged and satisfied.

(B) Obligations or interest installments for the payment of which moneys shall have been set aside and shall be held in trust by the Fiduciaries (through deposit by the Corporation of funds for such payment or otherwise) shall, at the maturity thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection (A) of this Section. All Obligations shall, prior to the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection (A) of this Section if (i) in case any of said Obligations are to be redeemed on any date prior to their maturity, the Corporation shall have given to the Trustee

in form satisfactory to it irrevocable written instructions to give notice as provided in the Resolutions of redemption on said date of such Obligations, (ii) there shall have been deposited with the Trustee either moneys or Defeasance Securities the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal or Redemption Price, if any, of and interest due and to become due on said Obligations on and prior to the Redemption Date or maturity date thereof, as the case may be, and (iii) in the event said Obligations are not by their terms subject to redemption within the next succeeding sixty days, the Corporation shall have given the Trustee in form satisfactory to it irrevocable written instructions to give notice to the Owners of such Obligations that the deposit required by (ii) above has been made with the Trustee and that said Obligations are deemed to have been paid in accordance with this Section and stating such maturity or Redemption Date upon which moneys are to be available for the payment of the principal or Redemption Price, if any, on said Obligations. Neither Defeasance Securities or moneys deposited with the Trustee pursuant to this Section nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of or Redemption Price, if any, and interest on said Obligations; but any cash received from such principal or interest payments on such Defeasance Securities deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in Defeasance Securities maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if any, and interest to become due on said Obligations on and prior to such maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over to the Corporation, as received by the Trustee, free and clear of any trust, lien or pledge.

To the Board of Directors of
Kentucky Higher Education
Student Loan Corporation

In our opinion, the accompanying balance sheets, statements of revenues, expenses and changes in retained earnings, and statements of cash flows present fairly, in all material respects, the financial position of Kentucky Higher Education Student Loan Corporation (the Corporation), a component unit of the Commonwealth of Kentucky, as of June 30, 1998 and 1997, and the results of its operations and its cash flows for each of the two years in the period ended June 30, 1998, in conformity with generally accepted accounting principles. These financial statements are the responsibility of the Corporation's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

As discussed in Note 2 to the financial statements, the Corporation changed its method of accounting for investments.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 1998 on our consideration of the Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on pages 16 through 19 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. As discussed in Note 2 to the financial statements, the Corporation changed its method of accounting for investments.

Kentucky Higher Education Student Loan Corporation

Notes to Financial Statements

(1) Description of Business and General Bond Resolutions

The Kentucky Higher Education Student Loan Corporation (Corporation) is an independent *de jure* municipal corporation established by the Kentucky General Assembly in 1978 to provide a loan finance program for post secondary students in the Commonwealth of Kentucky. Governed by a Board of Directors, the Corporation is authorized to finance loans for students attending eligible post secondary institutions, service and collect education loans, and issue bonds and notes not to exceed \$950,000,000 in order to carry out its corporate powers and duties. The Corporation's objectives are accomplished primarily through its secondary market program, which purchases loans from eligible lenders, and its lending program, which makes loans to parents and students directly. The Corporation also services loans and collects defaulted education loans.

The Corporation's General Bond Resolutions, Note Resolutions, and separate Series Resolutions for issue of Revenue Bonds contain provisions establishing funds and accounts for the segregation of assets and provisions restricting the use of the proceeds of bonds and other funds received.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Corporation's financial statements have been prepared in accordance with generally accepted accounting principles applicable to state government entities, which provide that financial activities operated similarly to private business enterprises be presented as separate proprietary funds. The Corporation follows all applicable Governmental Accounting Standards Board (GASB) pronouncements, as well as Financial Accounting Standards Board pronouncements and Accounting Principles Board Opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The Corporation uses the accrual basis of accounting. The Corporation is a component unit of the Commonwealth of Kentucky and, accordingly, its financial statements are also included in the Commonwealth of Kentucky's Comprehensive Annual Financial Report.

(b) Loan Losses

All loans are insured by the Kentucky Higher Education Assistance Authority (Authority) or the U. S. Department of Education. Management of the Corporation believes that the Authority will be able to honor all default claims presented by the Corporation. Loans made prior to October 1, 1993, are 100% insured. Loans made on or after October 1, 1993, are 100% insured against borrowers' death, disability, or bankruptcy and 98% insured against borrowers' default. The Corporation records a provision for loan losses based upon its expected default claims with respect to 98% insured loans. The allowance for loan losses was \$316,934 and \$202,145 as of June 30, 1998 and 1997, respectively.

Kentucky Higher Education Student Loan Corporation

Notes to Financial Statements

(c) Investments

Investments, which consist principally of securities of the federal government or its agencies and commercial paper, are stated at fair market value. In 1997, the Governmental Accounting Standards Board issued GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments," requiring that investments in interest-earning investment contracts, external investment pools, open-end mutual funds, and debt and equity securities be reported at fair value. The Corporation adopted this statement retroactively as of July 1, 1997. The financial statements for all periods presented have been restated to reflect this retroactive adoption. The specific identification method is used to determine the cost of investments sold.

(d) Commission on Debt Recovery

The Corporation's fee for collection of defaulted education loans is recorded as commission revenue when payments are received. Defaulted loans are not presented on the balance sheet.

(e) Income Taxes

The Corporation is an independent *de jure* municipal corporation and political subdivision of the Commonwealth of Kentucky and is therefore not subject to federal or state income taxes.

(f) Deferred Bond Issuance Costs

Bond issuance costs are deferred and amortized over the life of the bonds, utilizing the bonds outstanding method, which approximates the effective interest method.

(g) Deferred Loan Purchase Premiums and Deferred Loan Origination Costs

Loan purchase premiums and certain origination costs are deferred and amortized over the estimated life of the loans acquired or originated, based on projected balances outstanding, which approximates the effective interest method.

(h) Fixed Assets

Office furnishings, equipment, and system development costs are depreciated over their estimated useful lives using the straight-line method.

(i) Statement of Cash Flows

For the statement of cash flows, the Corporation considers cash and cash equivalents to be money market funds and investments which mature within one month of purchase.

Kentucky Higher Education Student Loan Corporation

Notes to Financial Statements

(j) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

(3) Cash and Investments

Cash and investments as of June 30, 1998, and 1997, are summarized below:

	<u>1998</u>	<u>1997</u>
Investments	\$ 76,736,766	\$ 39,458,744
Cash Equivalents	42,195,879	154,555,086

Total Investments	<u>\$113,175,843</u>			<u>\$80,837,987</u>	<u>\$194,013,830</u>

The Corporation's investments are categorized to give an indication of the level of risk assumed by the Corporation at year-end. Category 1 includes investments that are insured, registered, or for which the securities are held by the Corporation or its agent in the Corporation's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent in the Corporation's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent but not in the Corporation's name.

(4) Special Allowance

The U.S. Department of Education pays a special allowance to the Corporation after the end of each quarter representing supplemental interest on outstanding, insured loans at a rate based on the quarterly average of the 91-day U.S. treasury bill rate.

(5) Retirement Plan

The Corporation provides retirement benefits to all full-time employees through the Kentucky Employees Retirement System (KERS). KERS is a multiple-employer, defined benefit plan sponsored by the Commonwealth of Kentucky, which provides retirement, disability, and death benefits. The Corporation contributed 8.89% and the employees contributed 5% of their gross wages to the plan for the years ended June 30, 1998 and 1997. Such rates are intended to provide for normal costs on a current basis, plus an amount equal to the amortization of unfunded past service costs over thirty years, using the level percentage of payroll method. These contribution rates are determined by the Board of Trustees of the Kentucky Retirement Systems each biennium. The payroll of employees covered by the retirement plan was \$3,084,773 and \$2,473,180 for the years ended June 30, 1998 and 1997, respectively. Total payroll for the years ended June 30, 1998 and 1997, was \$3,342,317 and \$2,478,066, respectively.

Notes to Financial Statements

(5) Retirement Plan (continued)

KERS participants have fully vested interests after the completion of sixty months of service, twelve months of which are current service. The KERS contribution requirement for the years ended June 30, 1998 and 1997 was \$428,487 and \$343,531 respectively, which consisted of \$274,244 in employer contributions and \$154,243 from employees in 1998 and \$219,872 in employer contributions and \$123,659 from employees in 1997.

Although separate measurements of assets and pension benefit obligation are not available for individual employers, KERS's June 30, 1997 annual financial report (which is a matter of public record) contains this information for KERS as a whole.

All assets of the 1983 General Bond Resolution Fund and 1997 General Bond Resolution Fund are pledged for repayment of the specific bond issues under each resolution.

(7) Allowance for Arbitrage Liabilities

Certain of the Corporation's tax-exempt bond issues subject the Corporation to potential arbitrage liabilities under U.S. tax law. Arbitrage liabilities, under current federal income tax law regarding tax-exempt bond issues, consist of three types, which are arbitrage rebate, forgiveness, and yield adjustment payments. The liability for yield adjustment payments and forgiveness was \$11,714,138 and \$8,322,700 as of June 30, 1998 and 1997, respectively. The Corporation had a \$233,765 and \$269,900 liability for arbitrage rebate as of June 30, 1998 and 1997, respectively.

Arbitrage rebate is applicable to all of the Corporation's tax-exempt bonds except the 1985 Series A. With certain limited exceptions, income earned on non-purpose investments (investments other than student loans), which exceeds the bond yield (arbitrage yield, as defined), must be rebated to the U.S. Treasury. Payments of at least 90% are due every five years after the year of issuance, and upon final maturity of bonds.

Forgiveness is applicable to the 1991 Series B & C, 1993 Series A, B & C, 1994 Series A & B, 1995 Series A, B & C, 1996 Series B, and 1997 Series A, B, C, & D bonds. In general, a yield restriction is imposed on acquired purpose investments, designating the allowable yield as 1.5% above the bond yield (arbitrage yield, as defined), with the

Kentucky Higher Education Student Loan Corporation

Notes to Financial Statements

(7) Allowance for Arbitrage Liabilities (continued)

federal special allowance excluded from income. Impact of the yield restriction (loss of tax-exempt status) may be avoided by partial forgiveness of the applicable student loans. Forgiveness can be applied upon maturity of the bonds or as otherwise prescribed by the bond resolutions.

Yield adjustment payments, which also relate to yield restriction on acquired purpose investments, are applicable to the 1991 Series D & E Bonds, 1996 Series A, Subordinate Series 1997-B, and any future issues except certain refunding issues. The allowable yield is 2% above the bond yield (arbitrage yield, as defined), with the federal special allowance included in income. Impact of the yield restriction (loss of tax-exempt status) may be avoided by rebating the excess yield to the U.S. Treasury every 10 years, and upon final maturity of the bonds.

The determination of excess yield on acquired purpose investments is accumulative over the life of the applicable bond series, as is the determination of arbitrage rebate on non-purpose investments, except for variable rate bonds for which arbitrage rebate is generally determined for each five-year period without retroactivity.

(8) Credit and Liquidity Facilities

The 1991 Series E Bonds are collateralized with a Standby Bond Purchase Agreement, pursuant to which Credit Suisse will purchase any bonds not remarketed, and a Municipal Bond Insurance Policy issued by AMBAC Indemnity Corporation, which secures payment of principal and interest on the bonds. The Standby Bond Purchase Agreement expires June 24, 2001, unless it is renewed, and the Municipal Bond Insurance Policy extends through the term of the 1991 Series E Bonds, December 1, 2011.

The 1996 Series A Bonds are collateralized with a Standby Bond Purchase Agreement, pursuant to which Landesbank Hessen-Thüringen Girozentrale will purchase any bonds not remarketed, and a Municipal Bond Insurance Policy issued by MBIA Insurance Corporation, which secures payment of principal and interest on the bonds. The Standby Bond Purchase Agreement expires September 12, 2000. The Municipal Bond Insurance Policy extends through the term of the 1996 Series A Bonds, June 1, 2026.

(9) Related Party Transactions

The chairman and an ex officio non-voting member of the Authority's Board of Directors are voting members on the Corporation's Board of Directors. One member of the Authority's management serves in a similar capacity for the Corporation.

During the years ended June 30, 1998 and 1997, the Corporation incurred expenses of \$925,412 and \$967,775 for technical services, \$414,101 and \$432,128 for document processing services, and \$256 and \$8,320 for legal services provided by the Authority. For the years ended June 30, 1998 and 1997, the Corporation also incurred expenses of \$103,468 and \$79,219 for loan origination and disbursement services provided by the

Kentucky Higher Education Student Loan Corporation

Notes to Financial Statements

(9) Related Party Transactions (continued)

Authority. Pursuant to a separate agreement, the Corporation collects certain defaulted student loans for the Authority. Fee income recognized for the years ended June 30, 1998 and 1997 was \$2,631,026 and \$2,445,685, respectively. In connection with the default collection agreement, the Corporation incurred \$63,452 and \$324,234 in legal fees for cash collections on loan accounts that were assigned to the Authority's Division of Legal Services for legal collection assistance.

Amounts due to and from the authority at June 30, 1998, and 1997, are as follows:

	<u>1998</u>	<u>1997</u>
Due to the Authority	\$ 911,070	\$ 290,325
Due from the Authority	278,398	160,531

Substantially all loans purchased or made by the Corporation are insured by the Authority.

On July 31, 1997 and October 1, 1997, the Corporation made transfers totaling \$3.0 million to the Authority for support of state student financial assistance programs, as approved by the Corporation's Board of Directors on May 9, 1997, pursuant to Section 508(c) of the General Bond Resolution. The Corporation's Board of Directors approved a similar \$3.0 million transaction on May 22, 1998, and on July 31, 1998, the Corporation transferred \$1.5 million to the Authority. The remaining \$1.5 million is expected to be transferred on October 1, 1998.

Certain members of the Corporation's Board of Directors serve as officers or directors of lending institutions. In the normal course of business, the Corporation purchases loans from these institutions and the institutions refer borrowers to the Corporation for loans.

(10) Reserved Retained Earnings

Reserved retained earnings consists of: (a) 100% of retained earnings of the Education Finance Funds as required by the 1983 and 1997 General Bond Resolutions and the separate Series Resolutions; and (b) an amount equal to one-half of the Corporation's budgeted operating expenses for the upcoming fiscal year, pursuant to action of the Board of Directors.

(11) Commitments and Contingencies

The Corporation has entered into loan purchase contracts with various eligible lenders. Subject to the terms and conditions of these agreements, the Corporation on June 30, 1998, had plans to purchase approximately \$141,000,000 of loans. These contracts cannot be terminated by either party.

Notes to Financial Statements

(12) Subsequent Events

On September 18, 1998, the Corporation issued \$115,000,000 of Student Loan Revenue Bonds pursuant to its 1997 General Bond Resolution to finance its loan program. The \$72,800,000 Senior Series 1998A and \$42,200,000 Series Senior 1998B bonds are scheduled to mature May 1, 2028, and bear interest rates that change each 28 days with respect to the Senior Series 1998A and each 35 days with respect to the Senior Series 1998B based on specified indices.

The Corporation had entered into a Forward Financing Agreement Note with the Student Loan Marketing Association (SLMA) on December 30, 1996. This note provided for advances to the Corporation not to exceed an aggregate outstanding total of \$30,000,000. As of June 30, 1998 and 1997 there were no advances outstanding. Effective August 15, 1998, the Corporation terminated the agreement with SLMA.

PROPOSED FORM OF APPROVING OPINIONS OF BOND COUNSEL

Bond Counsel proposes to deliver its final approving opinion upon the delivery of the Senior Series 1999A Bonds, in substantially the form which follows.

[LETTERHEAD OF HAWKINS, DELAFIELD & WOOD]

[Date of Delivery]

Kentucky Higher Education Student
Loan Corporation
Louisville, Kentucky

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$51,350,000 Student Loan Revenue Bonds, Series 1999A (the "Series 1999A Bonds"), of the Kentucky Higher Education Student Loan Corporation (the "Corporation"), a public body corporate and politic constituting an independent de jure municipal corporation and political subdivision of the Commonwealth of Kentucky.

The Series 1999A Bonds have been authorized and issued pursuant to Chapter 164A of the Kentucky Revised Statutes, as amended (the "Act"), Section 57 of House Bill No. 321 as enacted by the 1998 Regular Session of the General Assembly of the Commonwealth of Kentucky ("House Bill No. 321"), a 1997 General Bond Resolution (the "General Resolution") adopted by the Corporation on May 9, 1997 and the Series 1999A Bond Resolution which specifically authorized the Series 1999A Bonds (the "Series Resolution") adopted by the Corporation on June __, 1999. Certain capitalized terms used but not defined herein are as defined for purposes of the Series Resolution. Pursuant to the General Resolution and the Series Resolution, the Corporation has authorized the issuance of the Series 1999A Bonds for the purposes of providing funds for the financing of Student Loans.

The Series 1999A Bonds, dated June 30, 1999 are scheduled to mature on the dates and in the principal amounts and will bear interest at the rates determined as provided in the Series Resolution.

The Series 1999A Bonds are issuable as fully registered bonds in the denomination of \$50,000 and any integral multiple thereof. The Series 1999A Bonds are subject to exchange, to conversion and to redemption prior to maturity and are payable upon the terms and conditions set forth therein, in the General Resolution and in the Series Resolution.

Pursuant to the Act, House Bill No. 321 and the General Resolution, the Corporation is authorized to issue the Series 1999A Bonds. The Series 1999A Bonds constitute Senior Obligations entitled to the equal benefit, protection and security of the provisions and covenants of the General Resolution and the Series Resolution with respect to Senior Obligations.

The General Resolution and the Series Resolution provide that the pledges and assignments made thereby and the provisions, covenants and agreements of the Corporation therein set forth shall be for the equal benefit, protection and security of the Owners of any and all Obligations, each of which shall be of equal rank without preference, priority or distinction, except as expressly provided therein. The General Resolution and the Series Resolution further provide that the Series 1999A Bonds and all other Senior Obligations shall have the same

priority of claim as to payment under the General Resolution, which priority shall be senior to that of all Obligations other than Senior Obligations. The Corporation reserves the right to issue Additional Obligations under the General Resolution which are equal to or subordinate in such priority to the Series 1999A Bonds.

The General Resolution and the Series Resolution provide that nonpayment of the principal of or interest on Subordinate Obligations, including Senior Subordinate Obligations, occurring while any Obligations which are senior in priority of claim as to payment under the General Resolution and the Series Resolution to the Obligations affected, and which are not affected by such nonpayment, remain Outstanding, shall not result in an Event of Default under the General Resolution and the Series Resolution that would give rise to a right on the part of Owners of affected Obligations to accelerate the affected Obligations or to exercise any other remedy. The General Resolution and the Series Resolution further provide: (i) that only Owners of Obligations which are not subordinate in priority of claim as to payment thereunder to any other Outstanding Obligations, such as the Series 1999A Bonds, may exercise any remedy or right of enforcement or consent to any action thereunder; and (ii) that the exercise by such Owners of the remedy of acceleration in response to an Event of Default which does not result from nonpayment of the principal of or interest on Obligations is conditioned upon the consent of all Owners of Outstanding Obligations.

The General Resolution and the Series Resolution provide that Owners of the Series 1999A Bonds will have no claim to any amounts properly distributed from the Trust Estate from time to time pursuant to the General Resolution and that the recipients of such amounts shall in no event be required to refund such distributed amounts.

We are of the opinion that:

1. The Corporation is a duly organized and existing independent de jure municipal corporation and political subdivision of the Commonwealth of Kentucky, pursuant to the Constitution and laws of the Commonwealth of Kentucky.

2. The Corporation has valid right and lawful authority to adopt the General Resolution and the Series Resolution, to issue its Student Loan Revenue Bonds, including the Series 1999A Bonds, pursuant to the General Resolution and to perform its duties, obligations and covenants pursuant to the terms and conditions of the General Resolution including the financing and refinancing of Student Loans.

3. The General Resolution and the Series Resolution have been duly and validly adopted by the Corporation, are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms.

4. The Series 1999A Bonds have been duly authorized and issued by the Corporation in accordance with the Constitution and laws of the Commonwealth of Kentucky, including the General Resolution and the Series Resolution.

5. The Series 1999A Bonds are valid and binding special and limited obligations of the Corporation, enforceable in accordance with their terms and the terms of the General Resolution and the Series Resolution and entitled to the benefits of the Act, the General Resolution and the Series Resolution. As provided by the General Resolution, the Series 1999A Bonds are secured by a pledge of certain revenues, assets and funds of the Corporation, including: (i) the proceeds of the sale of the Series 1999A Bonds; (ii) the Revenues and Loans; and (iii) all moneys and investments held in any of the funds and accounts established by the General Resolution (other than the Rebate Fund), subject to the provisions of the General Resolution and the Series Resolution permitting the use, application and disposal thereof. Pursuant to Section 164A.100 of the Act, such pledge is valid and binding and the lien of such pledge as security for the payment of the Series 1999A Bonds, on a basis of parity with all other Obligations secured thereby and subject to the provisions of the General Resolution and the Series Resolution permitting the use, application and disposal thereof, is valid and binding as against any and all parties having claims against the Corporation.

6. The Series 1999A Bonds do not constitute a debt, liability or other obligation of the Commonwealth of Kentucky. and neither the faith and credit nor the taxing power of the Commonwealth of Kentucky is pledged to the payment of the principal of or interest on the Series 1999A Bonds.

7. Under existing statutes, the Series 1999A Bonds, the income thereon and the transfer thereof, including any profit made on the sale thereof, shall at all times be exempt from taxation by the Commonwealth, its agencies and departments and by all political subdivisions within the Commonwealth.

In rendering this opinion, we are advising you that the enforceability of the Bonds, the General Resolution and the Series Resolution may be limited by bankruptcy, moratorium, insolvency or other laws affecting creditors' rights or remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed Series 1999A Bond and, in our opinion, the form of said Series 1999A Bond and its execution are regular and proper.

Very truly yours,

Bond Counsel proposes to deliver its final approving opinion upon the delivery of the Senior Series 1999B Bonds, in substantially the form which follows.

Kentucky Higher Education Student
Loan Corporation
Louisville, Kentucky

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$23,650,000 Student Loan Revenue Bonds, Series 1999B (the "Series 1999B Bonds"), of the Kentucky Higher Education Student Loan Corporation (the "Corporation"), a public body corporate and politic constituting an independent de jure municipal corporation and political subdivision of the Commonwealth of Kentucky.

The Series 1999B Bonds have been authorized and issued pursuant to Chapter 164A of the Kentucky Revised Statutes, as amended (the "Act"), Section 57 of House Bill No. 321 as enacted by the 1999 Regular Session of the General Assembly of the Commonwealth of Kentucky ("House Bill No. 321"), a 1997 General Bond Resolution (the "General Resolution") adopted by the Corporation on May 9, 1997 and the Series 1999B Bond Resolution which specifically authorized the Series 1999B Bonds (the "Series Resolution") adopted by the Corporation on June __, 1999. Certain capitalized terms used but not defined herein are as defined for purposes of the Series Resolution. Pursuant to the General Resolution and the Series Resolution, the Corporation has authorized the issuance of the Series 1999B Bonds for the purposes of providing funds for the financing of Student Loans.

The Series 1999B Bonds, dated June 30, 1999, are scheduled to mature on the dates and in the principal amounts and will bear interest at the rates per annum as set forth in the Series Resolution.

The Series 1999B Bonds are issuable as fully registered bonds in the denomination of \$50,000 and any integral multiple thereof. The Series 1999B Bonds are subject to exchange, to conversion and to redemption prior to maturity and are payable upon the terms and conditions set forth therein, in the General Resolution and in the Series Resolution.

Pursuant to the Act, House Bill No. 321 and the General Resolution, the Corporation is authorized to issue the Series 1999B Bonds. The Series 1999B Bonds constitute Senior Obligations entitled to the equal benefit, protection and security of the provisions and covenants of the General Resolution and the Series Resolution with respect to Senior Obligations.

The General Resolution and the Series Resolution provide that the pledges and assignments made thereby and the provisions, covenants and agreements of the Corporation therein set forth shall be for the equal benefit, protection and security of the Owners of any and all Obligations, each of which shall be of equal rank without preference, priority or distinction, except as expressly provided therein. The General Resolution and the Series Resolution further provide that the Series 1999B Bonds and all other Senior Obligations shall have the same priority of claim as to payment under the General Resolution, which priority shall be senior to that of all Obligations other than Senior Obligations. The Corporation reserves the right to issue Additional Obligations under the General Resolution which are equal to or subordinate in such priority to the Series 1999B Bonds.

The General Resolution and the Series Resolution provide that nonpayment of the principal of or interest on Subordinate Obligations, including Senior Subordinate Obligations, occurring while any Obligations which are senior in priority of claim as to payment under the General Resolution and the Series Resolution to the Obligations affected, and which are not affected by such nonpayment, remain Outstanding, shall not result in an Event of Default under the General Resolution and the Series Resolution that would give rise to a right on the part of Owners of affected Obligations to accelerate the affected Obligations or to exercise any other remedy. The General Resolution and the Series Resolution further provide: (i) that only Owners of Obligations which are not subordinate in priority of claim as to payment thereunder to any other Outstanding Obligations, such as the Series 1999B Bonds, may exercise any remedy or right of enforcement or consent to any action thereunder; and (ii) that the exercise by such Owners of the remedy of acceleration in response to an Event of Default which does not result from nonpayment of the principal of or interest on Obligations is conditioned upon the consent of all Owners of Outstanding Obligations.

The General Resolution and the Series Resolution provide that Owners of the Series 1999B Bonds will have no claim to any amounts properly distributed from the Trust Estate from time to time pursuant to the General Resolution and that the recipients of such amounts shall in no event be required to refund such distributed amounts.

We are of the opinion that:

1. The Corporation is a duly organized and existing independent de jure municipal corporation and political subdivision of the Commonwealth of Kentucky, pursuant to the Constitution and laws of the Commonwealth of Kentucky.
2. The Corporation has valid right and lawful authority to adopt the General Resolution and the Series Resolution, to issue its Student Loan Revenue Bonds, including the Series 1999B Bonds, pursuant to the General Resolution and to perform its duties, obligations and covenants pursuant to the terms and conditions of the General Resolution including the financing and refinancing of Student Loans.
3. The General Resolution and the Series Resolution have been duly and validly adopted by the Corporation, are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms.
4. The Series 1999B Bonds have been duly authorized and issued by the Corporation in accordance with the Constitution and laws of the Commonwealth of Kentucky, including the General Resolution and the Series Resolution.
5. The Series 1999B Bonds are valid and binding special and limited obligations of the Corporation, enforceable in accordance with their terms and the terms of the General Resolution and the Series Resolution and entitled to the benefits of the Act, the General Resolution and the Series Resolution. As provided by the General Resolution, the Series 1999B Bonds are secured by a pledge of certain revenues, assets and funds of the Corporation, including: (i) the proceeds of the sale of the Series 1999B Bonds; (ii) the Revenues and Loans; and (iii) all moneys and investments held in any of the funds and accounts established by the General Resolution (other than the Rebate Fund), subject to the provisions of the General Resolution and the Series Resolution permitting the use, application and disposal thereof. Pursuant to Section 164A.100 of the Act, such pledge is valid and binding and the lien of such pledge as security for the payment of the Series 1999B Bonds, on a basis of parity with all other Obligations secured thereby and subject to the provisions of the General Resolution and the Series Resolution permitting the use, application and disposal thereof, is valid and binding as against any and all parties having claims against the Corporation.
6. The Series 1999B Bonds do not constitute a debt, liability or other obligation of the Commonwealth of Kentucky, and neither the faith and credit nor the taxing power of the Commonwealth of Kentucky is pledged to the payment of the principal of or interest on the Series 1999B Bonds.

7. Under existing statutes and court decisions, interest on the Series 1999B Bonds is not included in gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). Interest on the Series 1999B Bonds will be treated as a preference item in calculating the alternative minimum tax imposed under the Code on individuals and corporations.

The Code establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 1999B Bonds in order that, for federal income tax purposes, interest on the Series 1999B Bonds be not included in gross income pursuant to Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of Series 1999B Bond proceeds, restrictions on the investment of Series 1999B Bond proceeds prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause interest on the Series 1999B Bonds to become subject to federal income taxation retroactive to their date of issue, irrespective of the date on which such noncompliance is ascertained.

Prior to the delivery of the Series 1999B Bonds, the Corporation and the Trustee executed a Tax Regulatory Agreement (the "Tax Regulatory Agreement") containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Regulatory Agreement, the Corporation covenants that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that interest paid on the Series 1999B Bonds will, for the purposes of federal income taxation, be not included in gross income.

In rendering the opinion in paragraph 7 hereof, we have relied upon and assumed: (i) the material accuracy of the representations, statements of intention and reasonable expectation and certifications of fact contained in the Tax Regulatory Agreement with respect to matters affecting the status of interest paid on the Series 1999B Bonds; and (ii) compliance by the Corporation with the procedures and covenants set forth in the Tax Regulatory Agreement.

8. Under existing statutes, the Series 1999B Bonds, the income thereon and the transfer thereof, including any profit made on the sale thereof, shall at all times be exempt from taxation by the Commonwealth, its agencies and departments and by all political subdivisions within the Commonwealth.

In rendering this opinion, we are advising you that the enforceability of the Bonds, the General Resolution and the Series Resolution may be limited by bankruptcy, moratorium, insolvency or other laws affecting creditors' rights or remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed Series 1999B Bond and, in our opinion, the form of said Series 1999B Bond and its execution are regular and proper.

Very truly yours,

AUCTION PROCEDURES

Auction Procedures for the Senior Series 1999A Bonds

The Auction Procedures for the Senior Series 1999A Bonds are as set forth below. All of the terms used in this Appendix E are defined herein or in other parts of this Official Statement.

Definitions

"All-Hold Rate", on any date of determination, shall mean the applicable LIBOR-Based Rate less .25%, provided that in no event shall the applicable All-Hold Rate be greater than the Maximum Auction Rate.

"Applicable ARCs Rate" shall mean the interest rate on the ARCs for any period after the Initial Interest Period.

"Applicable LIBOR-Based Rate" shall mean (a) for an Auction Period of 35 days or less, One-Month LIBOR, (b) for an Auction Period of more than 35 days but less than 91 days, Three-Month LIBOR, (c) for an Auction Period of more than 90 days but less than 181 days, six-month LIBOR, and (d) for an Auction Period of more than 180 days, One-Year LIBOR.

"Applicable Number of Business Days" shall mean the greater of two Business Days or one Business Day plus the number of Business Days by which the Auction Date precedes the first day of the next succeeding Interest Period.

"ARCs" shall mean the Senior Series 1999A Bonds.

"Auction Agency Agreement" shall mean the Auction Agency Agreement dated as of June 1, 1999, among the Corporation, the Trustee and the Auction Agent, and any similar agreement with a successor Auction Agent, in each case as from time to time amended or supplemented.

"Auction Date" shall mean July 19, 1999, and thereafter the Business Day immediately preceding the first day of each respective Interest Period, other than:

- (a) each Interest Period commencing after the ownership of the ARCs no longer maintained in book-entry form by the Depository;
- (b) each Interest Period commencing after the occurrence and during the continuance of a Payment Default, or
- (c) any Interest Period commencing less than the Applicable Number of Business Days after the cure or waiver of a Payment Default.

Notwithstanding the foregoing, the Auction Date for one or more Auction Periods may be changed pursuant to the Resolutions.

"Auction Period" shall mean the Interest Period applicable to the ARCs as the same may be changed pursuant to the Resolutions.

"Authorized Denominations" shall mean \$50,000 and any multiples thereof.

"Broker-Dealer" shall mean PaineWebber Incorporated or any other broker or dealer (each as defined in the Securities Exchange Act), commercial bank or other entity permitted by law to perform the functions required of a Broker-Dealer set forth in the Auction Procedures that (a) is a Participant (or an affiliate of a Participant), (b) which has a capital surplus of at least \$50,000,000, (c) has been selected by the Corporation with the approval of the Market Agent (which approval shall not be unreasonably withheld), and (d) has entered into a Broker-Dealer Agreement that remains effective.

"Broker-Dealer Agreement" shall mean the Broker-Dealer Agreement dated as of June 1, 1999, between the Auction Agent and the Broker-Dealer and each other agreement between the Auction Agent and a Broker-Dealer pursuant to which the Broker-Dealer agrees to participate in Auctions as set forth in the Auction Procedures, as from time to time amended or supplemented.

"Business Day" shall mean, with respect to the ARCs, any day other than December 30, December 31, April 14, April 15, such other dates as may be agreed to in writing by the Market Agent, the Auction Agent, the Broker-Dealer and the Corporation, or a Saturday, Sunday, holiday or day on which banks located in the City of New York, New York, or the New York Stock Exchange, the Trustee or the Auction Agent, are authorized or permitted by law or executive order to close.

"Carry-over Amount" shall mean the excess, if any, of (a) the amount of interest on a Senior Series 1999A Bond that would have accrued with respect to the related Auction Period at the Auction Rate over (b) the amount of interest on such Senior Series 1999A Bond actually accrued with respect to such Senior Series 1999A Bond, with respect to such Auction Period based on the Maximum Rate, together with the unpaid portion of any such excess from prior Auction Periods; provided that any reference to "principal" or "interest" in the Resolutions and in the Senior Series 1999A Bonds shall not include within the meanings of such words any Carry-over Amount or any interest accrued on any Carry-over Amount

"Default Rate" on any date of determination shall mean the interest rate per annum equal to the lesser of (a) the One-Month LIBOR plus 1.50% and (b) the Maximum Interest Rate.

"Existing Owner" shall mean a person who is listed as the owner of the ARCs in the records of the Auction Agent.

"Interest Amount" shall mean the amount of interest distributable in respect of each \$50,000 in principal amount (taken, without rounding, to .0001 of one cent) of ARCs for any Interest Period or part thereof, as calculated in accordance with the Resolutions.

"Interest Payment Date" shall mean the day following the end of each Interest Period, provided, however, that if the duration of the Interest Period is one year or longer, then the Interest Payment Dates therefor shall be each May 1 and November 1 during such Interest Period and the day following the end of such Interest Period; and shall also mean the maturity date of the Senior Series 1999A Bonds; or if any such date is not a Business Day, the next succeeding Business Day (but only for interest accrued through the last day of each Interest Period).

"Interest Period" shall mean (a) unless otherwise changed as provided in the Resolutions, the period commencing on the Date of Issuance through and including July 19, 1999, with respect to the Senior Series 1999A, and each successive 28-day period thereafter, respectively, commencing on a Tuesday and ending on (and including) a Monday and (b) if the Auction Periods are changed as provided in the Resolutions, each period commencing on an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date.

"LIBOR Determination Date" shall mean the Auction Date, or if no Auction Date is applicable, the Business Day immediately preceding the first day of each Interest Period.

"Market Agent Agreement" shall mean the Market Agent Agreement dated as of June 1, 1999, between the Corporation and the Market Agent, and any similar agreement with a successor Market Agent, in each case as from time to time amended or supplemented.

"Maximum Auction Rate" shall mean, for any Auction, a per annum interest rate on the ARCs which, when taken together with the interest rate on the ARCs for the one-year period ending on the final day of the proposed Auction Period, would result in the average interest rate on the ARCs for such period either (i) not being in excess (on a per annum basis) of the average of the Ninety-One Day United States Treasury Bill Rate plus 1.20% for such period (if all of the ratings assigned by the Rating Agencies to the ARCs are "Aa3" or "AA-" or better), (ii) not being in excess (on a per annum basis) of the average of the Ninety-One Day United States Treasury Bill Rate plus 1.50% for such period (if any one of the ratings assigned by the Rating Agencies to the ARCs is less than "Aa3" or "AA-" but both are at least any category of "A"), or (iii), not being in excess (on a per annum basis) of the average of the Ninety-One Day United States Treasury Bill Rate plus 1.75% for such period (if any one of the ratings assigned by the Rating Agencies to the ARCs is less than the lowest category of "A"); provided, however, that if the ARCs have not been outstanding for at least such one-year period, then for any portion of such period during which such ARCs were not outstanding, the interest rates on the ARCs for purposes of this definition shall be deemed to be equal to such rates as the Market Agent shall determine were the rates of interest on equivalent rated auction securities with comparable lengths of auction periods during such period.

For purposes of the Auction Agent and the Auction Procedures, the ratings referred to in this definition shall be the last ratings of which the Auction Agent has been given notice pursuant to the Auction Agency Agreement. The percentage amount to be added to the Ninety-One Day United States Treasury Bill Rate in any one or more of clauses (i), (ii) and (iii) above may be increased by delivery to the Auction Agent and the Trustee of a certificate of an Authorized Officer of the Corporation together with a Rating Affirmation.

"Maximum Interest Rate" shall mean the lesser of (a) 17% per annum or such higher rate as may be permitted with a Rating Confirmation or (b) the maximum rate of interest permitted under Kentucky law.

"Maximum Rate" on any date of determination, shall mean the interest rate per annum equal to the lesser of: (a) the Maximum Auction Rate; and (b) the Maximum Interest Rate.

"Ninety-One Day United States Treasury Bill Rate" shall mean the bond equivalent yield on the 91-day United States Treasury Bills sold at the last auction thereof that immediately precedes the Auction Date, as determined by the Market Agent on the Auction Date.

"One-Month LIBOR," "Three-Month LIBOR," "Six-Month LIBOR" or "One-Year LIBOR" shall mean the offered rate, as determined by the Auction Agent or Trustee, as applicable, of the Applicable LIBOR Based Rate for United States dollar deposits which appears on Telerate Page 3750, as reported by Bloomberg Financial Markets Commodities News (or such other page as may replace Telerate Page 3750 for the purpose of displaying comparable rates) as of approximately 11:00 a.m., London time, on the LIBOR Determination Date; provided, that if on any calculation date, no rate appears on Telerate Page 3750 as specified above, the Auction Agent or Trustee, as applicable, shall determine the arithmetic mean of the offered quotations of four major banks in the London interbank market, for deposits in U.S. dollars for the respective periods specified above to the banks in the London interbank market as of approximately 11:00 a.m., London time, on such calculation date and in a principal amount of not less than \$1,000,000 that is representative of a single transaction in such market and at such time, unless fewer than two such quotations are provided, in which case, the Applicable LIBOR Based Rate shall be the arithmetic mean of the offered quotations that leading banks in New York City selected by the Auction Agent or Trustee, as applicable, are quoting on the relevant LIBOR Determination Date for loans in U.S. dollars to leading European banks in a principal amount of not less than \$1,000,000 that is representative of a single transaction in such market at such time. All percentages resulting from such calculations shall be rounded upwards, if necessary, to the nearest one-hundredth of one percent.

"Owner" shall mean the beneficial owner of any ARCs.

"Payment Default" shall mean failure to make payment of interest on, premium, if any, and principal of the ARCs when due, by the Corporation.

"Potential Owner" shall mean any Person (including any Existing Owner that is (a) a Broker-Dealer when dealing with the Auction Agent and (b) a potential beneficial owner when dealing with a Broker-Dealer), who may be interested in acquiring ARCs (or, in the case of an Existing Owner thereof, an additional principal amount of ARCs).

"Record Date" shall mean (a) so long as Interest Payment Dates are specified to occur at the end of each Auction Period, the Applicable Number of Business Days immediately preceding each Interest Payment Date and (b) if and for so long as interest is payable with respect thereto semiannually, one Business Day prior to each Interest Payment Date.

"Redemption Date" when used with respect to any ARCs to be redeemed, shall mean the date fixed for such redemption.

"Registrar" shall mean the Trustee or any separate registrar appointed under the Resolutions with respect to the Senior Series 1999A Bonds.

"SEC" shall mean the Securities and Exchange Commission

"Securities Depository" or *"Depository"* shall mean Cede & Co., as nominee for The Depository Trust Company and its successors and assigns or if, (a) the then Securities Depository resigns from its functions as depository of the Bonds or (b) the Corporation discontinues use of the Securities Depository pursuant to the Resolutions, any other securities depository which agrees to follow the procedures required to be followed by a securities depository in connection with the Bonds and which is selected by the Corporation with the consent of the Trustee.

"Securities Exchange Act" shall mean the Securities Exchange Act of 1934, as amended.

"Submission Deadline" shall mean 1:00 p.m. on any Auction Date or such other time on any Auction Date by which Broker-Dealers are required to submit Orders to the Auction Agent, as specified by the Auction Agent from time to time.

"Winning Bid Rate" shall have the meaning set forth in the Resolutions.

Introduction

Auctions shall be conducted on each Auction Date (other than the Auction Date immediately preceding (i) each Interest Period commencing after the ownership of the ARCs is no longer maintained in book-entry form by a Securities Depository; (ii) each Interest Period commencing after the occurrence and during the continuance of a Payment Default; or (iii) any Interest Period commencing less than two Business Days after the cure of a Payment Default). If there is an Auction Agent on such Auction Date, Auctions shall be conducted in the following manner:

(a) *Orders by Existing Owners and Potential Owners.*

(i) Prior to the Submission Deadline on each Auction Date:

(A) each Existing Owner of ARCs may submit to a Broker-Dealer information as to:
(1) the principal amount of Outstanding ARCs, if any, held by such Existing Owner which such

Existing Owner desires to continue to hold without regard to the Auction Rate for the next succeeding Interest Period; (2) the principal amount of Outstanding ARCs, if any, which such Existing Owner offers to sell if the Auction Rate for the next succeeding Interest Period shall be less than the rate per annum specified by such Existing Owner; and/or (3) the principal amount of Outstanding ARCs, if any, held by such Existing Owner which such Existing Owner offers to sell without regard to the Auction Rate for the next succeeding Interest Period; and

(B) one or more Broker-Dealers may contact Potential Owners to determine the principal amount of ARCs which each such Potential Owner offers to purchase if the Auction Rate for the next succeeding Interest Period shall not be less than the rate per annum specified by such Potential Owner.

The communication to a Broker-Dealer of information referred to in clause (A)(1), (A)(2), (A)(3) or (B) of this subsection (a)(i) is hereinafter referred to as an "Order" and collectively as "Orders." Each Existing Owner and each Potential Owner placing an Order is hereinafter referred to as a "Bidder" and collectively as "Bidders." An Order containing the information referred to in clause (A)(1) of this subsection (a)(i) is hereinafter referred to as a "Hold Order" and collectively as "Hold Orders." An Order containing the information referred to in clause (A)(2) or (B) of this subsection (a)(i) is hereinafter referred to as a "Bid" and collectively as "Bids." An order containing the information referred to in clause (A)(3) of this subsection (a)(i) is hereinafter referred to as "Sell Order" and collectively as "Sell Orders."

(ii) (A) Subject to the provisions of subsection (b) below, a Bid by an Existing Owner shall constitute an irrevocable offer to sell: (1) the principal amount of Outstanding ARCs specified in such Bid if the Auction Rate determined shall be less than the rate specified in such Bid; or (2) such principal amount or a lesser principal amount of Outstanding ARCs to be determined as set forth in clause (D) of paragraph (i) of subsection (d) below, if the Auction Rate determined shall be equal to the rate specified in such Bid; or (3) such principal amount or a lesser principal amount of Outstanding ARCs to be determined as set forth in clause (C) of paragraph (ii) of subsection (d) below, if the rate specified shall be higher than the Maximum Rate and Sufficient Clearing Bids have not been made.

(B) Subject to the provisions of subsection (b) of this Section, a Sell Order by an Existing Owner shall constitute an irrevocable offer to sell: (1) the principal amount of Outstanding ARCs specified in such Sell Order; or (2) such principal amount or a lesser principal amount of Outstanding ARCs as set forth in clause (C) of paragraph (ii) of subsection (d) below, if Sufficient Clearing Bids have not been made.

(C) Subject to the provisions of subsection (b) below, a Bid by a Potential Owner shall constitute an irrevocable offer to purchase: (1) the principal amount of Outstanding ARCs specified in such Bid if the Auction Rate determined shall be higher than the rate specified in such Bid; or (2) such principal amount or a lesser principal amount of Outstanding ARCs as set forth in clause (E) of paragraph (i) of subsection (d) below, if the Auction Rate determined shall be equal to the rate specified in such Bid.

(b) *Submission by Broker-Dealers to the Auction Agent.*

(i) Each Broker-Dealer shall submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders obtained by such Broker-Dealer and shall specify with respect to each such Order:

(A) the name of the Bidder placing such Order,

(B) the aggregate principal amount of ARCs that are the subject of such Order,

(C) to the extent that such Bidder is an Existing Owner: (1) the principal amount of ARCs, if any, subject to any Hold Order placed by such Existing Owner; (2) the principal amount of ARCs, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and (3) the principal amount of ARCs, if any, subject to any Sell Order placed by such Existing Owner; and

(D) to the extent such Bidder is a Potential Owner, the rate and amount specified in such Potential Owner's Bid.

(ii) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one-thousandth (.001) of 1%.

(iii) If an Order or Orders covering all Outstanding ARCs held by any Existing Owner is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Existing Owner covering the principal amount of Outstanding ARCs held by such Existing Owner and not subject to an Order submitted to the Auction Agent.

(iv) None of the Corporation, the Trustee nor the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

(v) If any Existing Owner submits through a Broker-Dealer to the Auction Agent one or more Orders covering in the aggregate more than the principal amount of Outstanding ARCs held by such Existing Owner, such Orders shall be considered valid as follows and in the following order of priority:

(A) all Hold Orders shall be considered valid, but only up to and including in the aggregate the principal amount of ARCs held by such Existing Owner, and if the aggregate principal amount of ARCs subject to such Hold Orders exceeds the aggregate principal amount of ARCs held by such Existing Owner, the aggregate principal amount of ARCs subject to each such Hold Order shall be reduced pro rata to cover the aggregate principal amount of Outstanding ARCs held by such Existing Owner.

(B) (1) any Bid shall be considered valid up to and including the excess of the principal amount of Outstanding ARCs held by such Existing Owner over the aggregate principal amount of ARCs subject to any Hold Orders referred to in clause (A) of this paragraph (v); (2) subject to subclause (1) of this clause (B), if more than one Bid with the same rate is submitted on behalf of such Existing Owner and the aggregate principal amount of Outstanding ARCs subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess and the stated amount of ARCs subject to each Bid with the same rate shall be redeemed pro rata to cover the stated amount of ARCs equal to such excess; (3) subject to subclauses (1) and (2) of this clause (B), if more than one Bid with different rates is submitted on behalf of such Existing Owner, such Bids shall be considered valid first in the ascending order of their respective rates until the highest rate is reached at which such excess exists and then at such rate up to and including the amount of such excess; and (4) in any such event, the aggregate principal amount of Outstanding ARCs, if any, subject to Bids not valid under this clause (B) shall be treated as the subject of a Bid by a Potential Owner at the rate therein specified; and

(C) all Sell Orders shall be considered valid up to and including the excess of the principal amount of Outstanding ARCs held by such Existing Owner over the aggregate principal

amount of ARCs subject to valid Hold Orders referred to in clause (A) of this paragraph (v) and valid Bids referred to in clause (B) of this paragraph (v).

(vi) If more than one Bid for ARCs is submitted on behalf of any Potential Owner, each Bid submitted shall be a separate Bid with the rate and principal amount therein specified.

(vii) Any Bid or Sell Order submitted by an Existing Owner covering an aggregate principal amount of ARCs not equal to an Authorized Denomination shall be rejected and shall be deemed a Hold Order. Any Bid submitted by a Potential Owner covering an aggregate principal amount of ARCs not equal to an Authorized Denomination or any multiple thereof shall be rejected.

(viii) Any Bid submitted by an Existing Owner or a Potential Owner specifying a rate lower than the All-Hold Rate shall be treated as a Bid specifying the All-Hold Rate and any such Bid shall be considered as valid and shall be selected in the ascending order of the respective rates in the Submitted Bids.

(c) *Determination of Sufficient Clearing Bids, Auction Rate and Winning Bid Rate.*

(i) Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, or as a "Submitted Order" and collectively as "Submitted Hold Orders," "Submitted Bids" or "Submitted Sell Orders," as the case may be, or as "Submitted Orders") and shall determine:

(A) the excess of the total principal amount of Outstanding ARCs over the sum of the aggregate principal amount of Outstanding ARCs subject to Submitted Hold Orders (such excess being hereinafter referred to as the "Available ARCs"); and

(B) from such Submitted Orders whether (1) the aggregate principal amount of Outstanding ARCs subject to Submitted Bids by Potential Owners specifying one or more rates equal to or lower than the Maximum Rate; exceeds or is equal to the sum of: (2) the aggregate principal amount of Outstanding ARCs subject to Submitted Bids by Existing Owners specifying one or more rates higher than the Maximum Rate; and (3) the aggregate principal amount of Outstanding ARCs subject to Submitted Sell Orders (in the event such excess or such equality exists, other than because the sum of the principal amounts of ARCs in subclauses (1) and (3) above is zero because all of the Outstanding ARCs are subject to Submitted Hold Orders, such Submitted Bids in subclause (1) above being hereinafter referred to collectively as "Sufficient Clearing Bids"); and

(C) if Sufficient Clearing Bids have been made, the lowest rate specified in such Submitted Bids (which shall be the "Winning Bid Rate") such that if: (1)(a) each such Submitted Bid from Existing Owners specifying such lowest rate and (b) all other Submitted Bids from Existing Owners specifying lower rates were rejected, thus entitling such Existing Owners to continue to hold the principal amount of ARCs subject to such Submitted Bids; and (2)(a) each such Submitted Bid from Potential Owners specifying such lowest rate and (b) all other Submitted Bids from Potential Owners specifying lower rates were accepted, the result would be that such Existing Owners described in subclause (1) above would continue to hold an aggregate principal amount of Outstanding ARCs which, when added to the aggregate principal amount of Outstanding ARCs to be purchased by such Potential Owners described in subclause (2) above, would equal not less than the Available ARCs.

(ii) Promptly after the Auction Agent has made the determinations pursuant to paragraph (i) of this subsection (c), the Auction Agent shall advise the Trustee of the Maximum Auction Rate, the Maximum Interest Rate, the All-Hold Rate, and the Applicable LIBOR-Based Rate and the components thereof on the Auction Date and, based on such determinations, the Auction Rate for the next succeeding Interest Period (the "Auction Rate") as follows:

(A) if Sufficient Clearing Bids have been made, that the Auction Rate for the next succeeding Interest Period shall be equal to the Winning Bid Rate so determined;

(B) if Sufficient Clearing Bids have not been made (other than because all of the Outstanding ARCs are subject to Submitted Hold Orders), that the Auction Rate for the next succeeding Interest Period shall be equal to the Maximum Rate; or

(C) if all Outstanding ARCs are subject to Submitted Hold Orders, that the Auction Rate for the next succeeding Interest Period shall be equal to the All-Hold Rate.

If the Auction Rate determined as set forth above exceeds the Maximum Rate, the Applicable ARCs Rate for such Interest Period shall be equal to the Maximum Rate, and the excess of the amount of interest on the ARCs that would have accrued at the rate equal to the Auction Rate over the amount of interest on such ARCs actually accrued at the Maximum Rate will accrue as the Carry-over Amount. The Carry-over Amount will bear interest at a rate equal to One-Month LIBOR from the Interest Payment Date for the Interest Period for which the Carryover Amount was calculated until paid or until extinguished in accordance with the Resolutions.

(d) *Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of ARCs.* Existing Owners shall continue to hold the principal amount of ARCs that are subject to Submitted Hold Orders, and based on the determinations made pursuant to (i) of subsection (c), Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(i) if Sufficient Clearing Bids have been made, all Submitted Sell Orders shall be accepted and, subject to the provisions of paragraph (iv) of this subsection (d), Submitted Bids shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Owners' Submitted Bids specifying any rate that is higher than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to sell the aggregate principal amount of ARCs subject to such Submitted Bids;

(B) Existing Owners' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be rejected, thus entitling each such Existing Owner to continue to hold the aggregate principal amount of ARCs subject to such Submitted Bids;

(C) Potential Owners' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring such Potential Owner to purchase the aggregate principal amount of ARCs subject to such Submitted Bids;

(D) each Existing Owner's Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be rejected, thus entitling such Existing Owner to continue to hold the aggregate principal amount of ARCs subject to such Submitted Bid, unless the aggregate principal amount of Outstanding ARCs subject to all such Submitted Bids shall be greater than the principal amount of ARCs (the "remaining principal amount") equal to the excess of the Available ARCs over the aggregate principal amount of ARCs subject to Submitted Bids described in clauses (B) and (C) of this paragraph (i), in which event such Submitted Bid of such Existing Owner shall be rejected in part, and such Existing Owner shall be entitled to continue to hold the principal amount

of ARCs subject to such Submitted Bid, but only in an amount equal to the aggregate principal amount of ARCs obtained by multiplying the remaining principal amount by a fraction the numerator of which shall be the principal amount of Outstanding ARCs held by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the sum of the principal amount of Outstanding ARCs subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate; and

(E) each Potential Owner's Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be accepted but only in an amount equal to the principal amount of ARCs obtained by multiplying the excess of the aggregate principal amount of Available ARCs over the aggregate principal amount of ARCs subject to Submitted Bids described in clauses (B), (C) and (D) of this paragraph (i) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding ARCs subject to such Submitted Bid and the denominator of which shall be the sum of the principal amounts of Outstanding ARCs subject to Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate;

(ii) If Sufficient Clearing Bids have not been made (other than because all of the Outstanding ARCs are subject to Submitted Hold Orders), subject to the provisions of paragraph (iv) of this subsection (d), Submitted Orders shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected;

(A) Existing Owners' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate shall be rejected, thus entitling such Existing Owners to continue to hold the aggregate principal amount of ARCs subject to such Submitted Bids;

(B) Potential Owners' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate shall be accepted, thus requiring each Potential Owner to purchase the aggregate principal amount of ARCs subject to such Submitted Bids; and

(C) each Existing Owner's Submitted Bid specifying any rate that is higher than the Maximum Rate and the Submitted Sell Order of each Existing Owner shall be accepted, thus entitling each Existing Owner that submitted any such Submitted Bid or Submitted Sell Order to sell the ARCs subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the aggregate principal amount of ARCs obtained by multiplying the aggregate principal amount of ARCs subject to Submitted Bids described in clause (B) of this paragraph (ii) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding ARCs held by such Existing Owner subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate principal amount of Outstanding ARCs subject to all such Submitted Bids and Submitted Sell Orders;

(iii) If all Outstanding ARCs are subject to Submitted Hold Orders, all Submitted Bids shall be rejected; and

(iv) If, as a result of the procedures described in paragraph (i) or (ii) of this subsection (d), any Existing Owner would be entitled or required to sell, or any Potential Owner would be entitled or required to purchase, a principal amount of ARCs that is not equal to an Authorized Denomination, the Auction Agent shall, in such manner as it shall, in its sole discretion, determine, round up or down the principal amount of ARCs to be purchased or sold by any Existing Owner or Potential Owner so that the principal amount of ARCs purchased or sold by each Existing Owner or Potential Owner shall be equal to an Authorized Denomination, even if such allocation results in one or more of such Potential Owners not purchasing any ARCs.

(e) Based on the results of each Auction, the Auction Agent shall determine the aggregate principal amount of ARCs to be purchased and the aggregate principal amount of ARCs to be sold by Potential Owners and Existing Owners on whose behalf each Broker-Dealer submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate principal amount of ARCs to be sold differs from such aggregate principal amount of ARCs to be purchased, determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers such Broker-Dealer shall deliver, or from which other Broker-Dealer or Broker-Dealers acting for one or more sellers such Broker-Dealer shall receive, as the case may be ARCs.

Auction Procedures for the Senior Series 1999B Bonds

The Auction Procedures for the Senior Series 1999B Bonds are as set forth below. All of the terms used in this Appendix E are defined herein or in other parts of this Official Statement.

Definitions

“AA’ Composite Commercial Paper Rate,” on any date of determination, shall mean (i) the interest equivalent of the 30-day rate on commercial paper placed on behalf of issuers whose corporate bonds are rated “AA” by Standard & Poor’s Corporation, or the equivalent of such rating by Standard & Poor’s Corporation, as made available on a discount basis or otherwise by the Federal Reserve Bank of New York for the Business Day immediately preceding such date of determination; or (ii) if the Federal Reserve Bank of New York does not make available any such rate, then the arithmetic average of such rates, as quoted on a discount basis or otherwise, by the commercial paper dealers, to the Auction Agent for the close of business on the Business Day immediately preceding such date of determination; provided that if any commercial paper dealer does not quote a commercial paper rate required to determine the “AA” Composite Commercial Paper Rate, the “AA” Composite Commercial Paper Rate shall be determined on the basis of such quotation or quotations furnished by the remaining commercial paper dealer or commercial paper dealers and any substitute commercial paper dealer or substitute commercial paper dealers selected by the Corporation to provide such quotation or quotations not being supplied by any commercial paper dealer or commercial paper dealers, as the case may be, or if the Corporation does not select any such substitute commercial paper dealer or substitute commercial paper dealers by the remaining commercial paper dealer or commercial paper dealers. For purposes of this definition, the “interest equivalent” of a rate stated on a discount basis (a “discount rate”) for commercial paper of a given day’s maturity shall be equal to the product of (A) 100 times (B) the quotient (rounded upwards to the next higher one-thousandth (.001) of 1%) of (x) the discount rate (expressed in decimals) divided by (y) the difference between (1) 1.00 and (2) a fraction the numerator of which shall be the product of the discount rate (expressed in decimals) times the number of days in which such commercial paper matures and the denominator of which shall be 360.

“After Tax Equivalent Rate,” on any date of determination, shall mean the interest rate per annum equal to the product of:

- (a) the “AA” Composite Commercial Paper Rate on such date; and
- (b) 1.00 minus the Statutory Corporate Tax Rate on such date.

“All-Hold Rate” on any date of determination, shall mean the interest rate per annum equal to 90% (as such percentage may be adjusted pursuant to the Resolutions) of the lesser on such date of:

- (a) the After Tax Equivalent Rate on such date; and
- (b) the Kenny Index on such date;

rounded to the nearest one-thousandth (.001) of 1%; provided that in no event shall the All-Hold Rate be more than the Maximum Rate or less than zero.

"Applicable Number of Business Days" shall mean the greater of two Business Days or one Business Day plus the number of Business Days by which the Auction Date precedes the first day of the next succeeding Interest Period.

"Applicable Percentage," on the date of determination, shall mean the percentage determined (as such percentage may be adjusted pursuant to the Resolutions) based on Moody's credit ratings on the ARCs in effect at the close of business on the Business Day immediately preceding such date, as set forth below:

Credit Ratings

<u>Moody's Investors Service</u>	<u>Applicable Percentage</u>
"Aaa"	175%
"Aa3" to "Aa1"	175
"A3" to "A1"	175
"Baa3" to "Baa1"	200
Below "Baa"	265

provided, that, in the event that the ARCs are not then rated by Moody's the Applicable Percentage shall be 265%; and provided further, that, if a Payment Default shall have occurred and be continuing, the Applicable Percentage shall be 265%. For purposes of this definition, Moody's Investors Service's rating categories of "Aaa", "Aa", "A" and "Baa" refer to and include the respective rating categories correlative thereto if such rating agency has changed or modified its generic rating categories or if it no longer rates the ARCs and has been replaced.

"Auction Agency Agreement" shall mean the Auction Agency Agreement dated as of June 1, 1999 among the Corporation, the Trustee and the Auction Agent and any similar agreement with a successor Auction Agent, in each case as from time to time amended or supplemented.

"Auction Agent" shall mean any person appointed as such pursuant to the Resolutions.

"Auction Date" shall mean for the Senior Series 1999B Bonds outstanding as ARCs, August 2, 1999, and thereafter, the Business Day immediately preceding the first day of each Interest Period other than;

- (a) each Interest Period commencing after the ownership of the ARCs is no longer maintained in book-entry form by the Securities Depository;
- (b) each Interest Period commencing after the occurrence and during the continuance of a Payment Default; or
- (c) any Interest Period commencing less than the Applicable Number of Business Days after the cure or waiver of a Payment Default.

Notwithstanding the foregoing, the Auction Date for one or more Auction Periods may be changed pursuant to the Resolutions.

"Auction Period" shall mean, with respect to any ARCs, the Interest Period applicable thereto as the same may be changed pursuant to the Resolutions.

"Auction Rate" shall mean the rate of interest per annum on any Auction Date that results from the implementation of the Auction Procedures as determined and described herein.

"Broker-Dealer" shall mean PaineWebber Incorporated or any other broker or dealer (each as defined in the Securities Exchange Act), commercial bank or other entity permitted by law to perform the functions required of a Broker-Dealer set forth in the Auction Procedures that (a) is a Participant (or an affiliate of a Participant), (b) has been selected by the Corporation with the approval of the Market Agent (which approval shall not be unreasonably withheld), and (c) has entered into a Broker-Dealer Agreement that remains effective.

"Broker-Dealer Agreement" shall mean the Broker-Dealer Agreement dated as of June 1, 1999 between the Auction Agent and the Broker-Dealer and each other agreement between the Auction Agent and a Broker-Dealer pursuant to which the Broker-Dealer agrees to participate in Auctions as set forth in the Auction Procedures, as from time to time amended or supplemented.

"Business Day" shall mean any day other than April 14 and 15, December 30 and 31, a Saturday, Sunday, holiday or day on which banks located in the City of New York, New York, or the New York Stock Exchange, the Trustee or the Auction Agent, are authorized or permitted by law or executive order to close or such other date as may be agreed to in writing by the Market Agent, the Auction Agent, the Broker-Dealer and the Corporation.

"Change of Preference Law" shall mean, with respect to any Owner of ARCs, any amendment to the Code or other statute enacted by the Congress of the United States or any temporary, proposed or final regulation promulgated by the United States Treasury after the date of original issuance of the Senior Series 1999B Bonds which (i) changes or would change any deduction, credit or other allowance allowable in computing liability for any federal tax with respect to, or (ii) imposes or would impose or reduces or would reduce or increases or would increase any federal tax (including, but not limited to, preference or excise taxes) upon, any interest earned by any holder of bonds the interest on which is excluded from federal gross income under Section 103 of the Internal Revenue Code of 1986, as amended.

"Default Rate", on any date of determination, shall mean the interest rate per annum equal to the lesser of (i) the Applicable Percentage of the Kenny Index and (ii) the Maximum Interest Rate.

"Existing Owner" shall mean a person who is listed as the owner of ARCs in the records of the Auction Agent.

"Favorable Opinion" shall mean a Bond Counsel's Opinion addressed to the Authority, the Corporation and the Trustee to the effect that the action proposed to be taken is authorized or permitted by the Resolutions and will not adversely affect any exclusion from gross income for federal income tax purposes of interest on the Senior Series 1999B Bonds.

"Initial Interest Period" shall mean the period from and including the date of delivery of the Senior Series 1999B Bonds and ending on and including August 2, 1999.

"Interest Payment Date" shall mean, with respect to the Senior Series 1999B Bonds, while outstanding as ARCs, each May 1 and November 1, commencing November 1, 1999, except as changed as described in the Resolutions, and on the maturity date thereof, or if such date is not a Business Day, the next succeeding Business Day (but only for interest accrued through the preceding April 30 or October 31, as the case may be).

"Interest Period" shall mean, with respect to ARCs, (a) so long as interest is payable on May 1 or November 1 with respect thereto and unless otherwise changed as described in the Resolutions, the Initial Interest Period and each successive 35-day period thereafter, respectively, commencing on a Tuesday and ending on (and including) a Monday, and (b) if, and for so long as, Interest Payment Dates are specified to occur at the end of each Auction Period as described in the Resolutions, each period commencing on an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date.

"Kenny Index" shall mean the index most recently made available by Kenny S&P Evaluation Services ("Kenny") or any successor thereto (the "Indexing Agent") based upon 30-day yield evaluations at par of securities, the interest on which is excluded from gross income for federal income tax purposes under the Code, of not less than five

"Intermediate Grade" component issuers selected by the Indexing Agent which shall include, without limitation, issuers of general obligation bonds. The specific issuers included among the component issuers may be changed from time to time by the Indexing Agent in its discretion. The securities on which the Kenny Index is based shall not include any securities the interest on which is subject to a "minimum tax" or similar tax under the Code, unless all such securities are subject to such tax. In the event that Kenny no longer publishes an index satisfying the above definition of the Kenny Index or the Market Agent reasonably concludes that the Kenny Index will not be announced in a timely manner, then the Market Agent shall announce a rate based upon the same criteria used by Kenny to determine the Kenny Index and the rate announced by the Market Agent for each Auction Date thereafter shall be used in lieu of the Kenny Index for each Auction Date.

"*Market Agent Agreement*" shall mean the Market Agent Agreement dated as of June 1, 1999, between the Corporation and the Market Agent for the ARCs, and any similar agreement with a successor Market Agent, in each case as from time to time amended or supplemented.

"*Maximum Interest Rate*" shall mean the lesser of (a) 12% per annum (or such higher rate, not in excess of 18% as may be provided by amendment of the Resolutions upon the receipt by the Corporation of a Favorable Opinion) or (b) the maximum rate of interest permitted under Kentucky law.

"*Maximum Rate*", on any date of determination with respect to ARCs, shall mean the interest rate per annum equal to the lesser of:

- (a) the Applicable Percentage of the higher of (i) the After-Tax Equivalent Rate on such date and (ii) the Kenny Index on such date; and
- (b) the Maximum Interest Rate;

rounded to the nearest thousandth (.001) of 1%.

"*Owner*" shall mean the beneficial owner of any offered Bond.

"*Participant*" shall mean a member of or participant in the Securities Depository.

"*Payment Default*" shall mean failure to make payment of interest on, premium, if any, and principal of the ARCs when due, by the Corporation.

"*Person*" shall mean and include, unless otherwise specified, an individual, corporation, company, trust, estate, partnership or association.

"*Potential Owner*" shall mean any Person (including any Existing Owner that is (a) a Broker-Dealer when dealing with an Auction Agent and (b) a potential beneficial owner when dealing with a Broker-Dealer), who may be interested in acquiring ARCs (or, in the case of an Existing Owner thereof, an additional principal amount of ARCs).

"*Prevailing Market Conditions*" shall mean, to the extent relevant (in the professional judgment of the Remarketing Agent) at the time of establishment of the Fixed Rate or Variable Rate as provided in the Resolutions, (a) interest rates on comparable securities then being issued and traded; (b) other financial market rates and indices that may have a bearing on rates of interest; (c) general financial market conditions (including then current forward supply figures) that may have a bearing on rates of interest; and (d) the financial condition, results of operation and credit standing on the Corporation to the extent such standing has a bearing on rates of interest.

"*Rating*" shall mean one of the rating categories of a Rating Agency provided such Rating Agency is currently rating the Senior Series 1999B Bonds or any bonds issued and outstanding under the Resolutions.

"Record Date" shall mean, with respect to Senior Series 1999B Bonds outstanding as ARCs, (a) so long as interest is payable with respect thereto on each May 1 and November 1, one Business Day prior to each Interest Payment Date and (b) if, and for so long as, Interest Payment Dates are specified to occur at the end of each Auction Period, as provided in the Resolutions, the Applicable Number of Business Days immediately preceding each Interest Payment Date.

"Redemption Date", when used with respect to any ARCs to be redeemed, shall mean the date fixed for such redemption.

"Registrar" shall mean the Trustee or any separate registrar appointed under the Resolutions with respect to the Senior Series 1999B Bonds.

"Remarketing Agent" shall mean PaineWebber Incorporated, or such other remarketing agent appointed by the Corporation, at the direction of the Corporation, pursuant to the Resolutions.

"Securities Depository" or *"Depository"* shall mean Cede & Co., as nominee for The Depository Trust Company and its successors and assigns or if, (a) the then Securities Depository resigns from its functions as depository of the Bonds or (b) the Corporation discontinues use of the Securities Depository pursuant to the Resolutions, any other securities depository which agrees to follow the procedures required to be followed by a securities depository in connection with the Bonds and which is selected by the Corporation with the consent of the Trustee.

"Statutory Corporate Tax Rate" shall mean, as of any date of determination, the highest tax rate bracket (expressed in decimals) now or hereafter applicable in each taxable year on the taxable income of every corporation as set forth in Section 11 of the Code or any successor section without regard to any minimum additional tax provision or provisions regarding changes in rates during a taxable year, which as of June 1, 1999, is 35%.

"Submission Deadline" shall mean 1:00 p.m. (New York City time), on any Auction Date or such other time on any Auction Date by which Broker-Dealers are required to submit Orders to the Auction Agent, as specified by the Auction Agent from time to time.

"Variable Rate" shall mean the variable rate or rates of interest, or manner of determining the same, on any Senior Series 1999B Bonds determined pursuant to the provisions of the Resolutions.

"Variable Rate Conversion Date" shall mean a date on which any Senior Series 1999B Bonds begin to bear interest at a Variable Rate as provided in the Resolutions.

"Winning Bid Rate" is used as defined herein under Section (c)(1)(C).

Introduction

Auctions shall be conducted on each Auction Date (other than the Auction Date immediately preceding (i) each Interest Period commencing after the ownership of the ARCs is no longer maintained in book-entry form by DTC; (ii) each Interest Period commencing after the occurrence and during the continuance of a Payment Default; or (iii) any Interest Period commencing less than two Business Days after the cure of a Payment Default). If there is an Auction Agent on such Auction Date, Auctions shall be conducted in the following manner:

(a) *Orders by Existing Owners and Potential Owners.*

(i) Prior to the Submission Deadline on each Auction Date:

(A) each Existing Owner of ARCs may submit to a Broker-Dealer information as to:
(1) the principal amount of Outstanding ARCs, if any, held by such Existing Owner which such

Existing Owner desires to continue to hold without regard to the Auction Rate for the next succeeding Interest Period; (2) the principal amount of Outstanding ARCs, if any, which such Existing Owner offers to sell if the Auction Rate for the next succeeding Interest Period shall be less than the rate per annum specified by such Existing Owner; and/or (3) the principal amount of Outstanding ARCs, if any, held by such Existing Owner which such Existing Owner offers to sell without regard to the Auction Rate for the next succeeding Interest Period; and

(B) one or more Broker-Dealers may contact Potential Owners to determine the principal amount of ARCs which each such Potential Owner offers to purchase if the Auction Rate for the next succeeding Interest Period shall not be less than the rate per annum specified by such Potential Owner.

The communication to a Broker-Dealer of information referred to in clause (A)(1), (A)(2), (A)(3) or (B) of this subsection (a)(i) is hereinafter referred to as an "Order" and collectively as "Orders." Each Existing Owner and each Potential Owner placing an Order is hereinafter referred to as a "Bidder" and collectively as "Bidders." An Order containing the information referred to in clause (A)(1) of this subsection (a)(i) is hereinafter referred to as a "Hold Order" and collectively as "Hold Orders." An Order containing the information referred to in clause (A)(2) or (B) of this subsection (a)(i) is hereinafter referred to as a "Bid" and collectively as "Bids." An order containing the information referred to in clause (A)(3) of this subsection (a)(i) is hereinafter referred to as a "Sell Order" and collectively as "Sell Orders."

(ii) (A) Subject to the provisions of subsection (b) below, a Bid by an Existing Owner shall constitute an irrevocable offer to sell: (1) the principal amount of Outstanding ARCs specified in such Bid if the Auction Rate determined shall be less than the rate specified in such Bid; or (2) such principal amount or a lesser principal amount of Outstanding ARCs to be determined as set forth in clause (D) of paragraph (i) of subsection (d) below, if the Auction Rate determined shall be equal to the rate specified in such Bid; or (3) such principal amount or a lesser principal amount of Outstanding ARCs to be determined as set forth clause (C) of paragraph (ii) of subsection (d) below, if the rate specified shall be higher than the Maximum Rate and Sufficient Clearing Bids have not been made.

(B) Subject to the provisions of subsection (b) below, a Sell Order by an Existing Owner shall constitute an irrevocable offer to sell: (1) the principal amount of Outstanding ARCs specified in such Sell Order; or (2) such principal amount or a lesser principal amount of Outstanding ARCs as set forth clause (C) of paragraph (ii) of subsection (d) below, if Sufficient Clearing Bids have not been made.

(C) Subject to the provisions of subsection (b) below, a Bid by a Potential Owner shall constitute an irrevocable offer to purchase: (1) the principal amount of Outstanding ARCs specified in such Bid if the Auction Rate determined shall be higher than the rate specified in such Bid; or (2) such principal amount or a lesser principal amount of Outstanding ARCs as set forth in clause (E) of paragraph (i) of subsection (d) below, if the Auction Rate determined shall be equal to the rate specified in such Bid.

(b) *Submission by Broker-Dealers to the Auction Agent.*

(i) Each Broker-Dealer shall submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Order obtained by such Broker-Dealer and shall specify with respect to each such Order:

(A) the name of the Bidder placing such Order,

(B) the aggregate principal amount of ARCs that are the subject of such Order,

(C) to the extent that such Bidder is an Existing Owner: (1) the principal amount of ARCs, if any, subject to any Hold Order placed by such Existing Owner; (2) the principal amount of ARCs, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and (3) the principal amount of ARCs, if any, subject to any Sell Order placed by such Existing Owner; and

(D) to the extent such Bidder is a Potential Owner, the rate and amount specified in such Potential Owner's Bid.

(ii) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one-thousandth (.001) of 1%.

(iii) If an Order or Orders covering all Outstanding ARCs held by any Existing Owner is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Existing Owner covering the principal amount of Outstanding ARCs held by such Existing Owner and not subject to an Order submitted to the Auction Agent.

(iv) Neither the Authority, the Corporation, the Trustee nor the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

(v) If any Existing Owner submits through a Broker-Dealer to the Auction Agent one or more Orders covering in the aggregate more than the principal amount of Outstanding ARCs held by such Existing Owner, such Orders shall be considered valid as follows and in the following order of priority:

(A) all Hold Orders shall be considered valid, but only up to and including in the aggregate the principal amount of ARCs held by such Existing Owner, and if the aggregate principal amount of ARCs subject to such Hold Orders exceeds the aggregate principal amount of ARCs held by such Existing Owner, the aggregate principal amount of ARCs subject to each such Hold Order shall be reduced pro rata to cover the aggregate principal amount of Outstanding ARCs held by such Existing Owner.

(B) (1) any Bid shall be considered valid up to and including the excess of the principal amount of Outstanding ARCs held by such Existing Owner over the aggregate principal amount of ARCs subject to any Hold Orders referred to in clause (A) of this paragraph (v); (2) subject to subclause (1) of this clause (B), if more than one Bid with the same rate is submitted on behalf of such Existing Owner and the aggregate principal amount of Outstanding ARCs subject to such Bids is greater than such excess; such Bids shall be considered valid up to and including the amount of such excess and the stated amount of ARCs subject to each Bid with the same rate shall be reduced pro rata to cover the stated amount of ARCs equal to such excess; (3) subject to subclauses (1) and (2) of this clause (B), if more than one Bid with different rates is submitted on behalf of such Existing Owner, such Bids shall be considered valid first in the ascending order of their respective rates until the highest rate is reached at which such excess exists and then at such rate up to and including the amount of such excess; and (4) in any such event, the aggregate principal amount of Outstanding ARCs, if any, subject to Bids not valid under this clause (B) shall be treated as the subject of a Bid by a Potential Owner at the rate therein specified; and

(C) all Sell Orders shall be considered valid up to and including the excess of the principal amount of Outstanding ARCs held by such Existing Owner over the aggregate principal

amount of ARCs subject to valid Hold Orders referred to in clause (A) of this paragraph (v) and valid Bids referred to in clause (B) of this paragraph (v).

(vi) If more than one Bid for ARCs is submitted on behalf of any Potential Owner, each Bid submitted shall be a separate Bid with the rate and principal amount therein specified.

(vii) Any Bid or Sell Order submitted by an Existing Owner covering an aggregate principal amount of ARCs not equal to an Authorized Denomination therefor shall be rejected and shall be deemed a Hold Order. Any Bid submitted by a Potential Owner covering an aggregate principal amount of ARCs not equal to an Authorized Denomination shall be rejected.

(viii) Any Bid submitted by an Existing Owner or a Potential Owner specifying a rate lower than the All-Hold Rate shall be treated as a Bid specifying the All-Hold Rate and each such Bid shall be considered as valid and shall be selected in the ascending order of their respective rates in the Submitted Bids.

(c) *Determination of Sufficient Clearing Bids, Auction Rate and Winning Bid Rate.*

(i) Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, or as a "Submitted Order" and collectively as "Submitted Hold Orders," "Submitted Bids" or "Submitted Sell Orders," as the case may be, or as "Submitted Orders") and shall determine:

(A) the excess of the total principal amount of Outstanding ARCs over the sum of the aggregate principal amount of Outstanding ARCs subject to Submitted Hold Orders (such excess being hereinafter referred to as the "Available ARCs"); and

(B) from such Submitted Orders whether (1) the aggregate principal amount of Outstanding ARCs subject to Submitted Bids by Potential Owners specifying one or more rates equal to or lower than the Maximum Rate; exceeds or is equal to the sum of: (2) the aggregate principal amount of Outstanding ARCs subject to Submitted Bids by Existing Owners specifying one or more rates higher than the Maximum Rate; and (3) the aggregate principal amount of Outstanding ARCs subject to Submitted Sell Orders (in the event such excess or such equality exists, other than because the sum of the principal amounts of ARCs in subclauses (1) and (3) above is zero because all of the Outstanding ARCs are subject to Submitted Hold Orders, such Submitted Bids in subclause (1) above being hereinafter referred to collectively as "Sufficient Clearing Bids"); and

(C) if Sufficient Clearing Bids have been made, the lowest rate specified in such Submitted Bids (which shall be the "Winning Bid Rate") such that if: (1)(a) each such Submitted Bid from Existing Owners specifying such lowest rate and (b) all other Submitted Bids from Existing Owners specifying lower rates were rejected, thus entitling such Existing Owners to continue to hold the principal amount of ARCs subject to such Submitted Bids; and (2)(a) each such Submitted Bid from Potential Owners specifying such lowest rate and (b) all other Submitted Bids from Potential Owners specifying lower rates were accepted: the result would be that such Existing Owners described in subclause (1) above would continue to hold an aggregate principal amount of Outstanding ARCs which, when added to the aggregate principal amount of Outstanding ARCs to be purchased by such Potential Owners described in subclause (2) above, would equal not less than the Available ARCs.

(ii) Promptly after the Auction Agent has made the determinations pursuant to paragraph (i) of this subsection (c), the Auction Agent shall advise the Trustee of the Maximum Rate and the All-Hold Rate

and the components thereof on the Auction Date and, based on such determinations, the Auction Rate for the next succeeding Interest Period (the "Auction Rate") as follows:

(A) if Sufficient Clearing Bids have been made, that the Auction Rate for the next succeeding Interest Period shall be equal to the Winning Bid Rate so determined;

(B) if Sufficient Clearing Bids have not been made (other than because all of the Outstanding ARCs are subject to Submitted Hold Orders), that the Auction Rate for the next succeeding Interest Period shall be equal to the Maximum Rate; or

(C) if all Outstanding ARCs are subject to Submitted Hold Orders, that the Auction Rate for the next succeeding Interest Period shall be equal to the All-Hold Rate.

(d) *Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of ARCs.* Existing Owners shall continue to hold the principal amount of ARCs that are subject to Submitted Hold Orders, and, based on the determinations made pursuant to paragraph (i) of subsection (c), Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(i) If Sufficient Clearing Bids have been made, all Submitted Sell Orders shall be accepted and, subject to the provisions of paragraph (iv) of this subsection (d), Submitted Bids shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Owners' Submitted Bids specifying any rate that is higher than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to sell the aggregate principal amount of ARCs subject to such Submitted Bids;

(B) Existing Owners' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be rejected, thus entitling each such Existing Owner to continue to hold the aggregate principal amount of ARCs subject to such Submitted Bids;

(C) Potential Owners' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring such Potential Owner to purchase the aggregate principal amount of ARCs subject to such Submitted Bids;

(D) each Existing Owners' Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be rejected, thus entitling such Existing Owner to continue to hold the aggregate principal amount of ARCs subject to such Submitted Bid, unless the aggregate principal amount of Outstanding ARCs subject to all such Submitted Bids shall be greater than the principal amount of ARCs (the "remaining principal amount") equal to the excess of the Available ARCs over the aggregate principal amount of ARCs subject to Submitted Bids described in clauses (B) and (C) of this paragraph (i), in which event such Submitted Bid of such Existing Owner shall be rejected in part, and such Existing Owner shall be entitled to continue to hold the principal amount of ARCs subject to such Submitted Bid, but only in an amount equal to the aggregate principal amount of ARCs obtained by multiplying the remaining principal amount by a fraction the numerator of which shall be the principal amount of Outstanding ARCs held by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the sum of the principal amount of Outstanding ARCs subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate; and

(E) each Potential Owner's Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be accepted but only in an amount equal to the principal amount of ARCs obtained by multiplying the excess of the aggregate principal amount of Available ARCs over the aggregate

principal amount of ARCs subject to Submitted Bids described in clauses (B), (C) and (D) of this paragraph (i) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding ARCs subject to such Submitted Bid and the denominator of which shall be the sum of the principal amounts of Outstanding ARCs subject to Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate.

(ii) If Sufficient Clearing Bids have not been made (other than because all of the Outstanding ARCs are subject to Submitted Hold Orders), subject to the provisions of paragraph (iv) of this subsection (d), Submitted Orders shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Owners' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate shall be rejected, thus entitling such Existing Owners to continue to hold the aggregate principal amount of ARCs subject to such Submitted Bids;

(B) Potential Owners' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate shall be accepted, thus requiring each Potential Owner to purchase the aggregate principal amount of ARCs subject to such Submitted Bids; and

(C) each Existing Owner's Submitted Bid specifying any rate that is higher than the Maximum Rate and the Submitted Sell Order of each Existing Owner shall be accepted, thus entitling each Existing Owner that submitted any such Submitted Bid or Submitted Sell Order to sell the ARCs subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the aggregate principal amount of ARCs obtained by multiplying the aggregate principal amount of ARCs subject to Submitted Bids described in clause (B) of this paragraph (ii) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding ARCs held by such Existing Owner subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate principal amount of Outstanding ARCs subject to all such Submitted Bids and Submitted Sell Orders.

(iii) If all Outstanding ARCs are subject to Submitted Hold Orders, all Submitted Bids shall be rejected.

(iv) If, as a result of the procedures described in paragraph (i) or (ii) above, any Existing Owner would be entitled or required to sell, or any Potential Owner would be entitled or required to purchase, a principal amount of ARCs that is not equal to an Authorized Denomination therefor the Auction Agent shall, in such manner as, in its sole discretion, it shall determine, round up or down the principal amount of ARCs to be purchased or sold by any Existing Owner or Potential Owner so that the principal amount of ARCs purchased or sold by each Existing Owner or Potential Owner shall be equal to an Authorized Denomination, even if such allocation results in one or more of such Potential Owners not purchasing any ARCs.

(e) Based on the results of each Auction, the Auction Agent shall determine the aggregate principal amount of ARCs to be purchased and the aggregate principal amount of ARCs to be sold by Potential Owners and Existing Owners on whose behalf each Broker-Dealer Submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate principal amount of ARCs to be sold differs from such aggregate principal amount of ARCs to be purchased, determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers such Broker-Dealer shall deliver, or from which other Broker-Dealers acting for one or more sellers such Broker-Dealer shall receive, as the case may be, ARCs.

SETTLEMENT PROCEDURES

Capitalized terms used herein are defined herein or in other parts of this Official Statement.

(a) Not later than 3:00 P.M. on each Auction Date, the Auction Agent is required to notify by telephone the Broker-Dealers that participated in the Auction held on such Auction Date and submitted an Order on behalf of any Existing Owner or Potential Owner of:

- (i) the Auction Rate fixed for the next Interest Period;
- (ii) whether there were Sufficient Clearing Bids in such Auction;
- (iii) if such Broker-Dealer (a "Seller's Broker-Dealer") submitted a Bid or a Sell Order on behalf of an Existing Owner, whether such Bid or Sell Order was accepted or rejected, in whole or in part, and the principal amount of ARCs, if any, to be sold by such Existing Owner;
- (iv) if such Broker-Dealer (a "Buyer's Broker-Dealer") submitted a Bid on behalf of a Potential Owner, whether such Bid was accepted or rejected, in whole or in part, and the principal amount of ARCs, if any, to be purchased by such Potential Owner;
- (v) if the aggregate principal amount of ARCs to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted Bids or Sell Orders if different from the aggregate principal amount of ARCs to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more other Buyer's Broker-Dealers (and the Participant, if any, of each such other Buyer's Broker-Dealer) acting for one or more purchasers of such excess principal amount of ARCs and the principal amount of ARCs to be purchased from one or more Existing Owners on whose behalf such Broker-Dealer acted by one or more Potential Owners on whose behalf each of such other Buyer's Broker-Dealers acted; and
- (vi) if the principal amount of ARCs to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid exceeds the amount of ARCs to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted a Bid or a Sell Order, the name or names of one or more Seller's Broker-Dealers (and the name of the agent member, if any, of each such Seller's Broker-Dealer) acting for one or more sellers of such excess principal amount of ARCs and the principal amount of ARCs to be sold to one or more Potential Owners on whose behalf such Broker-Dealer acted by one or more Existing Owners on whose behalf each of such Seller's Broker-Dealers acted;
- (vii) unless previously provided, a list of all Applicable ARCs Rates and related Interest Periods (or portions thereof) since the last Interest Payment Date; and
- (viii) the Auction Date for the next succeeding Auction.

(b) On each Auction Date, each Broker-Dealer that submitted an Order on behalf of any Existing Owner or Potential Owner shall:

- (i) advise each Existing Owner and Potential Owner on whose behalf such Broker-Dealer submitted a Bid or Sell Order in the Auction on such Auction Date whether such Bid or Sell Order was accepted or rejected, in whole or in part;

(ii) instruct each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Bidder's Participant to pay to such Broker-Dealer (or its Participant) through the Securities Depository the amount necessary to purchase the principal amount of ARCs to be purchased pursuant to such Bid against receipt of such principal amount of ARCs;

(iii) in the case of a Broker-Dealer that is a Seller's Broker-Dealer, instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted, in whole or in part, or a Bid that was accepted, in whole or in part, to instruct such Existing Owner's Participant to deliver to such Broker-Dealer (or its Participant) through the Securities Depository the principal amount of ARCs to be sold pursuant to such Bid or Sell Order against payment therefor;

(iv) advise each Existing Owner on whose behalf such Broker-Dealer submitted an Order and each Potential Owner on whose behalf such Broker-Dealer submitted a Bid of the Auction Rate for the next Interest Period;

(v) advise each Existing Owner on whose behalf such Broker-Dealer submitted an Order of the next Auction Date; and

(vi) advise each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, of the next Auction Date.

(c) On the basis of the information provided to it pursuant to paragraph (a) above, each Broker-Dealer that submitted a Bid or Sell Order in an Auction is required to allocate any funds received by it pursuant to paragraph (b)(ii) above, and any ARCs received by it pursuant to paragraph (b)(iii) above, among the Potential Owners, if any, on whose behalf such Broker-Dealer submitted Bids, the Existing Owners, if any, on whose behalf such Broker-Dealer submitted Bids or Sell Orders in such Auction, and any Broker-Dealers identified to it by the Auction Agent following such Auction pursuant to paragraph (a)(v) or (a)(vi) above.

(d) On each Auction Date:

(i) each Potential Owner and Existing Owner with an Order in the Auction on such Auction Date shall instruct its Participant as provided in (b)(ii) or (b)(iii) above, as the case may be;

(ii) each Seller's Broker-Dealer that is not a Participant in the Securities Depository shall instruct its Participant to (A) pay through the Securities Depository to the Participant of the Existing Owner delivering ARCs to such Broker-Dealer following such Auction pursuant to (b)(iii) above the amount necessary, including accrued interest, if any, to purchase such ARCs against receipt of such ARCs, and (B) deliver such ARCs through the Securities Depository to a Buyer's Broker-Dealer (or its Participant) identified to such Seller's Broker-Dealer pursuant to (a)(v) above against payment therefor; and

(iii) each Buyer's Broker-Dealer that is not a Participant in the Securities Depository shall instruct its Participant to (A) pay through the Securities Depository to a Seller's Broker-Dealer (or its Participant) identified following such Auction pursuant to (a)(vi) above the amount necessary, including accrued interest, if any, to purchase the ARCs to be purchased pursuant to (b)(ii) above against receipt of such ARCs, and (B) deliver such ARCs through the Securities Depository to the Participant of the purchaser thereof against payment therefor.

(e) On the first Business Day of the Interest Period next succeeding each Auction Date:

(i) each Participant for a Bidder in the Auction on such Auction Date referred to in (d)(i) above shall instruct the Securities Depository to execute the transactions described under (b)(ii) or (b)(iii) above for such Auction, and the Securities Depository shall execute such transactions;

(ii) each Seller's Broker-Dealer or its Participant shall instruct the Securities Depository to execute the transactions described in (d)(ii) above for such Auction, and the Securities Depository shall execute such transactions; and

(iii) each Buyer's Broker-Dealer or its Participant shall instruct the Securities Depository to execute the transactions described in (d)(iii) above for such Auction, and the Securities Depository shall execute such transactions.

(f) If an Existing Owner selling ARCs in an Auction fails to deliver such ARCs (by authorized book-entry), a Broker-Dealer may deliver to the Potential Owner on behalf of which it submitted a Bid that was accepted a principal amount of ARCs, that is less than the principal amount of ARCs that otherwise was to be purchased by such Potential Owner. In such event, the principal amount of ARCs to be so delivered shall be determined solely by such Broker-Dealer. Delivery of such lesser principal amount of ARCs shall constitute good delivery. Notwithstanding the foregoing terms of this paragraph (f), any delivery or nondelivery of ARCs which shall represent any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or nondelivery in accordance with the provisions of the Auction Agent and the Broker-Dealer Agreement.
